

Villa Monterey 6- Lampposts

One of the things that makes our community unique is our lampposts. Did you know that at one time our lampposts were gas lit before they were converted to electric ? Our lampposts are a signature piece of our neighborhood. The lampposts are also aging and occasionally need some TLC and upkeep. Often times a light bulb needs changing, a sensor replaced, a cracked globed replaced or the entire lamppost, due to and aging, needs replacing.

VM6 Lamppost Policy requires homeowners to be responsible for the repairs, maintenance, electrical & painting of their lampposts. We need to have all of our lampposts in good operating condition. If you have a question or concern about your lamppost(s) please contact a member of the HOA board for assistance. We are here to help.

American Gas Lamps Works is a company which offers replacement parts for your lamp.

Please note that the prices below are subject to change
