

## Executive Director Letter for November 3, 2025

Activity at The Covenant Children's Home has skyrocketed. Many local volunteers are partnering with us with our Large Foster Family Homes, licensed through Kid's Central Inc. Hope House is at full capacity with 5 foster kids and Faith House is nearing completion in its preparation for kids.

Local organizations are partnering with us to help beautify our property and provide playground equipment for our kids.

We do have needs.

1. Continued prayers for guidance and stamina.
2. Substitute on-call tutors would be welcome. Many of our current tutors are snowbirds.
3. Our primary need is for three sets of part-time and full-time house parents.
4. Food prep assistance or delivered meals is always appreciated. Our only requests are nothing too spicy and no spaghetti (as that's an easy meal for us to prepare).
5. Foster Parents.
  - We are in search for full time foster parents for Faith House.
