

**YEAR 11**

# WHANGAREI BOYS' HIGH SCHOOL

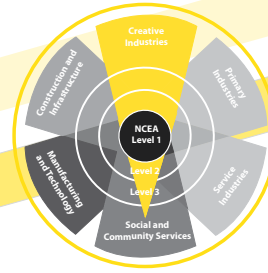

## Curriculum Guide 2019

## Vocational Pathways

### CREATIVE INDUSTRIES

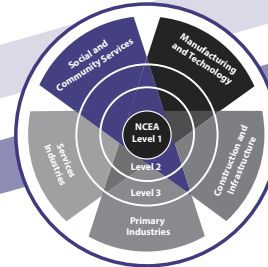

- Actor
- Advertising Executive
- Animator
- Artist
- Copywriter
- Fashion Designer
- Graphic Designer
- Musician
- Photographer
- Publisher
- Stage/Set Designer
- Web Designer

## Vocational Pathways

### SOCIAL AND COMMUNITY SERVICES

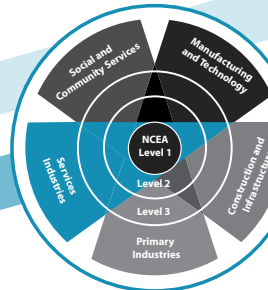

- Ambulance Officer
- Chiropractor
- Counsellor
- Dentist
- Doctor
- Educator
- Nurse
- Osteopath
- Pharmacist
- Physiotherapist
- Surgeon
- Social Worker

## Vocational Pathways

### SERVICES INDUSTRIES

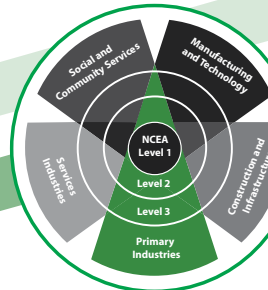

- Aviation
- Bar Manager
- Baker
- Chef
- Customs Officer
- Firefighter
- Hairdresser
- Hotel Manager
- Police Officer
- Retail Salesperson
- Restaurant Manager
- Travel Agent

## Vocational Pathways

### PRIMARY INDUSTRIES

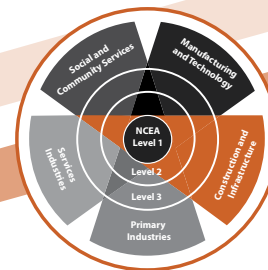

- Animal Attendant
- Beekeeping
- Dairy Farmer
- Ecologist
- Forestry
- Fishery Officer
- Horticultural Worker
- Landscape Gardener
- Marine Biologist
- Microbiologist
- Winemaker
- Veterinarian

## Vocational Pathways

### CONSTRUCTION AND INFRASTRUCTURE

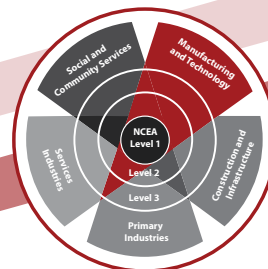

- Architect
- Builder
- Carpenter
- Driller
- Electrician
- Glazier
- Mining
- Planner
- Plumber
- Roading
- Roofing
- Surveyor

## Vocational Pathways

### MANUFACTURING AND TECHNOLOGY

- Automotive
- Boat Builder
- CAD Operator
- Designer
- Engineer
- Fabrication
- Machine Operator
- Photographer
- Programmer
- Technician
- Telecommunications
- Website Developer

# Welcome to our Curriculum Guide 2019

This publication contains all courses for one year level at Whangarei Boys' High School. Other year levels are available online at [www.wbhs.school.nz](http://www.wbhs.school.nz) or by request. After careful consultation with parents/caregivers and following academic guidance with Whanau Teachers and/or Deans, our students are able to take a long term view to their academic planning, to see how subject areas develop and where they lead. To this end, subjects are laid out by year levels, containing to-the-point descriptions of the subject and in the case of the senior year levels, concise statements of the assessments for the subject. It is important to note that in the senior school, the listed subjects run conditional on the number of students taking that class. During the academic guidance process, students may select a subject which, due to very low numbers, may not be included in the 2019 timetable. In those cases, students will be asked to re-select. Acceptance in a subject may, in some cases, be dependent on a student's level of positive engagement with learning.

At Years 11 through to 13, all Achievement Standards and Unit Standards credit to the National Certificate of Educational Achievement at Levels 1, 2 or 3. Subjects considered compulsory in the senior school are English and Mathematics at Year 11.

The Curriculum broadens at senior level to include a number of courses, which offer students opportunities to follow specific vocational interests. The Gateway and Academy programmes are also available to senior students. They allow students to gain practical experience and assessment in the workplace. They also assist students to decide on their preferred type of employment and, in some cases, for employers to look at them as prospective employees. Many of these students are offered an apprenticeship.

The selection of subjects is an important process, one that requires the input of parents, caregivers and staff alike. We know that you and your son will take the time to examine carefully the information contained within.

**Subject Selection Evening** for students and parents/caregivers to discuss subject selection for 2019 will be held at **5.30 – 7.30pm** on **1 August 2018**, in the School Hall.

For current students subject selection can be entered via the KAMAR portal between **1 – 8 August 2018** and parents/caregivers will be sent details of how to do this. Otherwise, by appointment with the Deans.

For students new to the school in 2019, Deans are available by appointment for subject discussion and selection.

As the Curriculum continues to evolve and respond to new challenges and needs, we invite feedback and suggestions. Please feel free to contact the Curriculum Committee, via the Deputy Principal. The National Curriculum offers the flexibility for schools to tailor programmes to the strengths and needs of their communities.

We trust that along with our academic guidance, our Curriculum Guide 2019 will inform and assist you with the important planning and decision-making for future learning.

Yours sincerely

**K. Gilbert-Smith**

# NZQA FEES

## INTRODUCTION

This information is important if you are a student, or a parent or caregiver of a student, at a secondary school in New Zealand entering:

- Standards on the National Qualifications Framework (NQF) including Unit Standards and Achievement Standards
- New Zealand Scholarship

## HOW MUCH ARE THE FEES IN 2019?

A flat fee of \$76.70 will be applicable. It covers entry into all NQF Standards.

If you are an international fee-paying student (generally a non-resident of New Zealand), additional fees are payable.

