

DECEMBER 6, 2018

First and foremost, thank you for being a donor and supporter of the Bouchededid Foundation! With your help, we were able to raise nearly \$14,000 in our second year including fundraising on [Facebook](#) and [AmazonSmile](#).

We are also proud to announce that we have issued grants this year to many of our remarkable [portfolio charities](#) already this year covering a wide variety of critical causes including:

- Homelessness
- Children and Family Wellness
- Autism and Special Needs
- Cystic Fibrosis
- Child and Family Hunger
- Domestic Violence
- Health Services and Disease Prevention
- Sexual Exploitation and Child Trafficking

Our 2019 Plan is to kick the year off with our newly developed messaging aptly titled “Choose Your Cause”. Consistent with our mission statement of leveraging technology and innovation by promoting donor confidence and fundraising efficiency, our new messaging perfectly encapsulates our value proposition to donors allowing them to designate exactly how they want their donations to be distributed based on a myriad of factors including causes, geographies and charity sizes among others. We are also working in parallel to further develop [CHARITYTRAQ](#), our donation management software, and push out exciting enhancements and improvements.

You’ll be hearing more from me soon. In the meantime, please go to [www.BouchededidFoundation.org](#) now and give what you can -- there’s no amount too small or too large. And, remember that I will personally match any monthly recurring pledges for a total of \$10,000 this year. The people we help can’t wait -- neither can we.

Thank you for your generous support.

Warm regards,

Dany Bouchededid

PRESIDENT – THE BOUCHEDID FOUNDATION
