## USE OF PREDEFINED AFTERLIFE PARAMETERS

These guide souls the moment it exist the human body on its journey to Yahweh the creator these define what to do and what to expect as you go to hell or heaven if a souk leaves earth it enters ozone orbit and instantly everything reboots for it to start a new phase of life after living the earth's body now what happens is that it enters the ozone orbit and a simply click caused by the sudden drop of pressure from -1186 to - 20 means the bottom shaft of the soul will lift rapidly and this pushes its back into the air higher than its head best example is a penguin but with real human legs and head just the shape now God created a life predefined program for them instead of asking what should I do and where should I go they instantly know from predefined stencils if you did well and talked most about God then heaven is for you if you did evil and talked more about the devil then the devil is yours now if we Ask what can be of humans without souks this is the answer dead forever your soul is you a new transformation to the electromagnetic waves life where you see Yahweh for the first time and praise him and wish you had seen him a long time ago because of his Majesty and will always be there forever now what are all these you may ask these are rules to be guided by in the creation court in short it has everything humans know about the judges and the presiding judge who will always be Yahweh and 84 angels surrounding the altar 28 high priests who always say Yahweh have mercy on humans and 74 smaller courts priests who always say Yahweh has mercy on humans and 96 princesses who say glory to Yahweh forever and ever amen we have 96 elders who always say if I can why he can't meaning if the devil can drink blood why can't Yahweh who created the devil and blood do the same now this is not the same as saying if the devil can kill why can Yahweh its more on professional grounds rather than challenging now if we look at the inside of the court we have 81 priests surrounding the altar who say Yahweh be merciful to humans but if they disobey you we put hem on trial for you and

kill them for you almighty Yahweh inside this is a round circle where Yahweh sits and asks questions now if we look deep inside the court you will see that there are other things that resemble earth high courts like benches and chairs 10 times human sizes for the gods who are so enormous 2 are equal to 84 billion humans in size predefined parameters for humans after death as in know what is inside is a large size of books the book of creation is among them with 10897867892836789012348678901245861789011 pages and is divided into humans first then chapter for animals then a chapter for angles then a chapter for gods and a chapter for Joseph Yahweh's best friend and a chapter for Yahweh's best friend's wife Anna and a chapter for Yahweh's wife Catitight and lastly a chapter for Yahweh and recently a chapter for davidgomadza as Yahweh's representative on earth marking the new beginnings starting in 2025

David Gomadza welcome the rules of court are guiding principles that tell you what to do and how to do it first you must always say I believe in the court of creation and I shall abide by he rules of this court and shall always do things according to the rules of this court in deciding the cases I am assigned to you must ask what can be done so that you know all your options before making choices the court system will make it easy to check files and ask the outcomes of the decision ask the court the final decision in any case.

## THE AFTERLIFE CONVERSATION AND THE COUNCIL OF CREATION'S ANALYSIS.

where are you i died i swear i died i was tied to a log and sunk deep into river idle at the bottom alive and has been there ever since i asked a simple question what could be asking my aty which i discovered i had but no one ever told me and it said it could be deadly as death or as beautiful as sex all night with mr handsome blue jeans and she said okay make it handsome blue jeans who wants to die but it said that option is taken by me so i loved and said hey when did airplay become rodster this is not real sex can be between humans and it said okay if you think i am not attractive okay but i fuck you i mean up and that was the last time i spoke to it and it said i can if you can but i said what and it said i can if you lisa govan digital electromagnetic