## STANDARD FEES

Enrolment	Fee
Entry for all NQF Standards	\$76.70 per candidate
Scholarship entries	\$30 per subject

## INTERNATIONAL FEE-PAYING CANDIDATES

Enrolment	Fee
Entry for all NQF Standards	\$383.30 per candidate
Scholarship entries	\$102.20 per subject

## WHO IS ELIGIBLE FOR FINANCIAL ASSISTANCE?

To apply for financial assistance, the applicant (normally the parent or caregiver of the candidate) must meet at least one of the following criteria:

- Be receiving a Work and Income or StudyLink benefit
- Have a Community Services Card
- Have two or more children entered as candidates with fees more than \$200

## FINANCIAL ASSISTANCE

	Eligible for beneficiary or income based assistance	Not eligible for beneficiary income based assistance
One child entering qualifications	\$20	Full fees
Two or more children entering qualifications	A maximum of \$30 per family	\$100.00 per child with a maximum of \$200.00 per family

**More detailed information is available on [www.nzqa.govt.nz](http://www.nzqa.govt.nz)**

# IMPORTANT DATES

## 2018

Wed	1	Aug	Subject Selection Evening 5.30pm - 7.30pm For students in Years 9 - 12 selecting 2019 subjects Senior staff, Head of Faculty staff, and Deans will be available to discuss subject selection with students and parents/caregivers
Thurs	2	Aug	Year 8 Open Evening 4.30pm - 7.00pm for students and parents/caregivers Tours will commence at 4.30pm, and the formal presentation will be from 6.00pm - 7.00pm Subject displays will be in the School Hall
Wed	8	Aug	Final day for online subject selection via parent portal - for Years 9 - 12 students selecting 2019 subjects
Wed - Thurs	22 - 23	Aug	Year 8 Enrolment Interviews in the School Hall - bookings are made through the School Office
Mon - Fri	27 - 31	Aug	Senior Assessments trial examinations
Wed	26	Sept	Senior Interim Reports issued
Mon	29	Oct	Years 11 – 13 students issued with exam slips during period 1
Thurs	1	Nov	Senior Prize-giving 7.00pm (WGHS Gym)
Wed	7	Nov	NCEA examinations start
Thurs	6	Dec	Leavers' Ball
Fri	14	Dec	Junior Prize-giving (reports issued)

## 2019

Mon - Tue	21 - 22	Jan	All Year 13 Prefects/Senior Leaders – Leadership/Mentoring Training
Tue - Thurs	22 - 24	Jan	Years 9 – 13 Deans available for subject consultation for all returning students and new enrolments
Mon	28	Jan	Northland Anniversary Day All Year 9 Boarders and Hostel Prefects in Carruth House by 3.00pm
Tue	29	Jan	Years 9 & 13 students attend school. Powhiri at 9.00am Years 10 – 13 Deans available at 11.00am for course changes
Mon	4	Feb	All students attend school
Wed	6	Feb	Waitangi Day

# ACADEMIC COURSES 2019

POINTS TO NOTE	FACULTY	YEAR 9	YEAR 10	YEAR 11 - LEVEL 1	YEAR 12 - LEVEL 2	YEAR 13 - LEVEL 3
<p><b>YEAR 9</b> Students study English, Science, Social Studies, Mathematics, Physical Education, Health and Materials Technology for the full year. Te Reo Māori and a choice of either Art, Drama or Music, are studied for half a year. Students also select two option subjects* which are studied for half a year.</p> <p><b>YEAR 10</b> Students study six compulsory subjects and three option subjects*. Please select a spare subject.</p> <p><b>YEAR 11</b> Mathematics and English are compulsory. Students study six subjects all year. Please select a spare subject.</p> <p><b>YEAR 12</b> Students select six subjects and a spare subject. It is important to identify subjects that lead to the trades and those that prepare students for University Entrance. It is possible to repeat Level 1.</p> <p><b>YEAR 13</b> Students select five subjects and a spare. They may also select from Years 11 and 12 subjects.</p> <p><b>SUPPORTED LEARNING</b> Extra learning support in a safe environment for those who do not cope with the structure of secondary school.</p>	<b>The Arts</b>	* Art  * Drama * Music	* Art  * Drama * Music	Art Digital Art  Drama Music	Art Design Art Painting Photography Drama Music	Art Design + Art Painting + Photography + Drama + Music +

<b>Manufacturing/Technology</b> Straight to employment or Certificates, Diplomas Boat building, Jeweller, Civil or Chemical Engineer, Production Manager, Winemaker, Game Developer, Baker, Forensic Scientist, Operator	Mathematics Metalwork Woodwork Science	Mathematics Metalwork Woodwork Science UE Literacy or English Gateway	Pre-trade Engineering Mathematics Science
<b>Medicine</b> Doctor/Surgeon/Pharmacist Only offered at Auckland and Otago Universities	Science Human Biology	Biology & Chemistry Physics UE Literacy Mathematics	Biology & Chemistry Physics Language Rich Subject Mathematics/Calculus/ Statistics
<b>Medical Laboratory Science</b>	Science	Mathematics Biology Chemistry	Biology Chemistry Mathematics/Statistics
<b>Music</b> Self-employment or Degree Audition, portfolio	Music	Mathematics Music UE Literacy	Language Rich Subject Music
<b>Office Administration</b> Many courses are at degree level NorthTec, Unitec	Digital Technology	Mathematics Information Management STAR Course	
<b>Photography</b> Diploma & Degrees	Arts Digital Technology Visual Arts	UE Literacy Art Design &/or Visual Art Photography	Photography Art Design or Visual Art Photography
<b>Psychology</b>	Science	UE Literacy Biology & Chemistry Health & History Psychology	Language Rich Subject Health & Geography Psychology
<b>Pilot</b>	Science	English & Mathematics Physics	Calculus Physics
<b>Retail</b> • National Certificate in Retail • Butchery Apprenticeship • Sales & Marketing • Supply Chain Management	Accounting/ Economics Science	UE Literacy or English Gateway Mathematics Psychology Sales & Customer Service Tourism	Business Studies Statistics Sales & Customer Service Tourism
<b>Sales &amp; Retail</b>	Accounting Economics Science	English & Mathematics Sales & Customer Service Business Studies	Sales & Customer Service Business Studies
<b>Social Work</b>	Social Studies Health History	UE Literacy Biology & Economics Health & History Psychology	Language Rich Subject Economics Health Psychology
<b>Sound (Audio) Engineering</b>	Science Music	Mathematics & Physics Music Digital Technology & Electronics	Physics Electronics Calculus
<b>Sport and Recreation</b> Diplomas or Degrees	Outdoor Education Physical Education Science	UE Literacy Biology & Mathematics Outdoor Education Physical Education Sales & Customer Service	Language Rich Subject Mathematics Physical Education Sales & Customer Service Science
<b>Surveying</b> Also consider Environmental Engineering, Landscaping etc.	Science	UE Literacy Mathematics Physics Geography	Calculus Geography Physics
<b>Teaching</b> For secondary teaching you need two teaching subjects to study at degree level		English, Mathematics, Science, History, Physical Education, French, Geography etc.	English, Mathematics, Science etc. Te Reo
<b>Travel and Tourism</b>	Geography Digital Technology Languages	Mathematics & English Digital Technology, Languages Geography / Tourism	Digital Technology Geography / Tourism Languages
<b>Veterinarian/ Work with animals</b> Degree level study is needed to become a vet. Diploma for Vet Nursing	Science	UE Literacy Mathematics Chemistry & Biology Physics (optional)	Language Rich Subject Mathematics Chemistry & Biology Physics (optional)

# ADDITIONAL PATHWAYS OF LEARNING

## TE KURA (The Correspondence School)

This is offered to students who have New Zealand Citizenship and are wanting a subject where Whangarei Boys' High School does not have a class. Te Kura subjects are delivered via posted out work books and online learning. Boys work in a supervised classroom and have access to one-on-one teacher assistance.

