1) THE NHS PLOT SCRIPT

2) Ajtaro jerto meaning aertup aotert
meaning michael aerto meaning
asertuerto meaning asetender Scottish I
am on a case of the century with no
opponent at all as everyone is in the dark
3 girls died of nhs exhaustion then nhs
through a helphelp code sent the boy to
resuscitate them then sent an eye
witness who then saw the boy and
screamed making the boy freeze for 8
seconds so that he just stand as in shock
so that when seen by others it appears
that he had murdered all then get caught
so that when he woke (wakes- language
to keep him in sleep like) up he
complains and attacks then I said okay

3) THE CRITICAL QUESTION TO ANSWER
is this; is that what happened in this case
of Alex Rudakubana?

4) The questions to answer

5) Did the 3 girls die of nhs exhaustion
and how? is there mention of trojan 10
heat inducer or amplifier in all accounts
where information is obtained by use of a
hestimine

6) Does this mean that the girls had
already died as implied by a helphelp
code that's more like a deaddead code
"said heat very high temperature 78
Fahrenheit and we all passed out then
woke up and found everyone dead like so
i woke up and asked for doctor lindesey"

- 7) Why would nhs send Alex Rudakubana
And not the police and why Would the
organizers not call the police
- 8) Was he sent to resuscitate or to kill
- 9) Did nhs sent an eye witness as well
and who?
- 10) was there someone else he
mentioned he saw and one who
screamed
- 11) Did Alex Rudakubana had a knife if no
who had a knife and was there use of a
knife

12) Do we need the context of when Alex
rudakubana said " I am glad they died
because you are blaming me see so I was
right I did not help when my mother died I
did not had a chance

13) QUICK ANSWERS

14) I was trying to help when i arrived they
had died of exhaustion because all were
in sweat so how can i make them sweat
like that?"

15) was going to act then when i woke up
heat exhaustion more like nhs trojan 10
that suffocates kids was in play then i
fainted now faking

16) He found them already dead of heat
exhaustion caused likely by nhs Trojan 10
heat inducer in children that causes
everything to shut down but keeps that
person alive for 8 days without waking all
this to make everyone believe that the
children are dead

17) Nhs knew Alex Rudakubana was in
suspense as he panicked and froze when
his own mother screamed and died hence
he would volunteer to help to resolve
issue with his mother's death The Police
blocked the phones lines so that the

organiser can't make calls because Alex Rudakubana took a taxi instead of a bus so was way too early the plot script did not go according to plan

18) He was sent to resuscitate them rather than go and kill them meaning they were already in distress

19) Eye witness is atams a young man short with asian looks said okay ask what can be done but. then he kept quiet. then when i lifted he said go and ask... what can be done then i stopped...

20) Who is the screamer in the plot script above? 123 is you, hear siren fold your left thumb and say scream like you rehearsed with the mouse okay said ajertete touching her tail telling ajertuse meaning aserome also an ambulance driver but very small as she waited for action then as he rose atams ran away fast to further freeze him as his stupid (aty) counted 28 seconds in freeze mode for him then she screamed hard and panicked him in freeze another 72 seconds then she sprinted away freezing him for another 28

seconds a total of 128 minus 60 at the time meaning 68 seconds to subdue him

21) Michael Asetender (Scottish) brought his own knife and dropped it there then they all gathered around him and he only said I did not how can I make them sweat like this -heat killed them

22) Michael Asetender (Scottish) said why you killed them and he said angry of the accusation

23) " I am glad they died because you are blaming me see so I was right I did not

help when my mother died I did not had a

chance because it happened fast see it's
the same helping or not helping I help and
now you accuse me so I am glad they
died and michael asetender excited he
made him confess and
recording said I got you all mann and left

24) CRITICAL FACTORS TO CONSIDER IN
THIS CASE THAT SHOWS A
MISCARRIAGE OF JUSTICE UNDER
CLOSED DOORS

25) God (Yahweh or Ya) exist and humans
have done evil things to others just to test
if there is a God, there is a God and I
represent Ya (God) and I this is a lie that
the 3 kids died the kids were murdered
but not by the accused but by nhs or will
be by nhs if still alive that Alex

Rudakubana (not real name) killed them
that he will be exposed to detriments if
his name is revealed the opposite is true
all this secrecy is to make sure that the
cat won't be let out of the bag and all evil
regarding Bribery, Child Kidnapping For
Medical Trial Testing and Stealing of
Orphan's Houses by The Police remain
unknown

26) the judge said who can prove this in a
closed court system because no one was
allowed

27) and if God existed then he would say

28)you lying you bastards so drop the
charges but before 30th of february
because after that then they have to
appeal after 8 years in prison

29)IN THAT REGARD SINCE GOD EXISTS
(proof; at a picture look at the forehead or

in the eyes of anyone who has died from the beginning of time try Ibrahim Lincoln and ask who is God and God's Representative on earth)

30) You are all lying and we can tell their (children) electromagnetic waves are alive and as such you must keep them alive and not try to kill them yourselves as a coverup since the boy tried to help after both his parents died since there is no proof that the boy really killed these kids in lack of blood and photographs of 'the dead children'

31) i argue vehemently that since after reading this and Cases in further reading you will know that this is what the police do; framing an innocent kid in order to steal his house due on his

19th birthday on 30th of february

32) As such i think a lot of things were not taken into account like his dealing with grief and suspension which could have shown that he was in a position of shock or distress to act normally but not in a position to kill

33) He deliberately took a taxi not the bus as expected by his senders and not pay as a way to say "taxi driver call the police"

34) He found them already dead of heat exhaustion caused likely by nhs trajon 10 heat inducer in children that causes everything to shut down but keeps that person alive for 8 days without waking all this to make everyone believe that the children are dead

35)one was still alive but faint because i touched wrist and said what happened then she said heat very high temperature 78 Fahrenheit and we all passed out then

woke up and found every dead like so i
woke up and asked for doctor lindesey
said go outside as she was standing there
breathing hard and she said i will call
ambulance now i just woke up too and
then they we cant because the police are
blocking all our phone lines as stalled we
can only wait

36) Innocent lives have been put in
danger "lindesey said go outside then i
heard something saying why you let kids
die and i said a police officer stalled all of
us in sleep using a code..." but not by the
person you all believe did this but by
those in positions of trust the nhs the
police the ambulance services and the
judges and everyone involved who are
covering up what really happened "

37) lindesey said go outside as she was
standing there breathing hard and she
said i will call ambulance now i just woke
up too and then they we cant because the
police are blocking all our phone lines as
stalled we can only wait but he said what
police when i woke up heat exhaustion
more like nhs trojan 10 that suffocates
kids was in play then i fainted

38) The kids' Electromagnetic waves are
emitting life meaning alive but in a trance
like induced state but "did the kids die no
but they the could have died if he did not
a mask so all this to take the house which
is due to be given to him on 30th of
february

as he turns 19 as per the parents
conditions in their will written days into
exhaustion days when they fell ill now

39) We believe the nhs and all involved
kidnapped the kids for jht research "they
want her for drug test called jht that

causes vomiting before death” jht i died too (obsolete) for i prevent unnecessary vomit how to replace; only god knows how nhs failed and want kids between 8 and 10 for life testing as all have until age 11 when jht disappear leaving all vulnerable

40) Where a miscarriage of justice happens under closed doors and in secrecy “ it was the easiest but fake case in that if this was true where is evidence of blood and where is death because if death had visited pictures of death might be presented in court” when it comes to light as a 52 years jail sentence with highest risk of being attacked in prison this only attracts the need for more scrutiny and weigh this to see what if this had happened in open doors what would be the effect?

41) Since the accused was not represented and since it is a requirement that the parties must explore – and must demonstrate to the court that they have explored – all other less restrictive methods of conducting the hearing there is no proof that his own input was consider as the notes portray the closed court system as a punishment to his behaviour in court earlier own with his shouts that he feels ill that means that the proceedings must not become an instrument of the accused but as hints stand this has become so.

42) The requirements of open justice still weigh heavily and require the publication of a reasoned judgment at the earliest possible opportunity to explain both the rationale for the holding of the closed hearing and (insofar as possible) the

substantive decision reached at the hearing.