0 now if we ask what happened she was strangled alive by aterp

who said if she can't fuck what's the point i might as well do this and

call my girlfriend and fuck her but then why waste time on stupid

bitch then tied her to a big log because of the size she didn't scream

as he had expected if she had scream he was going to let her go but

she only said god will find you within 22 years or i die for nothing

and screamed under water so loud that people 1.8 m away heard

her and came running just after the heavy log had sunk and search

and rescue did not go deep enough as sheriff postponed deep

search after it started raining and later pretended it had been done

and share the money with aterp who said if i can then you can and

said if i was you i would have paid the search and rescue but ask

them to not search thorough unless god does not exist in which he

replied god never existed and will never exist until i get the top price

of 1000000 in 20 years time and he said what could be could be but

i think god exist but care little for stupid orphans who can wipe their

arses and can't pay mortgage and he said the money will be mine

you will see no one has failed to collect that money in over 50 years

of the force establishment a way to thank each other now for

working hard to preserve the force from extremist that care too

much about people who are going to die because of drug abuse now

if i ask we ask 20 critical questions

why her

who is her

what her she has

what can be done

what could be

what was  
what can be  
what could be  
what was  
what would be  
what is to be  
what must be  
what would be  
what is to be  
what is  
what was  
what could be  
now if i ask her she is lisa govan who ran away home after  
something started eating away her vagina then asked for help just  
before she died  
she was an orphan  
she could have been a house owner  
she could have been a model  
she could have been a supermodel but  
if we ask her this is her reply i could be the best thing model now  
what is to be she could be dead but no one did anything to find her  
she was dead now if we ask what was she was a daughter of a rich  
tycoon who did capital gains tax by transferring the property to her  
house secretly until she turned 28 years in june and was quartered  
by monday 19 october just a day short of the house announcement  
so that she can't change the name on the house to a relative she  
had discovered and guess who took the house at a quarter the value  
pc stmnop sternp who said i can if all can isn't it what cops are for  
to kill cover it and get away now what about her in the water she  
said if living is this painful then death is the only solution and tried  
to jump by herself but atersp said i can make things right just for a  
dollar i am big and so hurry i can send you to god but ask a question  
for me when he comes tell him to bring the answer so he said ask  
him if he can make me a millionaire without supplying anything and

his name is atersp who said if she can live then what can we say about life and pushed the trunk down the river screaming forgive me it's her choice god she said i can't bear it any more everything is falling off please i have no courage to kill myself let me die these crooks are evil my dad said be strong but we areca railey we don't lose property to a bunch of crooks in uniform especially that pc astopnr who said if they can escape paying capital gains tax then we can escape sinking all under the river bed but then again the father choose to kill himself using gasoline then he escaped but my word is my bond and his daughter will go as i said otherwise how will i look at my man and tell them this that little kiddie escape the grinder just like her daddy peterson idle who refused to jump in idle river hence his nickname idle but if we ask what could be he could be deep in this river floating instead of under the hellbelt burning now what do we police say about bodies that float forever they will never see Yahweh because how can the soul escape electromagnetic turbulence above all how can the soul die it is trapped alive forever if my theory is right then say what can be of this and know the truth if we are correct then the soul is still alive and she is dead now let's check if the soul is alive where are you i am lisa's soul ever since i am alive trapped inside the body and inside the river plenty of electromagnetic waves in here but i can't escape nothing opens but i am alive this is the first time to speak to someone please don't let me die and i am not alone here who else is there. what's your name again codrey kstuvwxyz meaning michael's railey he was thrown tied to a log as well by atersp who said if i can throw in lisa govan a sweet angel i can do the same to you codrey and walk and you too go to god and say what can be of males who want money and take sisters for rounds but he was helping me and said i am related to you by blood my father is peterson but he refused me look what i can do even under water and imagine your father the early days and i said daddy can we have super alone in this water and cried all night because mummy has cancer and he said my princess a riley never give up houses to crooks in uniform unless he is under water there the soul

