

## Providing Baby Essentials That Every Child Deserves

Dear \*[FIRST\_NAME]\*,

As autumn arrives and we look forward to Thanksgiving, we want to take a moment to express our overwhelming gratitude for your continued support of Little Miracles. In the third quarter, we welcomed **105 new families** into our program, bringing our total to **311 unduplicated families served in 2024 while distributing \$394,000 in essential baby supplies.**

Once families join our program, they can reapply for resources every 90 days, allowing us to support them as their little ones grow and reach new developmental milestones. Your generous contributions provide these families with not just essential items, but also hope for a brighter future. Thank you for being a vital part of our vision to **embrace, equip and empower all Tri-Valley parents in need.**

### Parenting at different ages and life stages...

**Linda, a 70-year-old grandmother**, has called the Tri-Valley home for 16 years. In retirement, she has taken on the role of **primary caregiver** for her newborn and 17-year-old granddaughters. Sadly, her adult daughter faces mental health challenges and homelessness, making it difficult for her to care for her children.

Living on a fixed income, Linda works tirelessly to create a stable and healthy environment for her granddaughters, ensuring all their daily needs are met. As she balances the demands of a now active 6-month-old, she offers a reminder and

encouragement to fellow grandparents, saying:

***"We need to be there for our family. We've been parents before and have the experience to know what needs to be done and how to do it."***

Her greatest hope is to maintain her health and resources so she can continue supporting her family and provide her granddaughters with a life free from hardship.

The essential donations of diapers and clothing have been especially helpful, and Linda expresses her immense gratitude, saying, "I am deeply thankful for the generosity Little Miracles has shown me, as well as to all the families in need who have also benefited from their kindness."

As Thanksgiving draws near, we hope you take time to reflect on what you're thankful for and know that you are impacting families of all ages and stages, who are truly thankful to you!

Grateful to serve our community, one 'little miracle' at a time,

Melissa & Diana