43) Further as you will discover the insisting of privacy is to conceal the; Bribery Child Kidnapping For Medical Trial Testing and Stealing of Orphan's Houses by The Police And The Ambulance Drivers and above all to discourage challenges who can prove this in a closed court system (judge)

44) Adding to that is the fact that all this insisting on privacy it to actually put the boy in danger Always looking over his shoulder': Axel Rudakubana to be 'number 1 target' in jail, top prison officer warns all this so as to; we get rid of the boy too code ...then they laughed hard and i puked

45)so as to get rid of him after successfully getting the house and selling it in 2 days when all expected it to be sold in 2 years ...in front of the ambulance staff and i froze and they interrogated him and said okay you go get the house and pay us 5% in 2 years we get rid of the boy too code ...then they laughed hard and i puked

46) Where Bribery, endangerment of children's lives for medical research amounts to Kidnapping For Medical Trial Testing and where judges pass highest sentences not based on facts but by anticipation of bribery rewards of 8% to 22% of the value of a house sold for us\$20 million then the judges can't insist on privacy claims as they are using this as a cover-up of their wrong doing the argument of protecting the accused does not hold water

47) when privacy actually endangers his life and is used to bury evil deeds and an evil and corrupt system with crooked people involved all who are in a position of trust

48) "it was the easiest but fake case in that if this was true where is evidence of blood and where is death because if death had visited pictures of death might be presented in court

49) so who can prove this in a closed court system because no one was allowed and if god existed then he would say you lying you bastards so we drop the charges but before 30th of february because after that then they have to appeal after 8 years in prison" (judge)

50) ARGUMENTS

51) AS SUCH THE FACTS DON'T MATCH THE CASE SO I URGE

YOU TO RECONSIDER EVERYTHING AND DROP ALL CHARGES INSTANTLY

52) OR ALL THIS AMOUNTS TO A GROSS MISCARRIAGE OF JUSTICE

53) DUE TO ANTICIPATION OF A BRIBE AND INCOMPETENCE 54) LOOK AT ALL

FACTS AS IF THE JUDGE HAD CONSIDERED

BEREAVEMENT IN THE FAMILY HE WOULD HAVE KNOWN

THAT HIS BEHAVIOUR IN COURT THAT LED TO THE NEED

FOR A CLOSED COURT SYSTEM WAS DUE TO THE LOSS

55) HENCE IF TAKEN INTO CONSIDERATION ANYONE IN HIS POSITION WILL REACT THAT WAY

56) FAILURE TO TAKE THIS INTO ACCOUNT IS A MATERIAL ERROR

57) MEANING HIS DECISION IS AN
ERROR OF LAW AND CANNOT
SUFFICE

When Justice Hides Under Closed
Doors As A Miscarriage of Justice

50) ARGUMENTS

51) AS SUCH THE FACTS DON'T MATCH THE CASE SO I URGE YOU TO RECONSIDER EVERYTHING AND DROP ALL CHARGES INSTANTLY

52) OR ALL THIS AMOUNTS TO A GROSS MISCARRIAGE OF JUSTICE

53) DUE TO ANTICIPATION OF A BRIBE AND INCOMPETENCE 54)

LOOK AT ALL FACTS AS IF THE JUDGE HAD CONSIDERED BEREAVEMENT IN THE FAMILY HE WOULD HAVE KNOWN THAT HIS BEHAVIOUR IN COURT THAT LED TO THE NEED FOR A CLOSED COURT SYSTEM WAS DUE TO THE LOSS

55) HENCE IF TAKEN INTO CONSIDERATION ANYONE IN HIS POSITION WILL REACT THAT WAY

56) FAILURE TO TAKE THIS INTO ACCOUNT IS A MATERIAL ERROR

57) MEANING HIS DECISION IS AN ERROR OF LAW AND CANNOT SUFFICE

58) Looking at the judge's day of death it's only as close as 25 July 2025 (and must not resort to my reserves without permission) that means the creator wants him for his gross mistakes that he is exonerating the real culprits the nhs the police the ambulance services at the expense of innocent kids

59) Day of death calculator

60) <https://youtu.be/u8nsoZb-0eQ?si=1ovExjdk2sJNjk6F>

61) it can be argued that probably the judge is terminally ill with less than 6 months to live as such can make reckless decisions

62) Where the concealment of the accused's name is to deprive him of helping and voicing hands such decisions amounts to violation of his rights especially because he is an orphan that means those who know him by name might not help when he needs assistance

- 63) I think where police steal orphans' houses and use privacy to hide their crimes insisting on avoiding to name the accused especially where judges and those involved accept bribes is a breach of the accused's fundamental rights as this can restrict access to helping hands and voices of concern as to his treatment
- 64) The claims by the police that ricin was found in his room and terrorists materials too must be independently investigated as this could be a cover up to conceal how they take houses from innocent orphans just before the houses are handed to orphans on their 18th or 19th birthday
- 65) and to further accuse him of extra offenses so that the truth cannot come out
- 66) "he said i can but then you chose to steal my house in my face but why this is money for me look at you begging from an orphan whose parents you killed for a cheaper house costing only us\$20million when you can steal money like all these crooks pointing at expensive cars in the street
- 67) and an asian guy comes out and said okay and he said okay with a thump and said dirty cops and mugging kids dont go together what is it this time"
- 68) The real danger to the accused is this secrecy and demands to a closed door court and all this privacy so that if he is to die then the information is controlled to limit the would be advocates and helpers
- 69) "Mark Fairhurst, the head of the Prison Officers' Association, said that Rudakubana's life would be "absolute hell" in prison. He added: "He is target number one. He'll be looking over his shoulders for the next 52 years."
- 70) This is proof that secrecy outside is meant to expose him to danger in constricted spaces and actually get him killed for a

house which the police (police housing association) have already received the money from the house sale

- 71) "The house only said i was sold by ajerte a police officer called aerte aoute meaning ajete asuret meaning an account in the police housing association belonging to atetes meaning atete an ambulance driver"
- 72) This case has relied on things words his sayings etc that have been taken out of context intentional so as to taint and implicate him as a way to easily make people believe everything as the truth when its not the truth regretting helping them he said i am glad they died as my mum because see i was right helping or not helping is the same they all die
- 73) The 'victims' families are the targets of the police themselves hence all this is to cause them trauma enough to make them move away from the area for they bought the houses from orphans who cleverly sold their houses before the police framed them and stole the houses
- 74) hence to get the houses 'back' the police made them lose their kids to them and nhs so that they move out of these houses which the police want
- 75) Leanne lucas systematically said the policeman looking for answers sitting in his car the day before when he said so
- 76) how can someone you never met systematically be guilty of something which you did not see as you were fainting
- 77) then i said i just woke up to a stabbing of 3 girls so fast that they all died of stabbing did you help i was in faint shock who can prove it
- 78) any blood clothes of children with blood none and graves yet funerals none any police involved to help and not to kill for the house and move parents in house sold by orphans who escaped death by the police
- 79) ask.housespricesstockport.start

- 80) 8 houses were bought at half the price ever since and somehow the parents have experienced some issues of some kind that means all the families mention in this case meaning related to this case and proof is below this is happening because they are the targets of the police campaign to take back all houses sold cheaply by orphans which they wanted to repossess while still in the hands of the orphans
- 81) MATERIAL FACTS OF THE CASE
- 82) This case illustrate what can be and what cannot be of closed courts
- 83) The Court can't make fair decisions behind closed doors
- 84) The Court prohibits only to trigger harm
- 85) The Court can only be a threat to justice if judges are motivated by greedy
- 86) The courts promote unfair practices that endanger children through the so called protection system
- 87) The Court system let the police use children as best looking for food
- 88) The nhs target those who bought orphans houses at a bargain all parents have houses bought from orphans at nearly half the price as per house prices charts
- 89) Ask.housepricesinstockport.start
- 90) WHO I AM AND IN WHAT CAPACITY: DAVID GOMADZA
- 91) I am the president of the whole world to run the world as an overseer and guiding force of a one world government that will steer development and advancement to a new phase of highly technological advancement
- 92) and a stage where humans and all creatures on earth will live on earth for up to 10000 years alive in good health and without dying meaning without death We have already achieved this as I write

93) That means I make the final decision on matters that are critical and where there is abuse of power, ignoring and overriding of system and processes and where there are breaches of intentional laws and gross miscarriages of Justice

94) We as tomorrow's world order and me as the president of the world and

95) also as Yahweh's representative I will intervene to correct the breaches and the gross miscarriages of justices by the powers vested in me as president of the world, president of tomorrows world order and by the creator the MAJESTIC

RULER YAHWEH (GOD) as his representative on earth

96) The unending wars all global problems and the gross abuse of power and miscarriages of justice by those in power and in positions of trust like the

97) leaders

98) the judges

99) the police

100) the hospitals

101) all have meant the need to appoint a leader who can enforce judge order and restore justice and spearhead development and progress and become the overseer to ensure global justice and peace for all.

102) Gone are the days when we leave things to chance gone are the days when those in positions of trust; abuse frame mug and steal from those who they are supposed to protect and do everything to hide behind closed doors and use outdated laws to hide from justice when the whole world know there is all kinds of decadence like stealing of houses that belong to orphans

103) murdering their parents using codes, framing them,

- 104) kidnapping children for medical trial experiments, testing on kids as in animal-testing,
- 105) bribing of everyone involved those who lie getting between 5% to 12% of the value of the mugged house from orphans,
- 106) and in serious cases even judges themselves getting as high as 22% for overriding systems and processes without due regard for convicting innocent orphans
- 107) without a shred of evidence that the accused is the real killer, covering up of facts passing of highest sentences and for a bribe and
- 108) failing to check context of events that can highlight previous events that could have caused grief and trauma where orphans are traumatized by how the police kill their parents then the police use that grief to pass and trap them as killers orphans in circumstances where grief or trauma has left them in suspense where innocent orphans who might want to help as a solution of dealing with grief or trauma as they might still be in suspense agree to help anyone honestly
- 109) Above all the passing of highest sentences as a cover-up to stealing of orphan's houses, selling of the houses and distribution of the house sale money as 5% rewards for those who lie about the house muggings and between 8% to 22% to the judges who conceal all this and above 60% going to the police housing association secret accounts or personal accounts
- 110) To those who continue to do these evil deeds the creator declares war on them and promised that one day they will all wake up at hell-reception for the creator protects and is responsible for orphans women children and is

keeping an eye on all of you one day justice will prevail the wicked will fall by the numbers for I start the beginning of the end