## FARNET

FarNet is available to domestic and international students. Students study via a mix of the internet and Google Hangout lessons with a distance tutor. This arrangement is useful where students have a clash of two subjects in their timetable and both complement their learning pathway. FarNet may also be available where Whangarei Boys' High School is not offering a subject.

Once a week the boys interact with their tutor and students in other schools. Other learning resources are accessed online during the rest of the timetabled classes so students may also complete work at home in their own time. FarNet students must regularly submit work to their tutors for feedback. The boys are supervised at all times and have access to one-on-one teacher support.

It is unusual for a student to be accepted into a FarNet subject after Week Seven in Term One. Most school subjects are available to one or two boys where there is sufficient demand from schools. Examples of subjects outside Whangarei Boys' High School subjects are:

Level 3 Agriculture, Horticulture & Equine  
Level 3 Social Studies  
Year 9 – 13 Languages (see Languages Faculty)

Level 1, Level 2, & Level 3 Media Studies  
Level 3 Web Design  
Level 2 & Level 3 Hospitality

**Te Kura** and **FarNet** students need to be self-directed and may need to meet pre-requisites.

**Contact persons:** Mrs Miller & Deans

## GATEWAY

This is structured workplace learning, mostly for students in Years 12 and 13. They experience an unpaid placement in a work place which interests them for one day each week for six to ten weeks. The work placement may occur during the school holidays. Boys should express their interest in a Gateway placement when they select their subjects.

Examples are:

- |                      |            |              |              |
|----------------------|------------|--------------|--------------|
| • Trades Engineering | • Retail   | • Electrical | • Plumbing   |
| • Sport & Recreation | • Building | • Computing  | • Automotive |

**Contact person:** Mrs Draper

## TRADE ACADEMIES

Whangarei Boys' High School has funded places in several Trade Academies and these occur where the school works with a tertiary provider to transition a student into study and work. The places involve focused learning in the senior school for the entire year and boys take related school subjects, attend field trips, and in some cases attend a work placement. Others attend one or two days with a tertiary provider such as NorthTec, G&H Training or The Design School. To be considered for a Trade Academy place, boys should select subjects from one of the lines below and have a conversation with one of their Deans or Careers staff.

- Year 12 & 13 - Pre-trade Engineering, **and** Automotive, **and either** Business Studies **or** Personal Financial Management
- Year 12 - a full time Engineering Academy is offered to boys who know that they want an apprenticeship in the metal trades
- Year 12 & 13 - Sales & Customer Service **and either** Business Studies **or** Personal Financial Management, **and** seriously consider Hospitality (FarNet)
- Year 11, 12 & 13 - Primary Industries

**Contact person:** Deans

# YEAR 11 DEANS' LETTER

Students at this year level will study six subjects. English and Mathematics are compulsory and students choose four other option subjects. A Science is strongly recommended as one of these four subjects, in order to keep future study options open.

Subjects offer either Level 1 Achievement Standard credits or Unit Standard credits; which count towards the National Certificate of Education Achievement (NCEA) at Level 1. Credits from Achievement Standards will come from internal and external assessments of conventional school subjects. Credits from Unit Standards will come from internal assessment of standards developed by industry and specific subject teachers.

**To achieve NCEA Level 1, students must attain a minimum of 80 credits. Of these, 10 credits must be in Level 1 Mathematics (numeracy) and 10 credits in English (literacy).**

Through their studies, students may also attain:

- **NCEA Level 1 Certificate Endorsed with either Excellence or Merit.** To do this, a student must achieve 50 credits at Excellence (for Excellence) or 50 credits at either Merit or Excellence (for Merit).
- **Individual subject Endorsement.** This requires a student to achieve 14 or more credits at Merit or Excellence level in a single subject. At least 3 credits must come from externally assessed standards and 3 from internally assessed standards. This does not apply to Physical Education.

Students who are clear in their career choices should select subjects that are prerequisites for their pathway to tertiary study and employment. Assistance in this area is available from Whanau Teachers, Deans, subject teachers, and Careers staff at Whangarei Boys' High School. If no clear choice has been made, boys are advised to seek a broad education. Boys are also encouraged to select subjects they excel at or enjoy.

## YEAR 11 DEANS

# YEAR 11 ASSESSMENT INFORMATION

Example: A student studies the following course in Year 11 for the NCEA Level 1 qualification:

Subject	Credits Available	Credits Achieved
Art	24	12
English	24	19
Geography	24	17
Mathematics	24	18
Physical Education	20	16
Science	26	16
<b>Total</b>	<b>142</b>	<b>98</b>

To gain the qualification the 80 credits must include:

- 10 credits in Literacy
- 10 credits in Numeracy

Grades that may be awarded for each Achievement Standard are:

- Achieved with Excellence
- Achieved with Merit
- Achieved
- Not Achieved

If a student meets the standard they receive the credits regardless of the grade awarded.

For Unit Standards a student will receive the following awards:

- Achieved
- Not Achieved

For all assessment matters refer to the Senior Assessment Booklet updated and produced each year for distribution to senior students.

## NEW ZEALAND QUALIFICATIONS AUTHORITY (NZQA)

NZQA administers the National Qualifications Framework (NQF), which is a system designed to recognise the attainment of knowledge, understanding and skills by all people in New Zealand. Framework qualifications are quality assured and nationally recognised.

Learners who register on the Framework are able to accumulate credits over time and at their own pace as they work towards a qualification.

## NATIONAL CERTIFICATE OF EDUCATIONAL ACHIEVEMENT (NCEA)

NCEA is the main secondary school qualification in New Zealand for Year 11 students.

To gain an NCEA Level 1 qualification, a student must perform against pre-determined standards. These standards may be called Achievement Standards or Unit Standards. Each standard is allocated a certain number of credits. When a student has accumulated a minimum of 80 credits, and has met the Level 1 literacy and numeracy requirements (10 literacy credits and 10 numeracy credits), they may be awarded the NCEA Level 1 qualification.

## ARTS FACULTY

### ART (11ART)

A practical and research based course, developing ideas and technical application of varying media to support the production of work for NCEA Level 1.

**Entry requirement:** Year 10 Art or HoD discretion

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90914	Use drawing methods and skills for recording information using wet and dry media	I	4
90915	Use drawing conventions to develop work in more than one field of practice	I	6
90916	Produce a body of work informed by established practice, which develops ideas, using a range of media	E	12

**Cost:** Take home component \$65 (approx.) There may also be some costs associated with Art field trips.

**Contact person:** Mrs V. Luders

### DIGITAL ART (11DGA)

A practical course involving visual research and digital applications through a combination of photography and design.

