Habitat for Humanity is a nonprofit organization that helps families build or improve affordable housing in local communities around the world. Habitat for Humanity of Cherokee County has partnered with the Institute of Innovation to build a home this fall that will be a part of our Hope Acres community. We are hoping to build a 2nd Habitat home also with the Institute of Innovation and are looking for sponsorships to help fund this new build.

We hope that you will consider helping us by choosing one of our tax-deductible sponsorships to change the life of a fellow community member and helping to provide a safe, affordable place for someone to call home.

Gold level - \$7,500

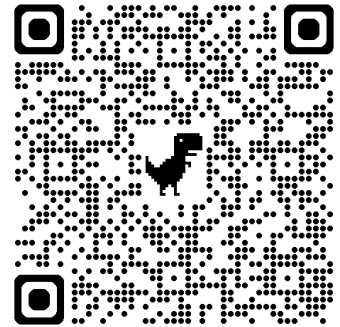

Bronze level - \$2,500

Silver level- \$5,000

Other - \$

To donate, please visit our website www.habitcherokee.org,

scan QR code or mail check and form to address above.

All sponsor's names will be advertised on a banner that will be displayed on or near the house during the build and sponsor names will be announced on our website, in the newspaper and on the local radio station.
