ABOUT US

Founded in 2017, Hemp Embassy was the first Italian company to market cannabis cuttings. Over the years, we have become one of the leading producers and distributors of legal cannabis in Europe, operating in both B2B and B2C markets. We are proud to ensure exceptional quality for our customers by overseeing every step "from seed to sale".

MISSION

Our goal is to promote the use of a plant with outstanding recreational and wellness properties. We offer a wide range of products to our customers: Flowers, Hash, Extracts, Oils, and raw materials containing CBD, CBG, and CBN.

CULTIVATION

For several years, we have guaranteed high-quality, organic CBD products. Committed to every detail, we constantly seek new products and technologies to provide the best possible experience. Our production is based in Italy (Rome, Sicily, Sardinia) and includes various cultivation methods.

PRODUCTION:

- HYDROPONIC GREENHOUSE
- GREENHOUSE
- OUTDOOR

All the products we market and make available are analyzed and certified in accordance with European legislation.
