

Villa Monterey 6 - Carport Screens and Storage Options

The Villa Monterey 6 CC&Rs requires all trash and recycle bins are hidden from sight if placed in the carport. To make it easier for the community to abide by this regulation, the Architectural Compliance Committee (ACC) has identified some easy solutions. The ACC doesn't necessarily endorse purchasing from these vendors, we only present them to make it more convenient for our community members.

Below are 3 pre-approved screen/storage options. Even though these options are pre-approved, you will still need to submit an ACC Request Form for review.

If you want to purchase something similar or build something else, please submit an ACC Request Form with details to include color, dimensions, materials, and proposed location for ACC review. Please remember that all trash/recycle bins **MUST** be hidden from view so make sure your screens are tall enough or your trash/recycle bins are shorter than the screen.

If you have compliance questions, please consult the ACC Committee for additional recommendations and guidance.