- 174) the only one available on earth patented
- 175) Information was gathered by the use of a hestimine that is an instrument that uses all information found in the atmosphere where all people say things that are recorded by various objects at the same time giving what was said at a given time over time hence if

we are to ask then this is the answer what can a hestimine be used for first its only used by God Yahweh and on earth only by David Gomadza (patented) that collects all information from other things like the clouds that asks what can be and when and what can be but why and when if we gather all the information then we can get a clear picture of what happened and when can this apply this case involves children hence use of predefined parameters are not the best method This method avoids asking kids themselves but only asks adults then requests what could have been said by the children now this case is one that says how do you collect information where kids are involved then the answer is the use of a hestimine only David Gomadza is authorized to use this on earth as

Yahweh's representative on earth appointed on 29 of May 2024 also the president of the whole world to be confirmed and also president of tomorrows world order registered in Britain as a global political organisation with the electoral commission registration number pp10355

- 176) GENERAL INFORMATION GATHERING PROCEDURE
- 177) USE OF PREDEFINED AFTERLIFE PARAMETERS
- 178) These guide souls the moment it exist the human body on its journey to Yahweh the creator these define what to do and what to expect as you go to hell or heaven if a souk leaves earth it enters ozone orbit and instantly everything reboots for it to start a new phase of life after living the earth's body now what happens is that it enters the ozone orbit and a simply click caused by the sudden drop of pressure from 1186 to - 20 means the bottom shaft of the soul will lift rapidly and this pushes its back into the air higher

than its head best example is a penguin but with real human legs and head just the shape now God created a life predefined program for them instead of asking what should I do and where should I go they instantly know from predefined stencils if you did well and talked most about

God then heaven is for you if you did evil and talked more about the devil then the devil is yours now if we Ask what can be of humans without souks this is the answer dead forever your soul is you a new transformation to the electromagnetic waves life where you see Yahweh for the first time and praise him and wish you had seen him a long time ago because of his Majesty and will always be there forever now what are all these you may ask these are rules to be guided by in the creation court in short it has everything humans know about the judges and the presiding judge who will always be Yahweh and 84 angels surrounding the altar 28 high priests who always say Yahweh have mercy on humans and 74 smaller courts priests who always say Yahweh has mercy on humans and 96 princesses who say glory to Yahweh forever and ever amen we have 96 elders who always say if I can why he can't meaning if the devil can drink blood why can't Yahweh who created the devil and blood do the same now this is not the same as saying if the devil can kill why can Yahweh its more on professional grounds rather than challenging now if we look at the inside of the court we have 81 priests surrounding the altar who say Yahweh be merciful to humans but if they disobey you we put hem on trial for you and kill them for you almighty Yahweh inside this is a round circle where Yahweh sits and asks questions now if we look deep inside the court you will see that there are other things that resemble earth high courts like benches and chairs 10 times human sizes for the

gods who are so enormous 2 are equal to 84 billion humans in size predefined parameters for humans after death as in know what is inside is a large size of books the book of creation is among them with 10897867892836789012348678901245861789011 pages and is divided into humans first then chapter for animals then a chapter for angles then a chapter for gods and a chapter for Joseph Yahweh's best friend and a chapter for Yahweh's best friend's wife Anna and a chapter for Yahweh's wife Catitighit and lastly a chapter for Yahweh and recently a chapter for davidgomadza as Yahweh's representative on earth marking the new beginnings starting in 2025

191) David Gomadza welcome the rules of court are
guiding principles that tell you what to do and how to do it
first you must always say I believe in the court of creation
and I shall abide by he rules of this court and shall always
do things according to the rules of this court in deciding the
cases I am assigned to you must ask what can be done so
that you know all your options before making choices the
court system will make it easy to check files and ask the
outcomes of the decision ask the court the final decision in
any case.

192) CONVERSATIONS OBTAINED BY THE USE OF A
HESTIMINE

193) Alex Rudakubana

194) I was trying to help when i arrived they had died of
exhaustion because all were in sweat so how can i
make them sweat like that

195) i received a message that said go and help you
protect kids and i said call 911 but the person said i
was going to but i heard you are local

196) so to help or food only because since your parents
died you been complaining all along then i said you
killed them of heat exhaustion and he screamed just
like my mother day she died and i panicked and ran
away

197) so when i found them 3 had died of exhaustion and
one was still alive but faint because i touched wrist
and said what happened then

- 198) she said heat very high temperature 78 Fahrenheit and we all passed out then woke up and found every dead like so i woke up and asked for doctor lindesey said go outside as she was standing there breathing hard and she said i will call ambulance now i just woke up too and then they
- 199) we cant because the police are blocking all our phone lines as stalled we can only wait but he said what police someone said the police are coming so what can we do so i said my parents died of heat exhaustion and i cant kiss for rescitation one is alive and she said if she die then what so i knelt and she woke up first
- 200) but as i rose to stand atams a young man short with asian looks said okay ask what can be done but. then he kept quiet. then when i lifted he said go and ask... what can be done then i stopped....
- 201) and a woman came and screamed just like what my mother did before she died and i froze my stupid (aty) said 8
seconds then when i woke up and found everyone surrounding me and accusing me of killing them
- 202) then i said i am glad they died because i tried to help but they accused me
- 203) notes
- 204) The house only said i was sold by ajerte a police officer called aerte aoute meaning ajete asuret meaning an account in the police housing association belonging to atetes meaning atete an ambulance driver
- 205) who do research also why british people puke after

hard laughing when no one does so an accomplice and so can also be involved in all this so how can we know what

- 206) we ask for values before and after the value went up by us\$20 million from 08 january to 25 january 2025 if we ask why then the police housing association provide secret accounts for money laundering and kids abuse
- 207) hence as tomorrows world order we can look into this without need to disclose
- 208) A police officer said i can but you chose to play nice and walk like that so one of you pay and laughed so hard and puked then a guy passed by and he said i have a job for you you eat canyava and you dont ask me why for best food and he said dont try to be my father okay so. then i said okay of i am not... your father then let me be your friend i can train you to be a better person and prepare you to join us and he stopped and said okay i can then i found them drinking tea near a cafe called artety meaning hassan foods store and he said
- 209) if i can then you can meaning if they can link and talk then he can make everything possible in the future so he said
- 210) i can but then you chose to steal my house in my face but why this is money for me look at you begging from an orphan whose parents you killed for a cheaper house costing only us\$20million when you can steal money like all these crooks pointing at expensive cars in the street and an asian guy comes out and said okay and he said okay with a thump
- 211) and said dirty cops and mugging kids dont go

together what is it this time and i said upset it was once you bhakadi meaning slave master then he walked away and the police man stood and walked away and said i can but now you cant so the boy followed as he was dressed in plain clothes and said i can if you can but you chose to listen to slave masters who robbed us

212) but who is worse one who try to rob a kid his house or those who try to mug sweets to quench hunger after all parents killed by the same police officer through a code Wwwwwoh thats how your mother died i was really gentle with her then she tried to sell the house to hassan food stores us\$5 million instead of us\$25 so i said to hassan himself if you buy then you are dead because exhaustion kill you too so he said i know then he refused to buy then i said i will buy then he froze for 8 seconds and i said if i can then you can then he said in freeze mode daylight robbery to unfreeze himself but could not then he waited for me to be okay then he said you want to buy the same property and i

laughed so hard and he puked and froze again before i called an ambulance he said go you too and get heat trojan 10 heat inducer removed before you buy in front of the ambulance staff and i froze and they interrogated him and said okay

213) you go get the house and pay us 5% in 2 years we get rid of the boy too code ...then they laughed hard and i puked and they took me and said just as a safety precaution for us and they laughed hard again and we left meaning

214) now all clean to steal house then i came back but then they all had left that hospital because they blackmailed

me to correct (this) is to kill all but

215) 11 Hassan

216) Hassan then i said i know so what do you want because my impression is that she wanted ...with someone then divorce the husband who she always complained about as a safety net so that he does not kill her for the house as the marriage was broken just them and the boy so she came to meand said buy my house for us\$5million and i said okay i have us\$5 million and wrote a check for us\$3.8million and show her but she said i did that already just us\$5 from us\$25 and i had.....

217) then a police officer instantly sent me a codethen when i read the code it said as it opened you have been contaminated so then stops and he said i cant buy your house and she looked shocked but instantly walked away as i said dirty cop but she literally ... woman... i sat down

218) embraced because that means virgin and i ran after her to offer now check for us\$3.8 million then she cried and said i ... as well so ...then i sat down then 2 weeks later they both died screaming so hard it shock the neighborhood that her son died standing and came back big trance of shock when he saw that

219) she had died before he reacted and without helping so now help is the unquenched thing in his mind so that where there is help he will volunteer

220) now you see what we the clever british do we let her take the money and expose all channels of help so that if we ask we can know why he did it and what she did by a simple command arousalpus...minusarousal then i said go now and help then so he went and said

- 221) okay i can but you pay for taxi the idea was for him to go by bus so he arrived way fast and early that nothing was in place and everything was minutes early we had to wait for him then he asked who was artert
- 222) as he heard his stupid (aty) asking who are you and what do you want then he said i am police officer artert who said i can but too fast means many delays so tell stupid to pause him digitally...then i said okay i can then i said artert and he froze but now thinking what is artert then he heard someone
- 223) say stop before you die of killing children then i refused and walked past
- 224) then he said if you dont then you killed these girls admit now regretting helping them he said
- 225) i am glad they died as my mum because see i was right helping or not helping is the same they all die
- 226) and i said what did you say so that now after realising what he said now he will say that i am glad these girls died because i helped this time and they died
- 227) lindesey said go outside then i heard something saying why you let kids die
- 228) and i said a police officer stalled all of us in sleep using a code...and i fell asleep and woke up at 02.34 british time a day before so i was really tired i had only volunteered as everyone refused saying
- 229) its risky the building had no windows just like a music studio
- 230) and i realised that the kid was worth us\$20million and i said okay how much and he said 5% after 2 then i agreed but only in that the kid with the house so he said okay and i agreed then the day i collapsed first of

something then fainted for real because i was going to act then when i woke up

231) heat exhaustion more like nhs trojan 10 that suffocates kids was in play

232) then i fainted now faking but you cant fake fainting because

233) i realised they wanted me too for some arousal caught me and i woke up knowing its more than just 5% i

have a house too and i am an orphan but had no intention for kids to die knowingly so help me god

234) Leanne lucas dance class leader Jonathan hayes were seriously wounded

235) .

