IB PYP @ SNIS

- SNIS uses techniques of teaching (pedagogy) that promote self-learning through a multi-skill, learner-centered, and activity based approach.
- The emphasis is on how to learn rather than what to learn through differentiated instruction catering to multiple intelligence of each child.
- Six subject areas identified within the IB PYP
 - Languages (English, French, Hindi, Kannada)
 - Mathematics
 - Social Studies
 - Arts (visual arts, music, dance, drama)
 - Science
 - Personal, Social, and Physical Education

SNIS Middle School Program

- SMSP (Grades 6 – 8)

Equips with skills required to succeed in high school and beyond

Learner-centered model

Inter-disciplinary

IGCSE program at SNIS develops learner knowledge, understanding and skills in:

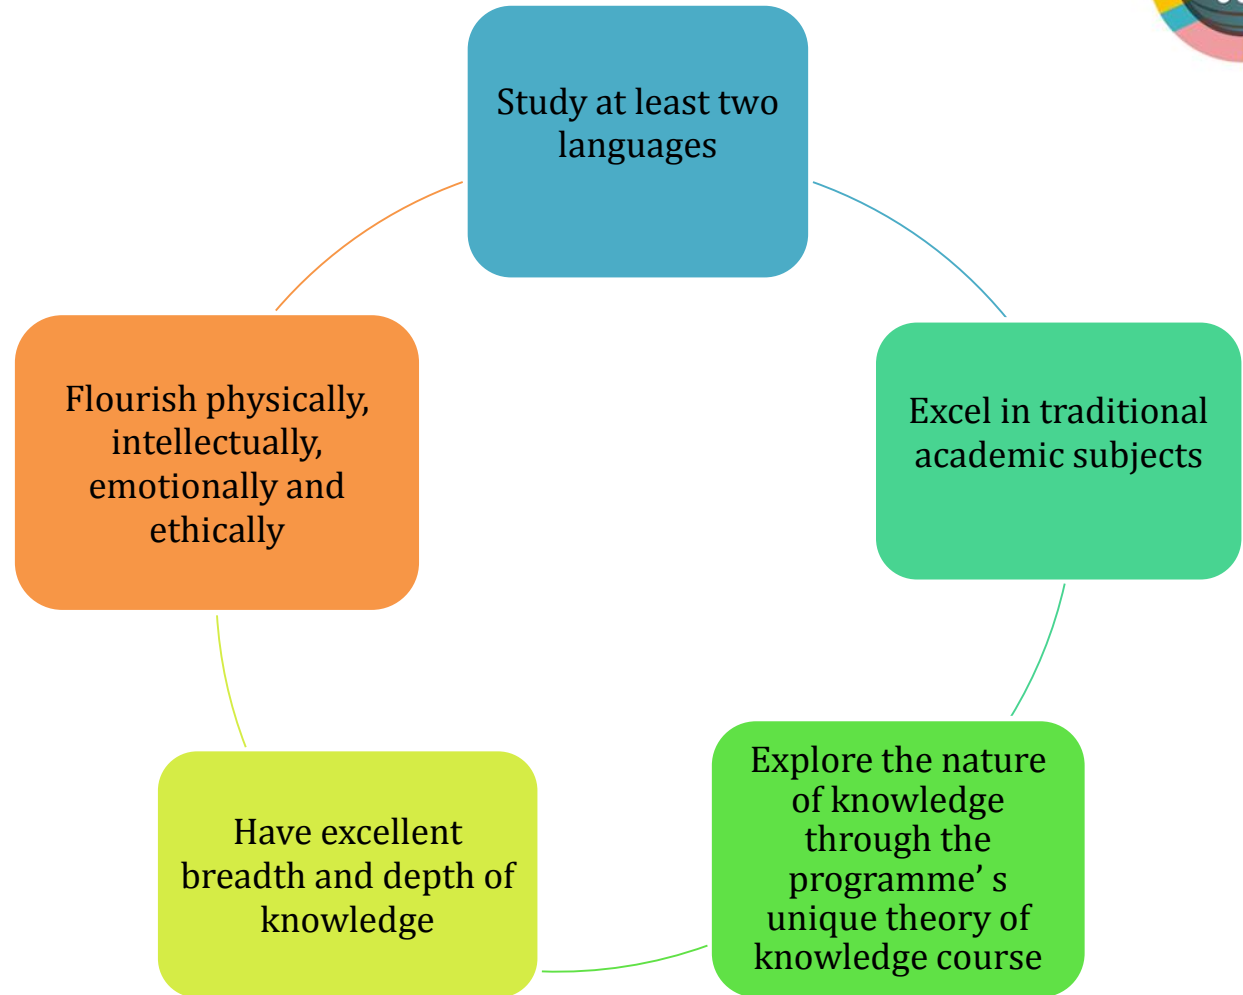

- Subject content
- Applying knowledge and understanding to new as well as unfamiliar situations
- Intellectual enquiry
- Flexibility and responsiveness to change
- Working and communicating in English
- Influencing outcomes
- Cultural awareness

IB DP @ SNIS

The SMSP lines up most strongly with the IB DP confirming an effortless transition and readies students for the DP.

First batch starts in 2019 August

SNIS Focus - Learning Diversity Needs

diverse needs of students

- *Equitable access to all students to the learning curriculum*

Well equipped resource room

- *Re-establishing and fostering their self-esteem and working on their aptitudes*

Focus on individual learning styles

- *Individualized Education Program (IEP)
Tailored special instruction and guidance*
