Dear ISTE Live 22 reviewer,

On behalf of the ISTE Live 22 Program Committee, we would like to sincerely thank you for participating as a reviewer in the proposal review process. We treasure your input and expertise during the session review and we appreciate the conference session recommendations! We are confident that, thanks to your help and expertise, the conference will be a positive learning experience for all attendees. There is a reviewer certificate that you can print from your [reviewer menu](#) to show your participation.

Presenter acceptance and regret notifications will be posted on Presenter menus by early January. The complete ISTE Live 22 program will be published online in mid-February.

Again, many thanks for the time and effort you put into helping us build this year's program! We look forward to seeing you in New Orleans, June 26-29, 2022.

Sincerely,

ISTE Live 22 Program Committee
