# Solutions that Work for Your Student.

## STRATEGIES YOU CAN COUNT ON

1. Scaffolded & Spiraling Lessons
2. Frequent Progress Monitoring
3. Spiraling Summative Assessments
4. Diverse Learning Methods
5. Reflections

The 7th grade math class this year will be using a variety of qualified resources integrated into the mathematics curriculum. Your student will be provided a variety of resources available inside and outside the room to use throughout the school year. We will revisit and explore all the basic foundations of mathematics from the past and build upon them with new concepts for the 7th grade year all being aligned with the Hawaii State Standards Common Core Standards.

## Flexible Solutions for your Educational Needs

### THE PROCESS

The class is designed for your student to embrace their strengths & Challenges in math, Reflect on them and grow to meet their fullest potential.

A **STRONG** emphasis will be placed on the process of developing critical thinking skills and using those skills to breakdown problems and show the path to the answer, and not focus solely on the answer.

### STUDENT EXPECTATIONS

We need to utilize every second of class as well as your time outside of class. Classes will be shorter and 2x a week. Make it work for you!

- Be Mentally Prepared
- Be Physically Prepared
- Be Academically Prepared
- Ask Questions in Class
- Ask Questions outside of Class
- Attentive Listening
- Mutual Respect

## CLASS SOLUTIONS

In Class Support, Out of Class Support, 1 to 1 in class tutoring, Smaller Class Structure. Morning Tutorials

## WEB SOLUTIONS

Multiple types of Online learning programs and Websites with Self help videos, step by step tutorials, Random generated practice worksheets for all content, all in one Place at my 7a Math Website

## HOME SOLUTIONS

**PRACTICE, PRACTICE, PRACTICE**

Without it everything else is irrelevant

- Quiet Study Area
- Designated time Set

## MATH STANDARDS

- NUMBER SYSTEMS
- RATIOS & PROPORTIONAL RELATIONSHIPS
- ALGEBRAIC EXPRESSIONS
- GEOMETRY
- PROBABILITY & STATISTICS

## GRADING

GRADES ARE EARNED FOR STUDENT LEARNED GRADE LEVEL CONTENT DEMONSTRATED THROUGH AT SCHOOL ASSESSMENTS ONLY. EACH STEP IN ANY GIVEN PROBLEM IS 1 POINT.

A : 100% - 90%

B : 89% - 80%

C : 79% - 70%

D : 69% - 60%

F : 59% & LOWER

Working Hard to help your Student Embrace their Strengths, Challenges and to Reach their Fullest Potential