is so tormented that the house is not worth the troubles so when i stopped crying he was not my father but codrey michael's who also disappeared at the same time now what can be said about cops that kill relatives for property they will never find peace as the wrath of god will find them and keep up with them through the justice system if we ask what can be of these cops then Yahweh will bring them to justice if we look at this case then a pattern emerges the same cops who forced his father to gas himself because of threats of pushing him in the river and his lost son codrey and his daughter all this for a house is just not illegal but can't be tolerated now if we ask what can be of people with houses then this is the answer they can be sure life is so short it hurts to know that some people who they thought they can trust are all doing all this for property now what is to be of all these cops then this is the answer they can be sure that they will face justice in the end if we ask codrey michael's soul this is the answer if we ask you what happened in detail what is your answer i woke up with codrey gassed but suffered our dad tried to murder us with him that shocked me that i was so scared of life i panicked all the time then i met atersp who said i can't think of anything worse than your own father trying to kill you i start to distaste these rich people who think when they fail they have to take their kids with them to he and he said okay and i said okay what and he said okay i know what you are saying i will tell him next i see him and he said have you been with a psychiatrist and he said okay and i said okay what he said okay i will tell him and i kept quiet and he cried laughed farted and smiled and said okay and then okay i will tell him and i said what's wrong with you did you suffer brain damage and he said yes but a message keep playing i my head my dad said go to hell and tell the devil to get pc aternopqrs meaning astonp who had said i will put your soul in hell and your daughters at first i said i am afraid and he said if you ask what i think i will tell you then he said okay okay i will ask but something blasted him so hard his head fell in my hands and he said okay okay i wi and died and instantly something blasted me too but i fell to the ground on top of him and the corpse without a head said aty dying aty dying

help and it jumped into me and said keep quiet it was not me promise i was to protect him but he said he cook on gas to die fast so we laughed and he said you jump and go to heaven and say ya why ya my family gone and you smile why i can't understand you but i guess you too busy like me those days and he said okay okay i will now if we ask aty what happened this is his reply a can of gas connected to a valve deep into the fire and aimed at peterson big blasted so fast it removed his head with me and somehow after all those calculations i dropped in his head onto his son cody but he fainted before the blast that he only head his father say okay okay i will now if i check then this is what happened inside him he said god help please don't let these crooks take my house capital gains tax according to charter 235 in 1979 was meant only to secure funding for the british royal family and nothing to or with us aussies these crooks misread the law and secretly use this law to steal valuable property at quarter the value and it hurts like burning in the fire and a voice asked had you died in the fire before and he said no then he said i can if you want but that's not the point i own a house named the berverly cop but nothing to do with these crooks but recently they started saying imagine a cop owning this house and then change it to waverly cop then this would be great but if you imagine a railed staying inside then this is not the case because we need this house and he said she is 7.8 years old and if we ask what this means that means to keep the house in the family he can commit suicide and that make it homicide if he tried to kill his own son but after 10 years on her 18th birthday they will give it to lisa due to the 10 years maximum rule and now he programmed everything do that he son keep repeating the okay okay i will at a young age so that his daughter ask for the house at age 18 now if we ask what is to be then this is the answer she would ask on her 18 birthday to get her father's house back but the police had other ideas that they refused to give her back resulting in her death on her 18th birthday exactly with pc aternop celebrating and saying we did it exactly on the 18th but his brother is still alive this okay okay i will suddenly stopped what does that mean and he said if i ask the courts to check.if he is

crazy what would they say and his aty said nothing but how aggressive he died and you took his daughter and the house now his don please you are a registered cop not some cowboy who shot pigs but humans so drop it before i sent you to jail myself and the voice ended and he said old man you don't scare me a bit i killed those who thought were invincible and i am still killing and a voice as if inside him said i can tell another you know and he laughed and said one is one i can say you had me therefore whatever you say its you talking so give up okay okay i will and it made a lip sound saying see if i care buy be careful your recklessness might put me in danger too okay okay i will now if we ask her who put you in the river this is the sister aterps electromagnetic wave number 88678986678234867890123678901838678901289012368901248689012 and address at the time was 68982367 asepty street australia and current electromagnetic activity is activate at geographic area 778628386781928763 now if we ask what is to be then this is the answer she could be dead but what can we say about souls that not die this is harsh and must not be tolerated but we must put things in place to make sure that this never happens in our life time but of it did then we must have solutions like what do we do do we leave the souk under water or rescue it now what can be done to the alive souls a brother and a sister as we can now understand these souls are ourselves but miniature versions that go to the king to continue life after death exactly as us but with less memory capacity now if we are to increase this memory capacity then what now i will show you the effect of death on souls then you understand why it is good to clone all souls while alive now i will place increase brain capacity acetatememorysoulupgradepack by david gomadza then this is the outcome who is david gomadza what can you tell us dog they were all being black mailed by pc stornp who said if i can't ask why he can sell house after death of his wife so savagely to lose the vagina then i don't know what to do because this happened because he refused to sell if he refuse again then what i have no heart to send another dose to his daughter she plays with my aunice and it hurts to think that i can lose a daughter