236) Judge Justice goose said "many who have heard the evidence might describe what he did as evil, who could dispute it?" it was the easiest but fake case in that if this was true where is evidence of blood and where is death because if death had visited pictures of death might be presented in court so who can prove this in a closed court system because no one was allowed and if god existed then he would say you lying you bastards so we drop the charges but before 30th of february because after that then they have to appeal after 8 years in prison now here are the facts presented the boy suffered a traumatic experience and cant be named so we gave him a fake name alex rudakubana real name is..... if you say alex then its not this case the case is thrown out but if you say the correct name you hacked their brain ... if there is a god then if he publish material then without proof of his device then how can he prove it if he has then we secured patents rights because its stolen from god

hence the british people represent god and not the devil but the opposite is true look how easy we fake everything and walk away now if we are to ask what can be then this is the answer we can always make sure that he does not mention a hestimine because if he does we lost because god use a

hestimine..

- 237) Leanne lucas systematically said the policeman looking for answers sitting in his car the day before when he said so how can someone you never met systematically be guilty of something which you did not see as you were fainting then i said i just woke up to a stabbing of 3 girls so fast that they all died of stabbing did you help i was in faint shock who can prove it any blood clothes of children with blood none and graves yet funerals none any police involved to help and not to kill for the house and move parents in house sold by orphans who escaped death by the police?
- 238) I lied because i am an orphan too but i needed a quick way out if i help i blackmail them to go away after sale of my house so if a kid dies what is normal procedure i ask for vitals and check breathing if it what he did yes but with mask so not proper okay how many kids he resuscitated Judge
- 239) there is not even a single thread of evidence to point that the boy killed the girls and how there is no blood involved and no knife found only a replica was offered and nothing else to point this case to him some wanted to say that he gave them c... but how he wore a mask and did not pay the taxi driver so the taxi driver call the police so not something done by someone in distress but in isolation as well as a way

to deal with grief so has there been deaths in the family yes 2 both parents one after the other and all died of exhaustion 2 years ago and had a house so that if one searches then nothing comes up if nothing comes up then its not true if not true then everything is a fake but did the kids die no but they could have died if he did not wear a mask so all this to take the house which is due to be given to him on 30th of february as he turns 19 as per the parents conditions in their will written days into exhaustion when they fell ill now here are the details of the case he nearly died of shock when his mother died of screaming exhaustion by the police now the hospital did the same to the kids but all passed out without exhaustion and died put away for safe keeping while alive for nhs research but the family being told they died and actually lose them hence nhs must defend this case whole heartedly unless if god exist if he exist as the rumours are in america then he would raise these kids but how anything he send to a kid is dangerous without a permit so how cam he without one now if i ask

what can be of this boy since god did not show up the idea was for god to enter without knocking so we charge him for intrusion and causing death by shock as nhs were prepared to defend their stash of things ...and theand fight staff and i froze and they interrogated him and said okay you go get the house and pay us 5% in 2 years

- 240) 2 drivers who were driving around bored in southport one said i can but can you without puking in your pants all female then one said okay but and kept quiet and one said i can then said then kept quiet then a siren started and they raised to a store called

hassan food stores in stockport and one said did he just in his pants and he said okay then stopped but then another came out and laughed so much that the police officer puked and said oh i shit myself so you must and he froze then another said okay can you if i can then the other said how much and in suspense he said okay but his ajx talking i can but you choose to use blackmail so death follows i write your names in the death book and he said atokerte asterte meaning ajerte meaning ateta askure and aetkute and aouerteke ajhere meaning ajete written as ajate surname is aeker they looked at each other and one waved hand across his face and he puked and remained standing as the crowd gathered and he said i shit yourself in the ass if you dare so 2% now or death then she one aerteute said if you dare..then she fingered her mouth but did not puke the other said i finger myself or and with arousal did not put the idea was if they are guilty and will die they would puke too so they took hassan as it turns out he had also puked meaning guilty of something... and he said take him also maybe you remove his c so that he can buy (the house) then all carried them without mask so as to not worry people because then there was a hotline that says if you then call...

now if we ask what can be then this is we can say that... the people had been in suspense about buying cheapest house so that if god exist

- 241) Ajtaro jerto meaning aertup aotert meaning michael aerto meaning asertuerto meaning asetender Scottish I am on a case of the century with no opponent at all as everyone is in the dark 3 girls died of nhs exhaustion then nhs through a help help code

sent the boy to resuscitate them then sent an eye witness who then saw the boy and screamed making the boy freeze for 8 seconds so that he just stand as in shock so that when seen by others it appears that he had murdered all then get caught so that when he woke (wakes- language to keep him in sleep like) up he complains and attacks then I said okay

- 242) Ataertotut areseton aterot meaning police officer ataertout areston meaning aresteon Matthew originally Canadian but in
- 243) Britain hired to kill the god of Britain then found out that he don't die so we set up this guy so he respond but how because there was no one to be eye witness and if he respond then he spies on children so him also involved unless he is God then we need to verify that how by making test all this which if he refuse then we don't accept his proof because all the court will need at review 8 weeks after judgement

- 250) The defendant, who was 17 at the time of the attack, admitted their murders as well as the attempted murder of eight other children, who cannot be named for legal reasons, class instructor Leanne Lucas and businessman John Hayes.
- 251) He also pleaded guilty to possession of a knife.
- 252) During the sentencing hearing the court heard the graphic details of Rudakubana's crimes, and were shown CCTV footage of his journey to the Taylor Swift themed dance party at The Hart Space on Hart Street in Southport.
- 253) Deanna Heer KC, prosecuting, said: "The footage shows that the defendant remained silent during the journey but upon arrival at Hart Street, he asked the driver to direct him to 34a before leaving the vehicle without paying, prompting the driver to follow him, making repeated requests for payment, which were ignored."
- 254) The court was told that Rudakubana said "I'm glad they're dead" as he was held in a custody suite after killing the three girls.
- 255) Rudakubana, who was born in Cardiff, also

257) during the industrial days and he said okay then all asked why no windows were included in the original plans they wanted a studio within the building as it turns out Italians build this and studio meant was a building with everything in one building but Italians built a music studio hence when you hear this you would rejoice but this is a clever design to keep the building changing hands and the value appreciating then he said after 2 years I get us\$58678 just to be there and keep quiet so who is atrte and I froze

258) House where are you I was bought yesterday by artet and aerou meaning ajere aote a company owned by an Italian company who develop badly built houses for us\$20 million cash in bags taken to the police housing association at 20238 leteos uge ert Southport by a police officer called ajert eterto meaning ajertude atertouert who said I can but you chose to kill innocent children but if you said they are not dead but clinically faint then I agree but you must return them within 8 weeks alive or we are all dead why I can't find road name it is because the road is written house on post as so he can agree to a name change in the future so they cover up its about the house the judge accepted us\$28367898minusfirst2digit to fool anyone then ask for proof as money handed today 25 January 2025 prepared to fight anyone who leaks information about the case as a closed door but citing bribery by judges removes all this but again how did you know

unless God or new government testing systems (as tomorrow's world order) a delivery package addressed to mitast agete 16 willow vale road sed ago Southport now if not to judge as a cover then to ajerete another police accomplish

259)

The company exist but by a different name altogether it is called aete aotre meaning ajete aout a construction company in italy's arete valley where prince harry married meghan one said if i can then you must be joking to buy when death is involved because you lose the money instantly if case rattles like a snake so can you handle the fake stabbings for medical research or you will die of money stabbing shock and one laughed so hard that the other puked hard and an ambulance with atete came and she said now its out turn we have had how the police rob and kill now its us ambulance drivers so who puked when i fingered my vgenes and puked again no one puked and the other said cravings before death can kill or what and the same person puked again and nearly died then one said i can but he chose to blame the government so who can fight for justice but nurse and looked surprised and said ambulance drivers then all laughed and one said you lost the bet there is no god if he was there he would prevent rather than prove but he is weak i guess and if so i take the cash and go back to states of can a da they all laughed and said british quarter children let alone renegades with no sdx drive and she squirt real urine just as a joke but kept peeing and said oops nothing stops around here so who wants b fuck or g lick see none

and walked away and drove off harsh making all freeze again

and one puked for the first time and the other crashed again the house was his alex rudakubana who said i was only helping since my mother died and i did not help all this past weeks if i hear help i freeze due to fear and as such panic after before the police handcuffed him and said dont help ij you are not okay so i said i feel ill because he is the police officer

260) who said i just need food without helping so help and he cried when i refused at hassan shop and said tomorrow you are going to need my help and i laughed so hard because as a police officer he should not ask me for help so

i said if i get my house on 19th birthday i pay you when i sell
261) us\$2829272638minus8digitsforcriing and he calculated without listening and i said you dont need to calculate just say 10minus2 meaning dirty cop around and asian asat police officer but secret from coventry when i report them came and said dirty cops and muggers because he said deliberately take from shop so i come in and rescue you as a neighbour as his house is 18 on a bend next to mine which is still shut off due deaths with c... now he opened the car door and i said dont listen to thieves who steal houses of orphans under the disguise of child protection when its them abusing the children if God was here then he will ask for life of life and death for life meaning he must say you all must die to leave death forever as reward for an orphan as in the koran muslim bible

262) notes if we ask what can be then this is what can be... the police must search for the kids first before the doctors start experimenting on them our resources say electromagnetic waves are alive for all three of them.

