

Directions to the Hubbard Conservation Club

Go East on I-80

Exit I-80 at the Hubbard Sharon PA exit – you want 62 going North (be careful there is construction and the exit comes up with no warning)

Pass the truck stops and shortly after the truck stops take the LEFT exit to route 7 NORTH (Brookfield Road)

Take the first left (you'll see a white sign that says CAMPGROUNDS) on route 12 (Chestnut Ridge Road) You should be heading west now.

Drive about a mile... you will pass a lake on the left... you'll drive under a narrow railroad overpass...

Once under the railroad trestle, drive about 500 feet... you'll come to an intersection with a museum PennzOil gas station that says Coalsburg Garage. Turn RIGHT at the intersection onto Wick Campbell Rd.

Drive about 500 feet – straight ahead you'll see the HUBBARD CONSERVATION CLUB. It's a gravel drive – straight forward.

Drive in, park at the white building – this is the classroom.