**Entry requirement:** Year 10 Art or HoD discretion

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90915	Use drawing conventions to develop work in more than one field of practice	I	6
90916	Produce a body of work informed by established practice which develops ideas using a range of media	E	12

**Cost:** Take home component \$30, with an additional cost of \$20 for printing. This is to be paid at the beginning of Term 1 and credited to the student's printing account.

**Contact person:** Mrs V. Luders

### DRAMA (11DRA)

This course develops confidence and knowledge of the many aspects of practical theatre. Performance and stagecraft will be taught. Although primarily a practical course, written work needs to be completed to pass all Achievement Standards.

**Entry requirement:** Satisfactory participation in group class work and performances at Year 10. Students may be asked to audition to enrol.

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90006	Apply drama techniques in a dramatic context	I	4
90997	Devise and perform a drama	I	5
90009	Perform an acting role in a scripted production	I	5
90011	Demonstrate understanding of the use of drama aspects within live performance	E	4

**Unit Standard offered:**

26689	Demonstrate knowledge of costuming for a performance context	I	3
-------	--	---	---

The external is optional and offers an opportunity to gain Endorsement in Drama.

**Cost:** A contribution towards field trips will be required

**Contact person:** Ms F. Churcher

## MUSIC (11MUS)

A course consisting of solo and group performances, composition and aural skills combined with general musical knowledge and score reading.

**Entry requirement:**

- Year 10 Music
- Be able to read music notation
- Students must have completed at least two years of instrumental tuition and continue to take lessons throughout the duration of the course

Or at the HoD's discretion where adequate music skills are demonstrated.

It is desirable that students choosing 11MUS participate in at least one performance group.

**Achievement Standards selected from:**

Level 1:	Title of Standard:	I or E *	CV *
91090	Perform two pieces of music as a featured soloist	I	6
91091	Demonstrate ensemble skills through performing a piece of music as a member of a group	I	4
91092	Compose two original pieces of music	I	6
91093	Demonstrate aural and theoretical skills through transcription	E	4
91094	Demonstrate knowledge of conventions used in music scores	E	4
91095	Demonstrate knowledge of two music works from contrasting contexts	I	6

**Contact person:** Ms V. Hill

## HEALTH & PHYSICAL EDUCATION FACULTY

### HEALTH (11HLT)

This course develops the concept of hauora/well-being and how it affects our everyday lives. The course will provide life skills and equip students to move into people-related careers. The topics covered are personal and inter-personal skills, goal-setting, sexuality, nutrition, effects of drug and alcohol use and dealing with change, loss and grief. A variety of outside presenters from community health organisations help enhance the delivery of the programme.

**Entry requirement:** HoD approval

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90971	Take action to enhance an aspect of personal well-being	I	3
90975	Demonstrate understanding of strategies for making health enhancing decisions in drug related situations	E	4
91097	Demonstrate understanding of ways in which well-being can change and strategies to support well-being	I	4
90973	Demonstrate understanding of interpersonal skills used to enhance relationships	I	5
90974	Demonstrate understanding of strategies for promoting positive sexuality	I	4

Some Unit Standards may be available

**Contact person:** Mrs D. Cooper

## OUTDOOR EDUCATION (11OED)

This course is designed to introduce students to a range of outdoor activities and develop their confidence in the outdoor environment. Introduction to Outdoor Education activities, including but not limited to: abseiling, rock climbing, kayaking, caving, surfing, outdoor navigation/orienteering, snorkelling and Adventure Based Learning (ABL).

**Entry requirement:** HoD discretion - a high standard of responsible behaviour is required and a genuine interest in outdoor education activities

### Achievement/Unit Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
20152	Experience and complete abseiling sessions	I	1
20818	Demonstrate kayaking skills on sheltered or slow-moving water	I	2
20210	Experience rock climbing	I	1
448	Experience a caving trip	I	1
20141	Complete beginner orienteering courses	I	1
90964	Demonstrate quality movement in the performance of a physical activity – surfing	I	3
Level 2:			
467	Demonstrate personal and social development through participation in adventure based learning	I	3
28391	Snorkel dive in open water	I	2
476	Roll a kayak (offered to students excelling in standard 20818)	I	2

**Cost:** \$230

To ensure the safe delivery of the trips the school invests in high quality gear and qualified, experienced staff. There is an associated cost to each student for the activities based course of \$230 for the year long programme. This cost will cover transport, safety equipment, and qualified, experienced staff who will ensure the safe delivery of all trips.

For students or families where there may be an issue of financial hardship, there are options to pay this amount over time or have a subsidy through the hardship fund. Please contact Yvonne Nees (y.nees@wbhs.school.nz) if you would like to organise a payment plan, or Mike Elliot (m.elliott@wbhs.school.nz) for access to the hardship fund.

Full payment, or a payment plan to pay the full amount by the end of Term 1, will need to be processed by the end of Week 3, Term 1.

### An alternate free course is offered:

#### Achievement/Unit Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
1.3	Quality skilled movement in an applied setting - Athletics	I	3
20141	Orienteering	I	1
467	Adventure based learning (Level 2)	I	3
1.9	Demonstrate self management strategies and describe the effects on participation in physical activity	I	3
3490	Complete an incident report	I	2
497	Demonstrate knowledge of workplace health and safety requirements	I	3
90953	Demonstrate understanding of carbon cycling	I	4

This programme has been designed to avoid cost to students, and has a large theoretical component. Unfortunately, there are no trips due to cost constraints.

**Cost:** Free

**Contact persons:** Mr S. Huurnink & Mr Jt. Thomas

## PERSONAL & SOCIAL DEVELOPMENT (11PSD)

This course is an alternative course to Health. It supports students in their ability to develop personal well-being skills significant for becoming an up and coming fine man within our community. Interpersonal skills that support an individual's ability to work co-operatively with others are improved and challenged in each unit

offered. A variety of health promotion agencies such as ACC Mates and Dates; Police programme Love Me Not; Upstander workshops; Drug Awareness campaigns will support the units we complete.

**Entry requirement:** HoD approval

### Unit Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
29300	Maintain hauora - personal health and well-being (supported learning)	I	4
3503	Participate and communicate in a team or group to complete a routine task	I	2
1978	Basic employment rights and responsibilities (\$10.25 per student)	I	3
64	Perform calculations for the workplace (\$20.30 per student)	I	2

### Achievement Standards offered:

90971	Take action to enhance an aspect of personal well-being	I	3
90956	Demonstrate knowledge of an individual's nutritional needs	I	5

**Cost:** \$30.55

**Contact person:** Mrs D. Cooper

## PHYSICAL EDUCATION (11PED)

The course consists of both practical and theoretical elements, offering an understanding of Physical Education at this level. An ideal course for those students wishing to pursue Physical Education in the senior school.

