

University of Calgary Dino's
National Host Sponsorship Package 2025

U of C Dino's Fastball Program

The University of Calgary Women's Fastball Program provides young women, attending the University of Calgary, with the opportunity to participate in competitive intercollegiate softball as a means of enriching their university life experience. While the program is primarily self funded, the club is beginning to receive financial support from local businesses.

The University of Calgary Dinos Fastball Club is one of the founding team members of the Alberta Intercollegiate Women's Fastball Association (AIWFA). The AIWFA was established in western Canada in 2002, and consisted of five teams. Now called the Western Collegiate Fastball Association (WCFA), the league has eight teams, and now includes SAIT Polytechnic, the University of Saskatchewan, the University of Regina, the University of British Columbia-Okanagan, the University of Lethbridge, the University of Victoria and most recently Mount Royal University.

Your Sponsorship of Nationals

The Canadian Collegiate Softball Association (CCSA) is the governing body for university and collegiate softball in Canada. It consists of representatives from the Ontario Colleges Athletic Association (OCAA), Ontario Intercollegiate Women's Fastpitch Association (OIWFA), and the Western Collegiate Softball Association (WCSA).

Every year the CCSA National Championship is held with the top 8 teams from across Canada.

Calgary will host the 2025 National Championships at Shouldice Park. We will welcome players, families and fans from across Canada for this event. This event will also draw softball fans from Calgary and beyond.

This is an exciting opportunity for local businesses to showcase their support of female sport and university athletics.
