WE ARE A FAMILY-OWNED BUSINESS!

NY Cake has been a family owned business since the beginning. Joan Mansour, Lisa, and Jenny's mother and the founder of NY Cake, first started the business in her kitchen. In her neighborhood, Joan Mansour was known for the spectacular birthday cakes that she would make for her children. After hearing how much everyone loved her cakes, Joan was motivated to teach others how to decorate cakes. Joan's love of creating and sharing the art of cake decorating was inherited by her children who have continued her legacy and grown the business into what it is today.

As the company has grown, we have worked hard to maintain our core mission of being a resource for the homemaker and baker. Every expansion we have made to our company has been motivated by our customers and their love for cake artistry. To us, our customers are a part of the NY Cake family, and they have played a crucial part in making NY Cake what it is today. •

SCRAPERS

Stainless Steel • Will Not Rust

Great for tall cakes and standard size cakes. Perfect for smoothing buttercream, whipped cream and royal icing. It's great for smoothing the top of your cake while creating a pattern on the side. Wash with warm soapy water.