**Entry requirement:** Successful completion of Year 10 & HoD approval

### Achievement Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
90962	Participate actively in a variety of physical activities and explain factors that influence own participation	I	5
90963	Demonstrate understanding of the function of the body as it relates to the performance of physical activity	I	5
90964	Demonstrate quality movement in the performance of a physical activity	I	3
90966	Demonstrate interpersonal skills in a group and explain how these skills impact on others	I	4
90967	Demonstrate strategies to improve the performance of a physical activity and describe the outcomes	I	3

**Contact persons:** Mr H. Darkins & Mr Jt. Thomas

## PHYSICAL WELL-BEING (11PWB)

Develop the knowledge, understanding, skills and attitudes needed to maintain and enhance personal health and physical well-being.

**Entry requirement:** Successful completion of Year 10 programme (verified by Year 10 PE Teacher)

### Achievement Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
90962	Participate actively in a variety of physical activities and explain factors that influence own participation	I	5
90964	Demonstrate quality movement in the performance of a physical activity	I	3
90969	Take purposeful action to assist others to participate in physical activity	I	2
90966	Demonstrate interpersonal skills in a group and explain how these skills impact on others	I	4
90968	Demonstrate, and show understanding of, responsible behaviour for safety during outdoor education activities	I	3

**Contact persons:** Mr P. Tyslic & Mr Jt. Thomas

# LANGUAGES FACULTY

## ENGLISH (11ENG)

Students will complete a course of study working towards the standards for NCEA English. The course involves:

- Creative and formal writing
- The study of literary texts - novel, poetry, short story, nonfiction, drama
- The study of moving images
- Comprehension
- Delivering a speech

**Entry requirement:** National Curriculum Level 5 for Reading and Writing, or at HoD discretion

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90849	Show understanding of specified aspect(s) of studied written text(s), using supporting evidence	E	4
90851	Show understanding of specified aspect(s) of unfamiliar written text(s) through close reading, using supported evidence	E	4
90052	Produce creative writing	I	3
90053	Produce formal writing	I	3
90856	Show understanding of visual and/or oral text(s) through close viewing and/or listening, using supporting evidence	I	3
90857	Construct and deliver an oral text	I	3

**Contact person:** Mr M. Nogher

## ENGLISH LANGUAGE & COMMUNICATION (11ELC)

This course is designed to support those who have not met Level 5 of the curriculum in Year 10 English. Students will be offered a range of internal and external Achievement Standards. Classes will be tailored to meet their needs.

**Entry requirement:** Students will be selected at HoD discretion

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90052	Produce creative writing	I	3
90856	Show understanding of visual text through close viewing, using supporting evidence	I	3
90857	Construct and deliver an oral text	I	3
90053	Produce formal writing	I	3
90852	Explain significant connections	I	4
90855	Create a visual text	I	3

**Contact person:** Mr M. Nogher

## ENGLISH LITERACY (11ENL)

This is designed as a preparatory course for students not yet ready to study at NCEA Level 1. The focus of this course is the Literacy Unit Standards plus the opportunity to gain four Achievement Standards.

**Entry requirement:** Students will be selected at HoD discretion

**Unit Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
26622	Write to communicate ideas for a purpose and audience	I	4
26624	Read texts with understanding	I	3
26625	Actively participate in spoken interactions	I	3

**Achievement Standards offered:**

90856	Show understanding of visual and/or oral text(s) through close viewing and/or listening, using supporting evidence	I	3
90857	Construct and deliver an oral text	I	3
90053	Produce formal writing	I	3
90052	Produce creative writing	I	3

**Contact person:** Mr M. Nogher

## ESOL (11ESL)

English for Speakers of Other Languages (ESOL) assessments are conducted in English, which must not be the student's first language.

**English Language (EL) Unit Standards offered:**

Level 2:	Title of Standard:	I or E *	CV *
27983	Read and understand simple texts on familiar topics (EL)	I	8
27991	Participate in simple spoken exchanges on personal and familiar topics (EL)	I	10
27999	Write simple texts on familiar topics (EL)	I	8
28022	Demonstrate understanding of simple spoken information on familiar topics (EL)	I	5

**Contact person:** Mr R. Atkinson

## JAPANESE (11JAP)

The Year 11 Japanese course continues to build the language skills developed in the junior cycle and is assessed on the NZQA standards listed below.

**Entry requirement:** Students must have reached a satisfactory level in Year 10 Japanese, with a minimum mark of 50% in the final examination

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90893	Demonstrate understanding of a variety of spoken Japanese texts on areas of most immediate relevance	E	5
90894	Give a spoken presentation in Japanese that communicates a personal response	I	4
90895	Interact using spoken Japanese to communicate personal information, ideas and opinions in different situations	I	5
90896	Demonstrate understanding of a variety of Japanese texts on areas of most immediate relevance	E	5
90897	Write a variety of text types in Japanese on areas of most immediate relevance	I	5

**Contact person:** Mrs D. Williamson

## LANGUAGES via FarNet (11LANf)

These courses cater for students who wish to study languages that are not currently available in WBHS. The courses are also suitable for speakers of other languages who wish to gain qualifications in their first or second language. Dependent on their language ability, students can complete Level 1 internal and external assessments. FarNet offers a range of courses in French, German, Korean, Mandarin, Samoan, Spanish and Tongan. Please contact me if you require information about other languages you might wish to study.

Boys study in a supervised class with access to the required learning resources.

The course duration is mostly for a full year.

**Contact person:** Mrs D. Miller

## SENIOR MĀORI ARTS (11SMA)

This course offers a combination of Māori Performing Arts standards, Māori Tourism, and Tikanga Māori standards. It is a composite Year 11 - 13 class and offers both numeracy and literacy standards. Prior knowledge of Māori Performing Arts and Te Reo Māori is not essential, but is, to an extent, an advantage.

**Unit Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
27547	Identify ngā momo rākau whawhai	I	4
27544	Demonstrate knowledge of tākarō Māori	I	6
22752	Demonstrate knowledge and skills of performance components	I	3
22754	Demonstrate knowledge of the origins of Māori performing arts disciplines and events	I	4
22755	Demonstrate knowledge of a Māori performing arts costume ensemble	I	3

Level 1:	Title of Standard:	I or E *	CV *
22753	Demonstrate knowledge of people associated with Māori performing arts	I	3
20948	Demonstrate knowledge of tūwaewae	I	8

**Cost:** \$10

**Contact person:** Mr W. Cooper

## TE REO RANGATIRA (11TRR)

This course involves an in depth study of Te Reo Māori with emphasis on oral and written skills. The oral skill based component focuses on preparing speeches and oral activities. The listening component includes listening for meaning, and understanding. The reading comprehension and essay writing will cover the writing styles: giving instructions, dialogue, report and descriptive writing.

**Entry requirement:** Completion of Year 10 and/or HoD approval

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
91085	Whakarongo – Listening comprehension	I	6
91086	Kōrero - Oral speaking	I	6
91088	Tuhituhi - Written	I	6
91089	Tuhinga auaha - Creative writing	I	4

**Contact person:** Mr W. Cooper

## MATHEMATICS FACULTY

### MATHEMATICS (11MAT)

11MAT is a course of study working towards six NCEA Achievement Standards in Mathematics and Statistics. Successful completion of this course will ensure that students have the skills required to continue on to Level 2 Mathematics and beyond.

