

## 1 Day Before the Move

- Make sure fragile boxes are well marked and place boxes all together in one area of your home. When the movers arrive, please point out these boxes to your moving crew.
- Write a list of items not being moved and share this list with the movers on move day.
- Create a box or bag of items that you need to have easy excess on move day. We suggest putting the following items in that box:
  - House/Car Keys
  - Passports/ID Cards/Employee ID/School ID
  - Checkbook, Cash, Debit/Credit Cards
  - Prescription Medications/First Aid Kit/Over counter Medications
  - Cell Phone Chargers
  - Wills, Deeds, Personal papers
  - Papers Related to Your Move
  - Check to make sure telephones are working at your new home.
  - Charge your cell phone.
  - Defrost/drain, wash/dry refrigerators, and freezers.
  - Drain oil and gas from snow blowers, lawnmowers, and motorcycles, etc. Detach the propane tank from your grill.

**Please note** that Quality Movers, Inc. is not able to carry propane on the moving truck, but we can load it into your car.
