Bouchedid Foundation Donor Update – Year in Review

Hi <DONOR First Name>,

First and foremost, thank you for being a Founding Donor of the Bouchedid Foundation. With your help, we were able to raise nearly $25,000 in our first year including fundraising on Facebook and AmazonSmile. Fact of the matter is we achieved this in half a year since we didn't receive our official 501(c)(3) status until the spring and were focused on getting our industry first software CHARITYTRAQ live before the giving season began which we accomplished as well.

We have issued grants to many of our remarkable portfolio charities already this year including:

Homeless Solutions
Children's Aid Society (Family Wellness Program)
Alexsander Academy
Family Promise of Morris County
Jersey Battered Women's Service
Project Concern International
Girls Education & Mentoring Services
Meals by Grace
Rebuilding Together NYC

Our 2018 Plan is to kick the year off with a formal Board of Trustee search in order to assemble a best of breed active board with fundraising experience. We hope that you can help put us in touch with people that you think might be interested in these positions as we have 5 openings we would like to fill. We are also working in parallel to further develop our software's capabilities and push out exciting enhancements and improvements to the initial release.

You'll be hearing more from me soon. In the meantime, please go to www.BouchedidFoundation.org now and give what you can -- there's no amount too small or too large. And, remember that I will personally match any monthly recurring pledges for a total of $10,000 this year. The people we help can't wait -- neither can we.

Thank you for your generous support.

Warm regards,

Dany Bouchedid

PRESIDENT – THE BOUCHEDID FOUNDATION