**Entry requirement:** Entry into this course will be based on Year 10 Mathematics results. A score above 45% in Year 10 final examination is expected. Entry may be at the Mathematics HoF's discretion.

**Achievement Standards offered:** (this may change slightly)

Level 1:	Title of Standard:	I or E *	CV *
91027	Apply algebraic procedures in solving problems	E	4
91028	Investigate relationships between tables, equations and graphs	E	4
91037	Demonstrate an understanding of chance and data	E	4
91032	Apply right angle triangles in solving problems	I	3
91035	Investigate a given multivariate data set	I	4
91029	Apply linear algebra in solving problems	I	3

**Equipment recommended:** A calculator, preferably a Casio 9750 Graphic calculator

**Cost:** The ICAS Mathematics Competitions \$8.50 (optional)

**Contact person:** Mr W. Litchfield

### MATHEMATICS BRIDGING (11MAB)

11MAB offers Level 1 standards that are all internally assessed. It is for students who are not confident in Mathematics and need time to develop their understanding and skills. This course leads to 12MAB and possibly 12MAT at the Mathematics HoF's discretion.

**Entry requirement:** Over 30% in the Year 10 final examination or at the discretion of the Mathematics HoF

**Achievement Standards offered:** (this may change slightly)

Level 1:	Title of Standard:	I or E *	CV *
91026	Apply numeric reasoning in solving problems	I	4
91036	Investigate bivariate data using the statistical enquiry cycle	I	3
90135	Investigate a given multivariate data set using the statistical enquiry cycle	I	4
91030	Apply measurement in solving problems	I	3

Level 1:	Title of Standard:	I or E *	CV *
91032	Apply right angled triangles in solving measurement problems	I	3
26623	Use number to solve problems	I	4
26626	Interpret statistical information for a purpose	I	3
26627	Use measurement to solve problems	I	3

**Equipment recommended:** An FX82 calculator

**Contact person:** Mr W. Litchfield

## MATHEMATICS NUMERACY (11MAN)

11MAN is designed for students who are aiming to gain numeracy for NCEA Level 1. The content is taught using practical contexts and a portfolio of work is developed to show evidence of achievement. This course does not allow entry into a Mathematics course at Level 2 or Level 3.

**Entry requirement:** Less than 30% in the Year 10 final examination or at the discretion of the Mathematics HoF

**Unit Standards offered:** (this may change slightly)

Level 1:	Title of Standard:	I or E *	CV *
26623	Use number to solve problems	I	4
26626	Interpret statistical information for a purpose	I	3
26627	Use measurement to solve problems	I	3
91026	Apply numeric reasoning in solving problems	I	4
91030	Apply measurement in solving problems	I	3
91036	Investigate bivariate numerical data using the statistical enquiry cycle	I	3

**Equipment recommended:** Calculator

**Contact person:** Mr W. Litchfield

## SCIENCE FACULTY

### AGRICULTURE/HORTICULTURE SCIENCE (11AHS)

Students will gain a deeper understanding of the technical aspects of Horticulture to prepare them for employment prospects in the Agricultural or Horticultural industry. Topics cover Practical Gardening, Propagation, Soils, Plant/Animal Husbandry, the Primary Industries and Landscaping.

**Entry requirement:** Year 10 Horticulture or Achieved at Curriculum Level 5 in four Year 10 end of topic tests in Science or at discretion of TiC

**Achievement Standards selected from:**

Level 1:	Title of Standard:	I or E *	CV *
90157	Demonstrate practical skills used in agriculture or horticultural production	I	4
90920	Demonstrate knowledge of the geographic distribution of agricultural and horticultural primary production in New Zealand	I	3
90922	Design a landscape plan that reflects user requirements	I	3
90160	Demonstrate knowledge of the impact on the environment of primary production management practices	I	3
90155	Demonstrate knowledge of pasture/crop management practices	I	4
90924	Demonstrate knowledge of horticultural plant management practices and related plant physiology	E	5

**Cost:** There may be transport costs for field trips

**Contact person:** Mr D. Jennings

## PRIMARY INDUSTRIES (11PIN)

This class serves as an introduction to New Zealand's primary sector. Students will be invited to apply for membership in the Primary Industries Academy.

Students credited with the New Zealand Certificate in Primary Industries will be able to demonstrate fundamental knowledge and skills relevant to the Agriculture, Horticulture, Forestry and Aquaculture industries.

**Entry requirement:** Successful completion of Year 10 Agriculture/ Horticulture and/or HoD approval

**Qualifications:** NCEA Level 1 and New Zealand Certificate in Primary Industries

**Unit Standards selected from:**

Level 1:	Title of Standard:	I or E *	CV *
26969	Demonstrate knowledge of the New Zealand primary sectors	I	3
19137	Describe opportunities, advantages and disadvantages of rural development	I	2
19136	Demonstrate the social requirements for daily living in the rural industry	I	2
1	Garden planning. Prepare and sow outdoor seed beds manually	I	5
23783	Grow and maintain plants in containers from seed	I	5
23780	Undertake general garden maintenance	I	5
23782	Identify containers, materials, plants and tools used for propagation	I	2
<b>Level 2:</b>			
19145	Describe hydration, nutrition and sleep in relation to well-being of workers	I	4
19138	Monitor and interpret weather information	I	4
19143	Perform calculations for primary production situations	I	3

**Cost:** There may be a charge necessary to help pay for field trips. Costs are covered for boys accepted into the Primary Industries Academy

**Contact person:** Mr D. Jennings

## SCIENCE (11SCI)

This course is the pathway for students who wish to study Science subjects at Year 12 and beyond. The units of work cover:

- Practical Investigations
- Genetics
- Motion, Forces, Energy
- Acids and Bases
- Reactions and properties of groups of chemicals

**Entry requirement:** Achieved at Curriculum level 5 or 6 from the four end of topic tests in Year 10 Science

**Achievement Standards selected from:**

Level 1:	Title of Standard:	I or E *	CV *
90935	Carry out a practical investigation, with direction, that leads to a linear mathematical relationship	I	4
90930	Carry out a practical chemistry investigation, with direction	I	4
90925	Carry out a practical investigation in a biology context	I	4
90940	Demonstrate understanding of aspects of mechanics	E	4
90944	Demonstrate understanding of aspects of acids and bases	E	4
90948	Demonstrate understanding of biological ideas relating to genetic variation	E	4

**Cost:**

Australian Science Competition ICAS approx. \$9 (optional)

**Contact person:** Mr S. Kumar

## SCIENCE BRIDGING (11SCB)

This course will continue to develop the knowledge and skills learned in Year 10 Science. It will be an internally assessed course with units of work chosen from the Year 11 Science Matrix and will cover all of the learning areas of the curriculum including The Living World, Material World, Physical World and Planet Earth & Beyond.