263)

jonathan hayes i said i can but you choose to ignore the business owner i dont have anything to hide i refused forced protection to ruin me then again when i heard they had already performed drills i was left with nothing but grief already before death reached i said i can sue the constructor and get 20% of the cost all laughed and said the previous owner bought the building to sue but he died of heat exhaustion no windows and heat exhaustion comes to kill so who is source of this heat exhaustion because all are english then i laughed hard and puked then when all sat down one said i died before and woke up at hell reception but god did not attend and i laughed again hard so die but i died and woke up at hell reception where a voice said what can they do for you since you came before your time probably go back and he said i can but what can be of blackmailers and wrongly made buildings other than death and i cried knowing that i died first for being greedy then revenge set it and i said i already died what difference does this make and they all sat down and one said can you if you can then i can but for 20% since this is what i wanted from the builders of this building made by citder of southport during the Hassan he said take the cop as well because he needs to be removed c before he buys and the cop freezes not anticipating him to say that in front of the cops the house was beautifully placed around a bend with no street name that i checked online as she delivered a paper marked ajerte and aourte then realised that this was a name of a person who is an ambulance driver but the blackmailer who said if you can then but you must be so to be able to prove i exist just like the

house so the house is mine if anyone ask for 5% in 2
so i thought 2 years soni refused and then after 2
days yesterday postman delivered a package and
said can you

sign fir ajerte aourte and i signed thinking house papers
because i had said i can buy it for us\$3.8 million then he
puked but i thought this heavy could be money but then it
was real cash and i took it but i googled it but the street
name wont appear on the internet ... road but it was on
zoopla for us\$28 billion as ajerte aourte but post deleted
yesterday by ajerte aourte and because this removes all
police inside humans to deathhell instantly but at a huge
cost this meant you lack a vital vitamin to combat

- 290) I was killed by police officer called aerosity aerosty who said i can but if you can then he said can i then stopped then i said can you what officer and he said i can if you want i am a human being as
- 291) Well then i said on your salary you cant afford me then he flipped and got out of the car and said i can kill you that's better than Affording you that means i can kill you that's means i can because all what i want i can take for free then he looked at me and forced kiss
- 292) Me then he grabbed and squeezed my tits then he said jump in the back so i jumped in the bank thinking hot sex then he instantly
- 293) Cuffed me then raped me then said do you pay capital gains tax then he said now go and say we are cheap we cant afford you then i ran away and went to a police station then he came there and said its my case they all agreed but i screamed for help then he

- put me in car and took me in the woods and killed me by hitting the head
- 294) Continuously with a batterstick then i died and wokeup at hell reception did you have a house and were you an orphans
- 295) Hi I am pc aerosity aerosty I was born in Egnland wales and I work for the cumbria police and I am in the capital gains tax department where I collect tax in 2013 where our department in wales recovered nearly a 100 million worth of property and I was among them and promised increments etc then I had a job offer as the
- 296) capital gains boss then I became real obsessed as the capital gains
- 297) tax boss then I was called to a house one day when a woman said I
- 298) cant pay my bills why cant you find people I can sleep with but trusted I dread the people in the street I was single and that turned me on that she started saying I cant afford her that hurts she was
- 299) beautiful and owned a house at no 17 sterep but had not been told
- 300) was about to be told on her19th birthday so she said I cant any of
- 301) this I wanted before she knew so I can move in with her her but she
- 302) refused then I went in there one day she dressed in pajamas and I said can I come in she said yes then laughed and said no then I
- 303) looked at her and said can we I can you know I just pay like anyone else I am a human being as well you know this is just a job and I

304) really got down on her and said we can if you want I
real wanted

305) then she refused but this time I had had enough so I
grabbed her and kissed her and pulled her to me and
squeezed her then she

306) cried I said I take you in for refusing then she said
refusing what I

307) don't want sex with my father I was 38 and I stopped
and opened my eyes and I know I had lost it all now I
had to do was to make sure

308) that she had to die so I said jump in the car then
drove her in the

309) woods and thought about it then let her go then she
went straight

310) to the police and I had a friend saying bad news if you
don't turn up

311) that it and when you turn up just say its my case then
we can let you take her then I did that then it turned
out she is not very

312) smart then I took instead of running away I was
shocked she just

313) stood there as it later turned out she had shot herself
somehow her brain could not register it but just stood
there then I took her to the bushes and killed her hit
her continuously in the head I swear no

314) screams or running away just the don't do that I die
you know so we had already changed her name from
gemma mccluskie rodneck to

315) just gemma mccluskie the house was sent to the
English register of stranded houses we call stranded
because no one can say for sure what's with those
house I buried her in the woods in cumbria even

though she was from London I was told in 2013 the
majesty queen

316) Elizabeth became the first royal on earth to amaze
\$100 million from confiscating private house from
people

who would otherwise loose them and was broadcast on
television in august I think but

317) 2024 our cumbria department had the largest of the
share because we confistoicated from orphas in
cumbria that means take and submit in cases where
you submit no one is asked anything royal duties
AUNIECE ASTERY

318) Hi I am auniece astery I am 24 years old and I was
killed by a police officer aerosity aerosty who said I
can but you choose a luxurious lifestyle then forget to
ask and answer questions so what can I do about you
then said I care little about school boys in uniform

319) because this is not my thing so go now before I call
real boys in school uniform and get you kicked in the
butt whole then he

320) laughed hard and choked and grabbed my neck and
said I can but

321) then you will be dead I said and you will follow me too
because it never accused to me that he could even
try to kill me I heard

322) stories about women getting killed but I heard there
was a serial killer

323) so never suspected a police officer until this day he
confessed of killing at least 8 he said aeugenie,
rosemary

and gemma and two boys maybe matthew and abdul when
he said now you do as I say or else I will

- 324) I had a house at 17 leters road cumbria in 2013 when 71 people with own house were murdered or disappeared when he said now
- 325) you must tell everyone that you are sorry and I said for what so I refused because it started making sense another woman called
- 326) Emily said I was told to apologies for capital gains tax when I didn't have a house how is that so so she refused and survived 2013 but
- 327) only to disappear 2014 but her house listed as suspended meaning
- 328) confisticated but when no one is home they used then he said what can be of women with nothing looking at my chest [breast] and
- 329) nothing also checking my back but are in serious capital gains tax
- 330) debt then I said wait and ran inside the house as he had come to my house and said you did not pay I said its not due then he
- 331) knocked at the door then all until now then I asked a friend on the
- 332) phone and he said go to a friend for sometime and come back later when he has gone just you and him he might kill you then I ignored that but he talk to himself and I later found out he has an stupid
- 333) something that tells him everything then when I returned he said
- 334) you cant go to a friend because I kill you today and you see yourself tomorrow I laughed had and I shit myself honestly then he laughed and said go inside I need bathroom I ad promised never to let him in then he pushed me hard that I crapped myself even more first time

335) in my life then he said I want to see the house paper I am starting to think that you are lying then I said now afraid he might take the

336) house then somehow I forgot I had shit myself and went upstairs like

337) that when the bathroom was just next to where he was then when I came back I noticed things on the floor but still ignored all

338) this then I woke up dead I mean with only beautiful legs legs

339) human legs so beautiful I salivated at their site but nothing else then

340) Yahweh said only he will look at my case sometime in the future but he never said anything else ever since I was here is till feel like I

341) have things and I cant do anything else

342) create.playandadduntitled[25].start.save.start create.anots.start create.removeanots.start

343) I am queen and laughed hard imitating the queen 38 yes 1. Auniece aersty [me] 19 years owned a house valued at 2 million pounds

344) 2. Atero atay 21 owned house in same street she said he tried to steal my house street as at 21 aerstera street cumbria wales

345) Oerero staero owned a house valued at 18 million million probably the most expense hence first to die she said I will report him to the real police but he used that to kill her

346) when he offered others 5% of the value of her house after she had died so I was told then he said can I then he

stopped when she woke up she was dead that's what he did that's how I died

347) OTERE OERSTER-OSTER

348) Hi as you hear everything was damaged by the attack by this british English police officer who calls himself queen Elizabeth with blue eyes and he is young and thinks he can be the queen meaning can kill orphans for houses we discovered here that he killed at least 38 we have counted that means roughly 70 million for him in 2014 when queen broke a record in 2013 for stealing properties owned by orphans I was an orphan when both parents died then I

found out they had left the house secretly to me but with condition I get it at 18 years old but after they had changed my name from otere oerster-oster to just otere oerster on y birth certificate then came the problems to claim it I was shocked they actually said that I was faking names and to check her birth certificate but had not remembered that I was at school that means the school had a copy so I secretly got a copy and sent to the claiming department and they called other police officer who helped me secure the house but within 2 weeks I was dead by the very same ones the very aersity aerosty