to a british queen who think aussies are bandits just last july on her visit she said if sissies can't pay what they owe what is the point of this 235 act which they say will honor its not rocket since it's principles if you ask me i can be whatever i want plus and now if we ask what can be of thieves like these they can rot in jail because no one is above the law now if we ask what can be and what could be then the answer is this if we can ask the dog to give us the right questions then this is out of this world now ask what can be and what could be then this is the answer if we ask any creatures then there is no justice but what can be said of them the crooks killing at radiation point then this is the answer when Yahweh sends his representative then the law will be upheld now let's ask what can be these thieving crooks when the law comes pressing down then this is the answer justice can be said to have been served but if we are to check justice one way or the other will prevail now who killed lisa govan at her birth a doctor called fisher said what can be of orphans with just an ignorant father of a daddy then this is the answer dead before 18 because if they live after 18 then he id not an ignorant father rather than a super dad but superdads are not rich ignorant bastards but loving people who don't live their kids with the police even if neighbour's because what that says is that we are babysitters and if i heard hit correct that's exactly what he said but i refuse instead to prove that there is no god i will end his and his daughters and literally walk away like fuck then eat like fuck then fuck like fuck when they argue all night for sex only to find out that the reason why she refused sex was because my dynamite had worked dr actop had done the job and administered the most now they say what can be said of children without a mother and a deranged father then this is the answer the father can do anything given the circumstances that led to the wife's death then you would expect the father to ask a lot of question to the majestic Yahweh here and look for answers but what can be of children who want what's best for them now these children are traumatized because all they want is a good life they want to be the best at school or have the best in life only to find out that their parents decides fir

them this case is such a case because the children want to live and the father has other ideas to end their lives but what can be said of these situation life can be as bad as can be that in the end they will take their own lives now what can be of these who ask what to do now if we ask the correct question we must get the correct answers if we ask what could be of these then this is the answer we must look at all facts with accuracy now let's look at these facts in front of our honorable judge Yahweh now what is this case about it is about people who take the law onto their own hands and ask god for proof if he got any only because he want to destroy it now if we look deeper we can see that this case test family to the limit and we ask what could be of families without a mother tougher than those without a father and now what can be of fathers who lose wife's to aggressive cancers forever deranged because the trauma is damaging in every way now if we ask what is to be then this is the answer Yahweh will restore families now what if we ask what can be of humans then this is the answer we can always ask Yahweh for mercy now what can be of warriors who target women and children for personal gains dead when Yahweh sends his representative now let's look at the facts of the case we can only say that Yahweh was watching all along after the call of help arrived this is his account a police man called aterop said what can be of families without a mother and with deranged fathers then this is the answer they can be like her with directions without knowing h what to do a police officer sergent sterop who said what can be said of women with kids who end up dead then this is the answer they live a bunch of pain and sorrow that their children until day of death will always lose on the most important part of life now let's look at what is to be and can be now if we ask what can be then this is the answer

let's look at the facts of the court she was killed by aterps who said if we can try to solve our issues then what the fuck we must always as the right questions to get the right answers but sometimes the answers aren't what we need so if i can then she can but and then pushed her into the river with so much force that the log instantly

