our story begins with family... and continues with you...

ciao...

welcome to amici 30A italian kitchen...

our story began long before our first pizza came out of the oven. george and amy met at sixteen in windsor, ontario, canada... with no idea of the adventure ahead. life would bring many moves, new experiences, and a growing family... with good food, family, and friends always finding their way around the table...

george's career in hospitality took our family across the country. along the way, friends became our family away from home... sharing meals, celebrating milestones, and making unfamiliar places feel like home...

that feeling inspired amici... italian for friends...

in 2016, as our oldest son jordin finished college, an idea became a family dream. together with nathan, alyssa, and gillian (lily), we set out to build something of our own... a place where people could gather, feel cared for, and enjoy delicious homemade food. that december, amici 30A opened its doors...

what began as our family's dream has grown through the love of our community, our visiting guests, and the dedicated team who bring it to life every day...

we believe we are in the people business... food and drink bring us together, but the way we care for one another is what makes a meal memorable. it is a warm welcome, remembering a favourite, and the little details that let you know you matter...

whether this is your first visit or you have been gathering around our tables for years ... we are grateful you are here...

share a pizza. pass the pasta. stay for another story...
with love & appreciation...

george, amy, jordin, nathan, alyssa, & lily...
the corchis family...

locally owned. family operated for 10 years...

friends, family, and full bellies...
