## DIRECTOR'S NOTE

SPECIAL  
THANKS...

From the start of my Junior year when I realized that I wanted to do a one-act it became my mission.

Despite all the twists and turns this year has taken and the many challenges that came with directing I couldn't have asked for a better cast and crew to spend my time with. You all are so talented and I hope you continue with shows and being the amazing people you are. Most importantly, stay silly.

# director's note

The opportunity to direct a one-act, especially as a junior, is one that I feel so grateful to have. Initially, the idea scared me a lot. However, once I found *Cut!*, I had a newfound excitement to start directing. This was only amplified through rehearsals where I got to see my cast improve every single day. To my cast and crew: thank you. The show that we have all worked to create is one that I am very proud of. You have made this experience amazing and one that I will cherish.