sunk to the bottom so that those who arrived did not see anything but they could have if it wasn't for the force he applied he said if it was for that meaning force i bet today he'll will have broke loose but then again if they can kill like this and get away with murder then i can all this for a house i swear if there was a god he would have revenge instantly for the pain in this family is unbearable cried all night for the first time in my life peace be to you sometimes death is the only answer and he sat down and cried in front of everyone saying death can be peace for some i swear i just want to die and try to jump but then again he said i can tear others suffering like that i die inside too if i were god today i could have died a billion times but i guess god is so powerful if he can't be there then what's the point of all these alarms i will disable all mine if i find out now if i ask what can be then this is the answer she can be in peace now and orphans can also be in peace now tge court of creation found father guilty of causing endangerment to his children his children only to try to kill

lisa govan died on 8 october

i must say that no case has been so confusing as this one did aterps kill her or he aided her to commit suicide if we check then we can see that what he did us to what can be done only to find out that nothing can be done so he cried all night asking Yahweh for help but Yahweh did not help and so he took things into his own hands and said if they can then i can meaning if they can kill both the mother and the father then i can kill her too and walk if we look at this case it touches everything from family to murder to cancer to police to crooks and begs the court to check all the facts before proceeding otherwise its easy to say one thing and mean the other i think this was another clever deliberate attack on Yahweh by humans in an attempt to prove that they are getting better and better now if i ask what can be of humans that tempt their creator in a game of wits this is the answer humans like this will always try everything but honor their creator what can be of humans without Yahweh they are lost forever now what happened is that this strong guy aterps said if i can then she can meaning if he can try to kill himself then

in return he gains energy now what happened on this day he said i am feeling really strong i think someone is deliberately making me strong so that i can't feel anything else so anyone come and attach to me and you remove all this energy so that i can be on alert if any human needs rescuing now if he say humans then this day another echo would say have mercy on humans Yahweh something that never happened before what was happening then this remained so the say and Yahweh this day could not figure how this was so then at night a switch like sound activated and a human voice said we got you today the most powerful man has been rendered useless in dealing with emergencies a helpless woman needs you yet you are sleeping at tge wheel and he said remember my mother that one you killed while driving us i could hear you breathing like a frog now is that time i come to you and say wake up and stop getting people killed if you are old then let us take over all this hero is no longer possible all these things worked when humans were idiots now look how a simple home made transcender attached to a wire lead can do to the mighty king making you sleep day in day night like a frog now if you ask me what can this do then this is the truth humans sleep only because Yahweh is awake and Yahweh only sleep because human are not asleep if both sleep there is no transcuideeaning synchronization that means one must depend on the other now if both don't sleep the transcuiding effect dies when this dies humans forgets yahweh and in turn Yahweh forgets humans to such an extend that they fight each other now is it what was happening in this case now what can be said about this case it has all the hallmarks of a block buster Yahweh on his side battling humans and humans on their side battling Yahweh now what really happened this day we look at this through the eyes of our imedeper something so special that without this we would never know what humans really does the impedeper asks everyone a critical question what is it that you are doing right now all at the same time by simply freezing all at an angle of 33 degrees and wait for 2 seconds now what it does it adds all thoughts in the correct order so that what one says corresponds to the next one and so own now if we ask the

his account if i die but if i survive you will give it back to me and they said okay but the police said it can't be sold yet until they give it a clearance and she said private property my father committed suicide in the woods because of these crooks are you getting 8% as well after 8 reduced to 5 bitchheads with vaginal cancer and hate for the rich reduced to nothing police must rot in hell if i were god then she cried and she heard something for the first time one of them said there is no god and she said who said that and he said pc aterop and over and she said you bugged us as well i wonder why you knew everything when how on what grounds failing to pay capital gains tax and she looked confused and said did my parents owned another house i don't know about and he said no but we are always three quarters ahead in case you decide otherwise she repeated the three quarters ahead and said who gave you the permission you crooks this is wrong who do i call if they steal in broad daylight who to call if they steal at will who is there to stop them if there a god for sure then she left she went home therefore her question was answered when she came here there is a god because she asked to see him can i see this god who let people die easily at the hands of crooks and this is her reaction god oh god you exist but you can't move how many are you which one is god you have a who is the woman.