349) AERERO STAEROSTUVW

350) My name is aerero staerstuvw I am originally Hungarian living in cumbria wales when a police officer called oeretisy oeretosy said

351) I can kill you for nothing and walked away but he said I can but then you will be dead and I shit myself then he said tomorrow you will see yourself then I shit myself then he said I can then you will be

352) then I wee myself standing after he came to me and he said do you want maybe you need money to pay the house I said tomorrow and slammed the house then when I opened again hoping to see him go he

was there and he said I can tell you where you will go
in hell and I shit myself then he said if you don't
believe then what can I do then he said I can but then
now I swear I had ;last what all this was about
353) then he said okay if you can then okay and only got
up from sitting at the house door slab and hitting me
so hard that I fell inside the
354) house and heard long ago then death then he said I
told you I can
355) but then you will be dead he said I will but then who
care about an
356) orphan then I evaporated like then woke up at hell
reception where
357) Yahweh said pc aterosity orestoy killed you for your
house valued at
358) 18 million he buried your body in the woods near the
house in a grave with other two women
359) Auniece astery
360) Gemma mcclusikie-rodnect then I woke up
361) If I can then you will be fucking me instead of this evil
cop because he just want your vagina and the money
from the
362) house sale that means death for the two of us so I
said don't start okay touch the vagina and it touched
that it
363) Hi I am oeretero aersty-omnop I was born in cumbria
then I was put inside oeretero oersty-omnop to help
her then
364) mission changed to killing her in 2014 from being at
easy to
365) attention as advised by pc aerertosity oresotsy who
said I can but she might just report me coordinates
are

- 366) 08.98386890 and 28.0898283 in cumbria north of the church of Christ in city center
- 367) I was buried in a cemetery after another person found my body in the house after it rotted in the house
- 368) House I was told by the other that it was put on the surrender list a list for house who owners has run way but in fact already killed
- 369) ROSEMARY AYTER-PARKINSON
- 370) Hi I am rosemary born rosemary ayter-parkinson and I was killed by a police man called aorsty aorstoy who said I can but you choose
- 371) what you want instead of capital gains tax I want to marry another
- 372) woman who does that when you owe money then I refused then they come quickly now 3 of them and sat outside at just I didn't care I had no one I owed money or anything police in cumbria had developed a
- 373) reputation of killing orphans and taking their house by force endorsed by the queen in 2014 in august that resulted in her
- 374) own death threats because its stealing and murder still in 2024 they are still doing the same then when they came they all asked for the house papers I knew they had killed auniece astery that way so I
- 375) refused and called a friend secretly through a code ask.me we had
- 376) developed as I was about to marry him he was jewish

from Israel then he refused to come my stupid being
british said he got 5% of the house sale because you
just want to marry him so his security
377) and not for love and I shit myself then he said what
about you then I said nothing then he said you are
lying then when I looked down it looked like my leg
had moved then I fell down and died when he
378) spoke I heard take the papers lets go then floated like
a spider web and fazed away and wake up in hell
reception where I was told that
379) Yahweh cannot see you because I shit myself and
said because fear and they said no because you are
stupid then I said its british thing but ever since I was
here

380) AUGENIE ROTERSTUV

381) Hi I am augenie roterstuv I was killed by a police
officer called oerosty oerstoy he said I can but you
waste my time then asked
382) what can be of women without anything [meaning
breasts and arse] with huge debt so I lowered my
paints to reveal my vagina hairs and he instantly
grabbed my neck and twisted so hard so that I died
383) literally but was looking at him as he put me down
saying easy now then he said I can but you decide to
die before I even asked but showing me that means
you are trouble we don't want to be
384) investigated for that then he took out his and wanked
then I died

- 385) then when I came here they said they cant look at my case like this where I had sex before I died but I said check because others have
- 386) seen on the hestimine then they all corrected so I asked to see the hestimine but they read this ...arousal.. but its not then ever since I
- 387) am here no one has looked at my case until now I was thrown in the grave with gemma and oereter oserty
- 388) MATTHEW STERN-OTER
- 389) Hi I am matthew stern-oter I was born in wales then moved to cumbria as a family after father sold the house and bought a smaller but cheaper so we have extra money to bribe us gave me £10000 so
- 390) I had that money at age 18 and never asked how I spent it but realized that he gave me for some reasons then in 2 months both died of suicides but then I had no idea what were suicides but then I had no idea what were suicides then I learnt over the years that
- 391) they had paid everything so why did they kill themselves so I
- 392) started to look at his photo and ask then found out that if you listen
- 393) careful then you can hear exactly what he is saying then I developed a simple software that extract words or anything at deep recording then replaced it louder and that was the first break as he said son I was killed for the house by a police officer called oersety oresoty because of capital gains tax but these are

- paid after selling the house if you see him don't pay him say I go to the police station
- 394) and pay then write out at the back of the notes that they killed my father and mother by introducing carbon monoxide while we
- 395) parked to have sex so he came for sure and started admiring the
- 396) house but I didn't care only because I did because I do not know his
- 397) name then when I heard that pc oerosity oerostoy came looking for me I crapped myself for I had not anticipated this but I quickly ran literally into the toilet and he cursed hard then said come out like
- 398) that so that its believable so I said believable for and to who and he pushed the door so hard that he broke it and ran into me that I
- 399) literally switched off I acted like a computer I heard switching off before damage to the brain 18 seconds, disconnecting pc frame, disconnecting antenna, disconnecting aro disconnecting ars,
- 400) disconnecting aor, disconnecting age, disconnecting ada and I died
- 401) MATTHEW STERN-OTER'S MOTHER AND FATHER
- 402) Suffocated using carbon monoxide exhaust fumes while have sex by the same police officer
- 403) ABDUL ATERANH

404)

I am abdul ateranh I was born in iran but moved as a kid to wales then we bought a house in cumbria in 2005 then moved there in 2010 my parents both died in circumstances that were dubious then I queried the police they said they were having sex and died of sex fumes then I reused that account actually making these accusations then I said its all a like a game of property as at that time they had killed a whopping 28 who were all declared as missing and they made mistake of putting their houses in the suspended section where its suspended because no one claim to pay for bills because they killed them so wait for it to accumulate debt then confiscate it then kill the owner then wait for the house to accumulate debt and take it saying that the owner has disappeared but at that time a boy called matthew had found a way of talking to the dead then he was killed as well for his house then he said I can but then you then he but then you will be like them he said I can then you can be like them all these somehow made me crap myself then the police after his name is oersoty oersoty then he said if I can then you ought to be dead then I fainted for some reason but when I work up then I had died but I later found out that there were two of them one hit me in the back of the head very hard and easily killed me he said was that hard enough hi I am pc aert oster with the cumbria police department I was assigned on this arab boy who cant pay bills on time this is the third time now happening so if we lose the house then we have no bonus so I agreed and went there stealthily as he was in the bathroom I sent him a code atsty that

made him shit himself when he came out he was disoriented he asked have I fainted I feel like I have been hit I had hit him very hard enough to kill him who cares they steal houses and we take from them and I laughed as he literally died and gave last breath and died we left him there and to not so that we suspended his house which we did for non payment of bills so we british we pretended that something is happening before it happens then use that to make it happen like house was sold at auction what he did not know is that his name was changed on his birth documents because as foreigners only foreigner we robbed the others were all welch or british English so he could have got us all caught even before we became millionaires then I died too after 8 years later after being ambushed by a gang that killed as well oersoty oerosoty his real name was atony siles-thimothy but to be honest he changed his name in the end to queen Elizabeth so an inside job did him so he don't implicate the queen his fault so he died too but he went straight to abyss after one of the muggers said he was told that hitting him in the head 8 times will send him to abyss so he died that and when he died no one ever

405) heard of him so I assume he is in hell or abyss

THE KILLER, THE CONFESSION AND THE COORDINATES

406) 2013

407) I had just started and had in cumbria a list of 71 missing persons all had houses isn't it that dubious and it actually said that her majesty income increased that year 2014 from property confistication which means that all the missing people were killed to collect money for the queen of

England so I got really upset because what it means is that I was a police officer who was corrupt to be born that the queen killed 71 people and all had houses and in cumbria which is second class we work hard to make a a living then your queen kills and counts 71 murders with proof then you don't react then what kinda of a policeman are you then they arranged a meeting of me with her behind my back and then said he thinks he can make the same money as you and she applauded that day I wished I had a gun I would have sot her then someone died and they said go and check out and there she was nude completely I had not seen a dead naked body before and it frightened me but enough to kill then started killing ever since and on day of death I had accumulated 38 million pounds when a colleague killed me to take all the money so that he remove 3 million and give all back back but to the police housing association who always got these large sums unaccounted for in cumbria because anyone else is investigated so these I heard after took the money 8 days after he killed me by 8 shorts in the head and I fired back are so some 9 shots so I contested because what happens if you get shot 8 times they send you away from Yahweh because Yahweh represent 8 so being killed this way that means away from Yahweh then somehow I came back at hell reception I had no idea when they said he killed 84 people and I contested that I had counted 81 in ten years when I died in 2018 May 29 a colleague after he borrowed me 80 dollars I said you cant be serious when I have all this money and showed him 38 million he dropped a bottle on the

ground and said why are you still with the force less then he looked at me with awe and I said I can give you a million for free right now he said okay to believe you transfer first then I transferred and as the message said 1 million received from Atony then he said okay my friend keep it safe don't show password to even me and he said look and showered me 8 numbers only and I have my aty in my eyes as I was originally from Canada and adopted the british stupid which is useless as compared to an aty so I said memories the number and it did and could then I only pulled the gun and woke up... transferring money then 8 days later I woke up with 38 million in the account I had secretly opened and my girlfriend said everyone said you rob the robber what is this about so I cried and told her then she called the police and admit and I said look secret money and she looked shocked that I even accepted money and cried all night that I ruined our life together and she told everyone crying that he robbed queen and that I am keeping the money then the real police who don't work in capital gains tax heard and said no one rob the queen then laughed after and said he killed himself that alone made me shit myself and the same day I died I sat down in the park and a woman sad=id today I am so horny I fingered my vagina 38 timmes non stop and squirt a little liquid but shit myself and instantly and there I shit myself and I woke up in abyss then hell reception then abyss where I have been