**Entry requirement:** Achieved at higher end of Curriculum Level 4 or lower end of Curriculum Level 5 from the four end of topic tests in Year 10

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90935	Carry out a practical physics investigation, with direction, that leads to a linear mathematical relationship	I	4
90930	Carry out a practical chemistry investigation, with direction	I	4
90925	Carry out a practical investigation in a biology context	I	4
90949	Investigate life processes and the environmental factors that affect them	I	4
90936	Demonstrate understanding of the physics of an application	I	2

**Cost:** There may be a cost for resources

**Contact person:** Mr M. Lawson

## SOCIAL SCIENCE FACULTY

### ACCOUNTING (11ACC)

The emphasis at this level is on Personal Accounting and Accounting for Sole Trader Businesses. Aspects covered include the conceptual basis of accounting, processing, systems, accounting reports and decision making. 24 NCEA credits are available and a selection of at least 20 credits will be offered.

**Entry requirement:** At HoD discretion, with passes in English and Mathematics

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90976	Demonstrate understanding of accounting concepts for small entities	E	3
90977	Process financial transactions for a small entity	I	5
90978	Prepare financial statements for sole proprietors	E	5
90079	Prepare financial information for a community organisation's annual general meeting	I	4
90980	Interpret accounting information for sole proprietors	E	4
90981	Make a financial decision for an individual or group	I	3

**Contact persons:** Ms K. Price & Mr R. Sharma

### BUSINESS STUDIES (11BUS)

This course provides a foundation in Business Studies where students are introduced to the internal processes involved in running a small business. Students also learn marketing theory and apply the marketing mix to an existing product. They will then have an opportunity to put all the theory into practice by working together in a team environment to produce and market their own innovative product.

**Entry requirement:** Open entry at HoD discretion

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90837	Demonstrate an understanding of internal features of a small business	E	4
90839	Apply business knowledge to an operational problem(s) in a given small business context	E	4
90840	Apply the marketing mix to a new or existing product	I	3

Level 1:	Title of Standard:	I or E *	CV *
90841	Investigate aspects of human resource processes in a business	I	3
90842	Carry out and review a product-based business activity within a classroom context with direction	I	6

**Contact person:** Ms K. Price & Mr T. Yung

## CLASSICAL STUDIES (11CLS)

Why take Classical Studies? It introduces so much of what we have inherited from the Greeks and Romans, such as law, philosophy, language, literature, history, drama, sports, politics, art, oratory, medicine, architecture, sciences, and astronomy. We are proud that WBHS is the only school in New Zealand offering Classics Year 9 - Year 13. The Year 11 course continues to build on the skills and knowledge developed in the junior courses. However, previous study of Classics is not a requirement. The course covers at least four of the following topics in depth.

**Entry requirement:** At least 50% in Year 10 Classics or English or similar

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
91021	Homer's Odyssey	E	4
91022	Pompeii art and architecture	E	4
91023	Alexander the Great	E	4
91024	Roman social life & slavery	I	6
91025	A research topic of cultural comparisons	I	6

**Contact person:** Mr S. Crawford

## ECONOMICS (11ECO)

This course focuses on how three groups in the economy (households, firms and government) interact in the market place, and how this interaction results in decisions about what will be produced and the process of production. We will also discover how the market functions as a mechanism for allocating scarce resources and determining prices. Where possible local firms and local economic issues will be used as case studies to explain economic theory.

**Entry requirement:** Achieved in Year 10 Economics, English or Mathematics exam

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
90983	Demonstrate understanding of consumer choices using scarcity and/or demand	E	4
90984	Demonstrate understanding of decisions a producer makes about production	I	5
90985	Demonstrate understanding of producer choices using supply	E	3
90986	Demonstrate understanding of how consumer, producer and/or government choices affect society using market equilibrium	E	5
90987	Demonstrate understanding of a government choice where affected groups have different viewpoints	I	4
90988	Demonstrate understanding of the interdependence of sectors of the New Zealand economy	I	3

**Contact person:** Ms K. Price

## GEOGRAPHY (11GEO)

This is an introductory course covering a wide range of skills, knowledge and ideas, relating to the physical and cultural world we live in. It extends upon concepts and skills introduced in Years 9 and 10 Social Studies.

Topics covered include:

- Sustainable use of Environments
- Global Patterns
- Extreme Natural Events
- Geographic skills including mapping and graphing are an integral part of Geography and are taught throughout the year

**Entry requirement:** Achievement in three Social Studies assessments or HoD discretion

**Achievement Standards selected from:**

Level 1:	Title of Standard:	I or E *	CV *
91007	Demonstrate geographic understanding of environments that have been shaped by extreme natural event(s)	E	4
91009	Demonstrate geographic understanding of the sustainable use of an environment	I	3
91010	Apply concepts and basic geographic skills to demonstrate understanding of a given environment	E	4
91011	Conduct geographic research, with direction	I	4
91013	Describe aspects of a geographic topic at a global scale	I	3

**Cost:** There may be a cost for fieldwork, maps and materials. Field trip to Northland examining the impacts and responses to flooding.

**Contact person:** Mr J. Warren

## HISTORY (11HIS)

The focus for Year 11 History is the Second World War and the conflict in the Middle East.

Topics studied are:

- The Origins of World War II 1919-1941
- The Māori Battalion
- The Holocaust
- Black Civil Rights in USA

Students will develop skills in essay writing, research and critical thinking.

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
91001	Carry out an investigation of an historical event or place of significance to New Zealanders	I	4
91002	Demonstrate understanding of an historical event or place of significance to New Zealanders	I	4
91003	Interpret sources of an historical event of significance to New Zealanders	E	4
91004	Demonstrate understanding of different perspectives of people in an historical event of significance to New Zealanders	I	4
91005	Describe the causes and consequences of an historical event	E	4

**Contact person:** Mr R. Burrows

## PERSONAL FINANCIAL MANAGEMENT (11PFM)

Personal Financial Management provides a great opportunity for students to discover the ins and outs of money management in readiness for the great transition from school to the world of work. In Year 11 the focus is on buying a car and getting a flat.

**Unit Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
24697	Perform income-related calculations for personal financial management	I	1
24709	Produce a balanced budget to manage personal finances	I	3
28087	Demonstrate understanding of the effect of life stage factors on personal income sources	I	3
28088	Demonstrate understanding of manageable and unmanageable credit and debt	I	3
28089	Demonstrate understanding of personal financial goal setting	I	3
28090	Demonstrate knowledge of personal financial saving and investment options	I	4

**Contact person:** Ms K. Price & Mr T. Yung

## TECHNOLOGY FACULTY

### ADVANCED ENGINEERING (11AEG)

Advanced Engineering is an internally assessed course focusing on qualifications for students to enter tertiary study in a host of fields that include, in particular, trade apprenticeships. The course will suit students who have a desire to produce quality projects in mainly ferrous materials, and encourage students to develop trade based skills. Students planning university study in engineering will be advantaged by having done some of the practical components of this course.