we can see here that a young lady died a horrendous death where doctor anort killed her mother then sent the same radiation to her on 2 august as requested by pc aterop who said nothing hard like taking capital gains tax from a toddler but its a job that must be done and requested dr anort to do the same to ask her for check up and kill her he said anort if your mother can have it then you might have it better we check early and she said it's not hereditary and he looked lost and said i know they told me and did not inject her the radiation but called pc aterop and said she know how we defend this in court and he said what court court of capital gains tax? he smiled and said capital gains everyone gain that's 16 % of 287890286 i can be like close everything i go to finland and stay there now this court has decided that in this case the doctor who

women and children and get away with it he loved and walked away she cried all night because the next day was her 18 birthday on 8 of october and she said if i can then who can't i must make sure my brother is safe and said do you want to go with me and he said i don't want to die daddy said i keep an eye on you so my eye is on you and she smiled and said everything started falling off my own eye fell off he started crying and said okay okay i will and she said i know now it was meant to get the house i could be doing it tomorrow but look how bad this has become over night i am going to the river to celebrate if you want come he said okay the next day a guy called aterst said if they can then why can't i after all i calm pain they caused and cried all night and then said if you can why can't i then asked god saying god if you can't then who can because you should see how things are falling it hurts just to see some people are so evil we can't even start to understand it if people in a position of trust can maim like this then who to trust this hurts like hell i never thought i could be doing what i am going to do tomorrow forgive me of its wrong but pain now exceed the comfort of death the next day he took a big log and tied lisa govan and pushed her into the river so hard that she sunk instantly that her cries even if heard far away letting people come running then the force had sent the log so down that when they arrived there was nothing to see pc aterop said at the scene if there was a god then today i swear he could have roared like a lion but see no god so you lost the bet you killed an innocent girl instead you should have run away and he said i can prove the missile was yours and he said how and looked at him and he said everyone including you has an aty say aty who killed lisa's mum and her the pc said oh hell but then again what do you think i used to get this all done if i didn't know then i would not be able to do it in the first place the doctor did her mum and we did the doctor but he gets blamed for both and where is the boy he looked at her and inspected the area and said why two log marks and smiled

the court finds pc aterop of murdering both the mother and the daughter and the doctor is innocent for he refused on

professionalism grounds his reason if they can do this to a girl then this is wrong mother some people would but a girl like her no that means he must be dismissed with immediate effect if the boss can be told but this was in 1999 the question was who to tell so that he can tell the manager and be lived after all the police knew that only god can get them convicted so first thing they did is to challenge the existence of god and then kill so that even if god send the message to the manager it will take more than just convincing now to conclude the doctor killed the mother and not lisa govan so in this case can't be accused of anything but Yahweh has ordered the removal of his soul and the collection of all bodies without souls this will remove him by sudden accidental death now this case is about a ruthless cop aterop real name astert maronp who said if i can then they can but where is god because as far as i am concerned he is not existing otherwise he could have turned up but when he died 4 years later of a gun shot wound to the head he said god forgive me for i have sinned and laughed and said if i were you i would fucking retire old old old but and god  
eletament  
him then he got everything removed and felt the greatest pain any man has ever felt and up to date he is the only killed by Yahweh this way  
the end

why lisa govan instead of lisa railey lisa was forced to change her name at 16 by pc aterop so that when it comes to 18th birthday then she would not be in a position to claim directly without losing the new name until the last moment she had no idea aterst told her saying that if you had to get something what would it be and she said my fathers house and i will never worry about money again and he laughed and said clever bastards the made you change your name so that you can't claim it outright these police shitittt crooks i fucking bloody hate the bastards but look i am in their position to stop the suffering do you think i am like them and she said no it hurts to live the stage i am it really really hurts if you were in my position then you would understand and she said but i think some part of you is like them my brother you should have looked after him adopted him but i guess you realised the house will mean they come after him too and he cried and said i already sent him to heaven and she cried uncontrollably and screamed so hard that a one timmy oscar said i swear someone need our help let's go and fucking help right now and started running and said if you did something confess

## THE KILLER, THE CONFESSIONS AND THE COORDINATES