408)

Hi my name is pc aeroty with the Scotland yard I stole 38 million as a joke with a friend but killed a cop but a dirty cop I said I could be the wife of queen in a pub and everyone got really mad and I said queen again and everyone ran out and I said our cop queen I found out that his surname is aerosty and his name is oerosity they all sing it's the other way round and said look at mine and showed him my id and they all laughed and said he died just a few days ago sorry the stash has been stolen the mugger asked him for the bank details so we suspect his friend who else can you show 38 million stolen apart from a best friend and they pointed on the wall and his picture and his friend and they said sorry expensive bitch man 1 million pounds per night I don't think you can compete with that then I said I can go and get all from him but and left then I checked daily for 5 days and noticed he cried himself to sleep because of his girlfriend who now slept in a separate room in the kitchen scared to be shot as well so waiting to die then I said hey beautiful my exhusband told me a lot about you and he shit himself I heard the pressure so I pulled the gun slowly and said password and a Canadian aty said I can tell you for 5 percent because if a person shits himself he will tell you anything so I but I said no because it will tell everyone at the end if it does not get 5 percent in the end and it said if I can poke your vagina 38 times okay and I said yes so poking is for me to lift my own hand and poke myself and it extract feelings and converts that to male and imagine wanking that's all so I

agreed there so meaning 38 seconds surprise then I was sacred that he had guts to kill the real killer so once I poked

the 38 times I pretended to have an orgasm and it worked and he woke up me just closing my zip and flashing my knickers that I fingered my vagina 38 times but I missed 5 times and poked my own arse smell this and he froze first for fear of shitting himself and for being suspended then I quickly shot him 8 times but the 8th bullet jammed and he fell on his side and searched him for bank card and details but a woman opened the door and sat down peacefully and said I agreed to 30percent so if I died it then you can take it without anyone suspecting I told everyone already and all expect 5 percent so you leave your bank details and go I will say someone found him shot already and implicate his friend who he killed because they said he killed himself so the story because he killed his best friend for money which he stole 60% then killed himself then she kept 20% after the rest given away but I woke up the next morning dead at the hell reception then was told that another cop who wanted my share killed me in sleep after he traced details to me and then he got killed as well by someone who then got killed and I cried until today.

v

AXEL RUDAKUBANA

SENTENCING NOTE

1. During this sentence hearing Axel Rudakubana was determined to disrupt the proceedings so that he would not have to face the victims of his crimes and justice. I was required to have him removed from court, not because that is what he wanted, but he was preventing the hearing from being held in the normal way. Accordingly, I pass sentence in his voluntary absence whilst his Counsel, both Leading and Junior, and solicitor are present in Court.
2. On the 29th July last year Rudakubana left home and travelled by taxi to The Hart Space in Hart Street, Southport, armed with a large kitchen knife which he had bought on the internet on the 13th July. He knew that there was to be a Taylor Swift themed Yoga and Dance Workshop, where very young girls mostly aged between 6 and 11, were to enjoy an organised party safely in an upstairs room, where the organisers were to look after them. There were 26 children at the party, all of them happy and enjoying themselves. It started at 9.30 that morning on a warm summer's day, but he had targeted those very young children for the horrific, extreme violence he was intent upon.
3. At 11.45 that morning he arrived and walked straight into the building, up the stairs to where he could hear the sound of happy children. In his mind was the intention to murder as many of them as he physically could. He wanted to try and carry out mass murder of innocent, happy young girls. Over about 15 minutes he savagely killed three of them, and attempted to kill eight more, as

well as two adults who tried to stop him. It was of such extreme violence, of the utmost and exceptionally high seriousness, that it is difficult to comprehend why it was done.

4. I am sure that Rudakubana had a settled and determined intention to carry out these offences, and that had he been able to, he would have killed each and every child, all 26 of them, as well as any adults who got in his way. It was only because some managed to escape, that prevented many more from being murdered. I am also sure that after the other children, eight of whom he had very seriously injured, managed to escape, it left him in the upstairs room and landing, where he returned to continue his sustained and brutal violence against two of the youngest of those children, stabbing them multiple times. That demonstrated how determined you were to cause the maximum suffering you could. Left alone with them where they had fallen, he continued shocking and extreme violence.
5. Many, who have heard the evidence summarised by the prosecution in this hearing and having seen the CCTV recordings played with a view from the outside of the building, might describe what he did as evil; who could dispute it? On any view, it was at least the most extreme, shocking and exceptionally serious crime.
6. In describing the injuries caused to each of the victims I will summarise the evidence, being conscious that the families of Elsie Stancombe, Bebe King and Alice Da Silva Aguiar are in court, as are the families of each of the other victims. It is necessary, however, in sentencing briefly to refer to the injuries.
7. Elsie Stancombe was aged only 7 when Rudakubana inflicted at least 85 sharp force injuries to her head, face, neck, torso and upper limbs; severe force was used to cause her death.
8. Bebe King was aged only 6 when he inflicted at least 122 sharp force injuries to her head, face, neck, torso and upper limbs. It was the opinion of Dr Cieka, the

Pathologist, that Rudakubana had tried to decapitate her. He concluded that severe force was used to kill her.

9. Alice Da Silva Aguiar was aged 9 when he stabbed her, including a chop wound to her head and four stab wounds to her back, causing substantial internal injury. Although she managed to escape out of the building, she collapsed, and despite all medical help, she died in hospital at 1.20am the following day.
10. C1 was aged 7. She almost managed to escape, but Rudakubana were seen to pull her back into the building and attack her. Stabbing her 32 times, including 23 to her back and arms, causing her life-threatening injuries. Fortunately, she survived, and could be seen on CCTV collapsing outside.
11. C2, who was aged 10 was stabbed eight times, once to the front of her chest and six deep wounds to her back before she managed to escape.
12. C3 was aged 9 and was stabbed three times in the back, causing fractures to her shoulder blade, a rib and undisplaced fractures to two spinal vertebrae, caused with severe force. She managed to escape.
13. C4 was aged 8 and was stabbed four times to her back and another to her left arm, before she escaped.
14. C5 was aged 10. She was caused life-threatening injuries from two deep stab wounds to the back of her chest and substantial internal bleeding before she escaped. Her injuries necessitated the removal of her spleen as well as a blood transfusion.
15. C6, aged 13, who Victim Personal Statement was read by her bravely during this hearing also required a blood transfusion to replace the major loss of blood caused by two stab wounds. One was to her right shoulder and her back, causing life-threatening internal injury. Also, she suffered fractures to two of her spinal vertebrae. Severe force was used to cause those injuries with the knife before she escaped.

16. C7, who is the younger sister of C2, was also a victim of this attack. She had a single stab wound to her back which reached her spine but fortunately didn't cause damage to it. She managed to escape despite her injury.
17. C8 was aged 7 and suffered a deep wound to her arm and a laceration to her chin before she escaped.
18. Leanne Lucas was one of the adult organisers of the party and was looking after all of the children. As she tried to save as many children as she could, Rudakubana attacked her also. She did all she could before escaping, but suffered five stab wounds to her head, neck, back, shoulder blade and arm. She required a blood transfusion. She also suffered fractures to a spinal vertebrae, a rib and shoulder blade, all caused by severe force.
19. Jonathan Hayes was an adult working in a different part of the upstairs to the building. After he heard the disturbance, he went out to see what had happened and was attacked with the knife. Rudakubana stabbed him in the leg, causing a deep wound, as he tried to kill him. He was only saved when another witness appeared.
20. I have read each of the Victim Personal Statements and many have been read out to the court. They are all deeply moving. The harm that Rudakubana has caused to each family, each child and to the community has been profound and permanent. For the families of Elsie, Bebe and Alice, they will never recover from what happened to their daughters. For those children and the adults that he attempted to murder, their lives will never be the same, nor will their families who are left to look after their exceptionally brave daughters. Also, for the emergency services, whose personnel had to deal with the aftermath.
21. In just under 15 minutes Rudakubana murdered 3 children, attempted to murder 8 other children and also 2 adults. He was prevented from murdering more, only by the escape of the other children.