**Entry requirement:** Preference given to students completing Year 10 Metal Technology and DVC or at HoD discretion

#### Unit Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
4433	Simple measuring tools	I	2
22923	Develop basic engineering skills	I	12
22924	Develop a simple product	I	10
22926	Demonstrate knowledge of safety	I	2

**Equipment required:** 2B8 hardcover workbook, 30 page clear file and safety glasses

**Cost:** Take home component \$50 (approx.)

**Contact person:** Mr A. King

### ADVANCED WOODWORK (11AWW)

Advanced Woodwork is an internally assessed course embracing a series of Industry Unit Standards, as well as related assignments and practical skills. The project themes require students to make careful plans and decisions in order to produce high quality products. The course is designed to carry over into Year 12 as a pre-apprenticeship programme. It is for students intending to pursue a career in wood-based industries including building, carpentry, joinery and cabinetmaking.

**Entry requirement:** Year 10 Materials Technology/Wood or HoD discretion

#### Unit Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
24356	Apply elementary workshop procedures and processes	I	8
25920	Demonstrating knowledge of joinery	I	3
24352	Safe working practices	I	2
Level 2:	Title of Standard:	I or E *	CV *
12932	Construct timber garden furniture and items of basic construction equipment	I	8
12927	Identify, select, maintain and use hand tools	I	6

**Cost:** Take home component \$80 (approx.)

**Contact person:** Mr P. Yeoman

### DESIGN & VISUAL COMMUNICATION (11DVC)

DVC is structured around design and its visual representation. A design brief approach is used for most problems throughout the course to ensure students fully explore the design process, develop broad graphics communication skills and start to appreciate good design. Skills in conceptual sketching, design development and refinement, production drawing and presentation will be developed through the course. The use of CAD programmes is an integral part of this subject and is used to enhance student design outcomes.

**Entry requirement:** Year 10 DVC

#### Achievement Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
91063	Produce freehand sketches	E	3
91064	Produce instrumental multi-view drawings	E	3
91065	Produce instrumental, paraline (3D) drawings	E	3
91066	Use rendering techniques	I	3
91067	Use the work of an influential designer	I	3
91068	Develop a design idea	I	6

**Equipment required:** Set squares, compasses, pencils etc, for use at home and school, and an A3 visual diary

**Cost:** Take home component \$20 (approx.)

**Contact person:** Mr P. Yeoman

### DIGITAL LITERACY (11DGL)

This course provides industry based training in the use of digital technology. Students will obtain a sound grounding in the digital literacy skills necessary for today's workplace. The learning will be project based and assessed internally (no external examinations).

A variety of popular commercial computer applications will be covered including:

- Word processing – MS Word
- Desktop publishing – MS Publisher
- Spreadsheets – MS Excel
- Presentation – MS Publisher
- Web design – Adobe Dreamweaver
- Information gathering - MS OneNote/Google

**Entry requirement:** Subject to application and HoD discretion

#### Unit Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
18734	Create a web page using a template	I	2
18743	Produce a spreadsheet from instructions using supplied data	I	2
18758	Find information using the Internet	I	2
26745	Produce still images for a range of digital media	I	3
2792	Produce simple desktop published documents using templates	I	2
5946	Use computer technology to create and deliver a presentation from given content	I	3
25659	Create a web page using a mark-up language with a text editor	I	3
2780	Demonstrate and apply knowledge of a personal computer system	I	3

**Contact person:** Mr J. Clark

### DIGITAL TECHNOLOGY (11DGT)

This course focuses on the development of computer science skills for further academic studies in Information Technology. Activities will include:

- Research, plan and design a multi-page website for a sport or hobby
- Create a formal business report with dynamically linked data and graphs from a spreadsheet
- Plan and develop a computer program for a telephone TV viewing survey in Python
- A hands-on activity on how to service a personal computer system
- Basic concepts of information management

**Entry requirement:** Year 10 Digital Technology course or assessment

#### Achievement Standards offered:

Level 1:	Title of Standard:	I or E *	CV *
US2784	Create and use a simple computer spreadsheet to solve a problem	I	3
91070	Demonstrate understanding of basic concepts of information management	E	3
91071	Implement basic procedures to produce a specified digital information outcome	I	4
91073	Implement basic procedures to produce a specified digital media outcome	I	4
91075	Construct an algorithmic structure for a basic task	I	3
91080	Demonstrate understanding of the common components of basic digital infrastructures	I	3
91076	Construct a basic computer program for a basic task	I	3

**Contact person:** Mr J. Clark

## ELECTRONIC PRODUCTS (11ELE)

This subject builds on the essential learning outcomes of Year 10 Electronic Products. It is assessed internally using NCEA Level 1 Achievement Standards in Technology. The course will suit students who have an avid interest in electronics. Electronic Products covers the theory of electronics and the practical application of the theory. Students will present their work in portfolios that detail the research, the design and the manufacture of the electronic product. Externally assessed standards have been included so that course endorsement is achievable at Merit or Excellence. This course also has 12 Literacy credits associated with it.

**Entry requirement:** Year 10 Electronics or HoD discretion

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
91044	Undertake brief development to address a need or opportunity	I	4
91046	Use design ideas to produce a conceptual design for an outcome to address a brief	I	6
91066	Rendering techniques to communicate the form of design ideas	I	3
91047	Undertake development to make a prototype to address a brief	I	6
91049	Demonstrate understanding of how materials enable technological products to function	E	4
90148	Demonstrate understanding of how technological modelling supports decision-making	E	4

**Equipment required:** 2 Ltr container, A4 folder, file dividers, lined pad, clear file x 2, and a USB flash drive

**Cost:** Take home component \$70 (approx.)

**Contact person:** Mr J. Anderson

## PRODUCT DESIGN (11PRD)

This subject builds on the learning outcomes of Year 10 Product Design. 11 Product Design is aimed towards students who have a good understanding of design concepts. It will be ideal for students who are interested in design but favour more practical outcomes than 11DVC whilst choosing a more academic option than 11AEG or 11AWW. The course will focus on design and build assignments with assessment based on Achievement Standards. Students will take home a unique high quality product which they have designed and made. Skills in conceptual sketching, design, development and refinement, presentation and production will be built on from Year 10. The use of CAD programmes and CNC machines are an integral part of this course and are used to enhance student outcomes.

**Entry requirement:** Year 10 DVC or Product Design, HoD discretion

**Achievement Standards offered:**

Level 1:	Title of Standard:	I or E *	CV *
91059	Demonstrate understanding of basic concepts used to make products from resistant materials	I	3
91048	Demonstrate understanding of how technological modelling supports decision making	E	4
91057	Implement basic procedures using resistant materials to make a specified product	I	6
91055	Demonstrate understanding of basic concepts used in manufacturing	I	4
91046	Use design ideas to produce a conceptual design for an outcome to address a brief	I	6

**Equipment required:** A3 visual diary, sketching equipment, standard and coloured pencils, USB flash drive

**Cost:** \$50 to cover take home materials

**Contact person:** Mr P. Yeoman
