

# *Kitchenware*

**Tala** CHEFAID

# Tala

Tala has always been known for its innovative products and high quality. Originally founded in 1899 by Frederick Taylor and Thomas Law as Taylor Law & Co Ltd, we first specialised in victorian kitchenware and hardware.

Now, 120 years later, we still receive letters from customers who own Tala products that have been passed down through generations of their families, reflecting our rich, unrivalled baking heritage. We pride ourselves on our wide range of kitchenware covering baking, icing, preserving, storage, food preparation and cooking. Offering everything from the best non-stick bakeware in the market, known for its quality performance and quick release, to our Beeswax and Vegan food wraps. 100% natural and sustainable these reusable food wraps are a natural substitute for single use plastic.

Tala, from innovative gadgets to simple functional kitchen essentials for the home.

## Tala Indigo & Ivory

The iconic Tala Dry Cook's Measure has been hand-made in Liverpool using the same machinery since the 1930's. This clever little tool provides an amazingly quick and easy way of measuring ingredients - without the need of getting out the scales. Calibrated on the inside with scales for a variety of different food types, simply pour ingredients to the desired level.

FSC® Certified Beechwood  
 French Tapered Pin  
 Labelled  
 52cm length

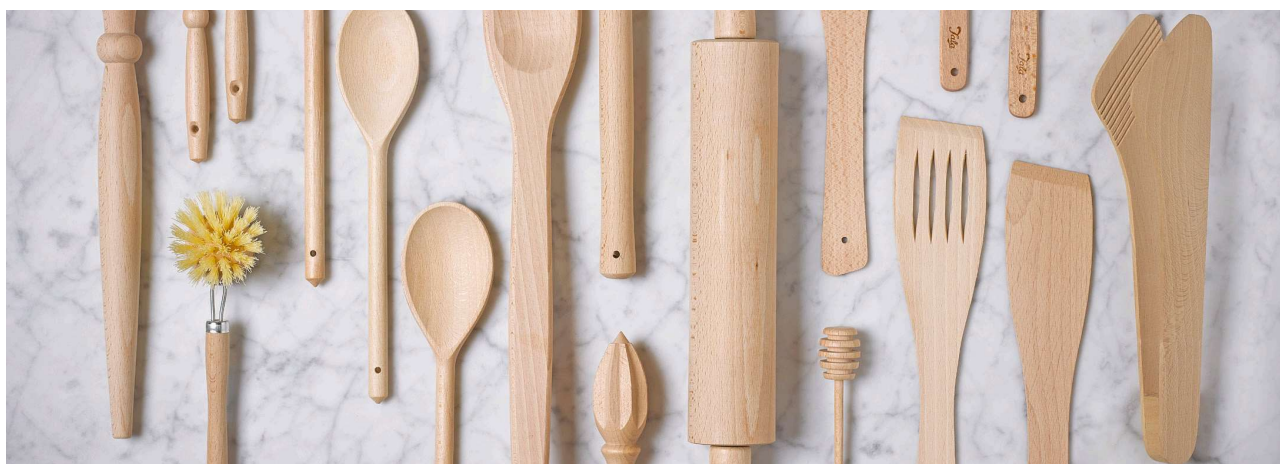

Manouverable and light, the French tapered pin is the sports car in baking. The tapered ends enable you to direct the pastry or dough and push it in the direction of your choosing, simply by gently increasing pressure on one end of the pin. This means you perfectly create the desired size and shape of pastry. This is to perfect the pastry shape and size after the initial rolling from the baker's pin.

**10A00355**

FSC® Certified Beechwood  
 Solid Beech Baker's Peel  
 Labelled

The oiled bread peel, with its tapered edges and a dusting of flour or semolina, this product is invaluable for loading and unloading bread into the oven.