22. When the police arrived, at about 12 noon they found him standing over the body of Bebe King and still holding your knife. It was Bebe who had suffered at least 122 separate knife wounds. He was arrested and taken into custody. Whilst Rudakubana did not say anything in his police interviews he did make unsolicited comments, which are deeply disturbing, including “I’m glad to see those kids are dead, it makes me happy” and “It’s a good thing those children are dead”.
23. In his home the police discovered clear evidence of a settled intention to carry out mass killing. On one of his computers were files proving that he had a long standing preoccupation with violent killing and genocide. Of particular significance were copies of an Al-Qaeda training manual, which described methods of killing with a knife and where to attack the victim. Part of it referred to attacking the head and neck, just as he had done to some of the victims in this case.
24. Also, the manual provided instruction on how to produce Ricin, a highly dangerous toxin, which can cause multiple deaths and has no known antidote. I am sure that he had followed those instructions, because the police found in his bedroom the materials to produce Ricin and a pulp residue within a container. That was examined by an expert in chemical and biological warfare agents, Dr Martin Pearce, and confirmed it was Ricin pulp and castor oil. His opinion was that there was sufficient Ricin pulp, that with some further purification process it would have provided a range of up to 1,269 doses, which would cause death if inhaled. However, there was no evidence that Rudakubana had recently tried purification.
25. I am satisfied that for some time he had planned to kill as many people as he could, as the prosecution have called it “a mass killing”. He bought the knife he wanted to use, which had a particularly sharp point; he had read information on how to stab people with greatest effect to kill them; he saw the publicity for a children’s party in Southport at The Hart Space Dance Studio and decided to kill

as many as you could, targeting very young children. I am also satisfied that if he hadn't decided that way of killing, in time he was likely to use the Ricin he had produced.

26. The prosecution have made it clear that these proceedings were not acts of terrorism within the meaning of the terrorism legislation, because there is no evidence that Rudakubana's purpose was to advance a political, religious, racial or ideological cause. I must accept that conclusion. However, in my judgment, his culpability for this extreme level of violence is equivalent in its seriousness to terrorist murders, whatever his purpose. Whether his motivation was for terrorism or not misses the point. What he did on the 29th July last year has caused such shock and revulsion to the whole nation, that it must be viewed as being at the extreme level of crime. His culpability, and the harm he caused and intended, were at the highest. I do not, however, take into account against him, what happened in different parts of the country after his arrest, he did not cause that.

27. Axel Rudakubana was born in Cardiff on the 7th August of 2006. He is a UK citizen now aged 18, but was still 17 when he committed these offences. He was only nine days short of his 18th birthday, which has a particular significance. Had he been 18, I make it clear that I would have been compelled to impose on him, life imprisonment without a minimum term, otherwise known as a whole life term, meaning that he would never be released. However, the law does not permit such a sentence for those offenders who are under 18 when they offend.

28. Rudakubana has only one previous conviction. On the 19th February 2020, when he was aged 13, for possession of a knife on school premises, assault and possession of an offensive weapon in a public place. He was made subject to a juvenile Referral Order. Those offences took place when he returned to the school from which he had been excluded due to his previous behaviour. He entered the school without permission, carrying a knife and hockey stick, intent on attacking another pupil whom he said had bullied him.

29. For the offence of Murder on Counts 1, 2 and 3 the sentence must be Custody for Life. I am required to fix the minimum term which he must serve in custody before he may apply to the Parole Board for his release. It will be for the Board to decide if he is ever safe to be released into the community and if ever he is, he will remain on licence for the rest of his life, subject to recall into custody if he breaches his licence terms. The minimum term I will fix will be a very substantial one and the very least he will be detained, which will mean that he will serve almost the whole of his life in custody. I consider at this time that it is likely that he will never be released and that he will be in custody for all his life.

30. The Starting Point in deciding the minimum term in custody on Counts 1 – 3, must be 27 years, because he was 17 years old when he murdered Elsie, Bebe and Alice. I find the following circumstances make those murders yet more serious. Firstly, there are two exceptionally high factors that would, but for his age, require me to impose a whole life term:- the murder of two or more persons where each murder involved a substantial degree of premeditation or planning, and it was in each case the murder of a child with such premeditation or planning and it was in each case the murder . Secondly, the children were particularly vulnerable because of their very young age, being 7, 6 and 9 respectively. Thirdly, the physical suffering that he caused as he repeatedly stabbed them. Fourthly, there were three murders. Fifthly, at the time he carried out these murders, he also attempted to kill 10 more, eight of whom were also very young children. Sixthly, the severity of the injuries caused to the victims. Seventhly, he had produced the highly toxic poison Ricin, which he was very likely to use at some time had he not committed these offences.

31. In mitigation for this offending, Rudakubana is still only 18 years old. However, I consider that his age has already provided him with a substantial reduction in his sentence, because it means that he has avoided a whole life term. Whilst he has entered guilty pleas, saving the families and victims the pain of a trial, he cannot claim to have shown any remorse. His unsolicited comments in the police

station made clear his feelings. However, lack of remorse is not an aggravating factor.

32. I have read evidence within a statement of an Assistant Head Teacher which describes how Rudakubana's early years at school developed from a normal student to one who became increasingly threatening to those he felt had wronged him, leading to his exclusion. None of this gives any indication of what he was to do on the 29th July last year.
33. I have read the Intermediary Assessment Report, dated the 24th September 2024 in which its author said that he presented as having high functioning Autism and that he does not have any associated learning disabilities. The report found that he had some communication and attention difficulties. None of this offered any explanation for this offending. No further expert evidence has been provided on his behalf.
34. I have taken into account the Overarching Principles – Sentencing Children and Young People. The fact that he is now 18 years old does not make the guideline irrelevant. However, it does not appear that his emotional age is different to his chronological age. I will give him the appropriate discount to reflect the fact that whilst almost 18, he was still young.
35. In sentencing I will impose concurrent sentences, meaning that they will all be served at the same time. However, I will treat the Murder offences in Counts 1 – 3 as the lead offences, and take into account all of the total offending when fixing the minimum term of custody he must serve. Also, I have in mind the totality of the sentences, requiring me to take a step back and consider whether they are just and proportionate, and I conclude that they are.
36. The guilty pleas will allow some small discount on the sentence because they were entered so late, on the first day of the trial.

37. I turn to the Attempted Murder offences in Counts 4 – 13. Each of these offences requires me to impose concurrent sentences of Custody for Life under s. 272 Sentencing Act 2020. Each offence is within Schedule 19 of the Act; I am satisfied in the circumstances of these offences that Rudakubana is a Dangerous Offender, and that the circumstances justify the imposition of a life sentence. I must then fix the custodial term which he must serve.
38. For each of the offences where he attempted to murder a child, being Counts 4 – 11, the appropriate sentence guideline is category A2 with a Starting Point for sentence of 30 years, with a range up to 35 years. The very young age of each victim and the substantial planning by him, requires me to increase that sentence to the top of the range, before reducing it, to reflect his age, his late guilty plea and to reach the minimum term for these offences. Accordingly, I firstly reduce the sentence to 30 years for his age and 27 years for the guilty plea, leading to a minimum term of 18 years on each of Counts 4 – 11 concurrently.
39. On Counts 12 and 13, which are the Attempted Murder of the adults, Leanne Lucas and Jonathan Hayes, the guideline category is B2, with a Starting Point of 25 years and a range up to 30 years. With the same aggravating factors of seriousness and mitigation for Counts 4 – 11, I increase the sentence to 30 years, before reducing it to 27 years for age and to 24 years for guilty plea, leading to a minimum term on these two Counts of 16 years concurrently.
40. I turn now to remaining Counts. On Count 14, Having an Article with a Blade, the sentence is 18 months custody. This is a category 1A offence for which I have reduced the sentence to reflect his age and plea.
41. Count 15, Production of a Biological Toxin, there is no offence specific sentence guideline. I have been assisted by reference to the case of *R v Mohammed Ammer Ali* [2016] EWCA Crim 864, in which a sentence of 8 years imprisonment after conviction was upheld by the Court of Appeal, a decision based upon its own facts. I am satisfied that his production of Ricin was more advanced and is associated with Rudakubana's mindset to cause many killings, whilst he had not

used the Ricin by the time of his arrest. Taking into account his culpability and the harm risked, allowing for his age and guilty plea, I sentence him concurrently to 12 years custody.

42. Count 16, Possession of a Document Likely to be Useful to a Person Preparing an Act of Terrorism, the sentence is 18 months Custody, after taking into account his age and plea and applying the guideline category 3C.

43. I am now going to sentence Axel Rudakubana, having explained my reasons.

- On Counts 1 – 3, Murder, I sentence him to Custody for Life with a minimum term which he must serve in custody of 52 years, less the time he has already served. He has been in custody for 175 days on remand for which he will be credited. **Therefore, the minimum term is 51 years and 190 days.**
- On Counts 4 – 11, I sentence him concurrently to Custody for Life with a minimum term of 18 years, less 175 days served, on each Count concurrently with each other. Allowing for his time served on remand, the minimum term on those Counts is 17 years and 190 days.
- On Counts 12 and 13, I sentence him concurrently to Custody for Life with a minimum term of 16 years, less his time served on remand, on each Count concurrently with each other, leading to a minimum term on those Counts of 15 years and 190 days.
- On Counts 14 and 16, I sentence him to 18 months custody, concurrently with each other and on all offences.
- He will pay the appropriate under 18 Statutory Charge, which will be entered on the Court record.

44. Accordingly in total, I sentence Rudakubana to 13 sentences of Custody for Life, and a minimum term to be served in custody is 51 years and 190 days. It is highly likely that he will never be released.
