THE AFTERLIFE CONVERSATION AND THE COUNCIL OF CREATION'S ANALYSIS.

I am Jessie Morrissey I love my job I work with animals at the farm I own I have the biggest house in the city and no one matches me so I put extra work to impress but lately a policeman had been coming to the ranch and started asking so personal questions like how come it's only you who work such a huge ranch shouldn't you be with someone because as I am concerned you might be unable to pay the bills in the future and lose all this so I said mind your business this has nothing to do with you so he left then came back same day with a pretty girl so I agreed and worked with her well for 8 months then she said we can be a couple if you like and work but I realised that he brought the girl so that I will fail in the future so I refused gently so she won't storm out but that's the mistake I did I let her room to wait for me if I had said no it was going to be a one off and move on then after another 8 months with no sex just paying I was now burning that's 16 months working tether with nothing going on between us despite revealing everything slowly then one day she brought alcohol to work thinking she wanted me to be in trouble so I sacked her and said you broke rules I said no alcohol at work or I lose ranch license she refused and called this policeman who brought her and said I

caught him drinking alcohol then he offered but I refused would I lie to you dad that alone calling him dad killed me and I said why she call you dad I never looked at him enough to see the resemblances then he cursed and said you can't sack my daughter did anyone drink the alcohol honestly I said no then he took the alcohol and drunk all there and drove off then days later he is the one sacked from work then that's all started he said I gave you my own then you waited 16 months to fight that's just wasting time okay I have no job I can work for you you sack her then emoyee me then I realised him losing the job can make him aggressive to kill me having all his guns etc so I said I pay her double then he agreed so we nt another 8 months then she fall pregnant and left after showing me papers from the doctor then I realised I was closed but I had fallen for her the only person I spoke to for 2 years so I said who is the father she pointed at me and said too much thinking about you and it came as a shock because there were rumors the father got her own daughter pregnant but when she said me without sleeping her her that freaked me out and said to my aty what can be of her and me and it said death or marriage then I thought about it and said marriage then it cursed and said then death for you and I said I thought death for her and it said if you refuse they had to kill her if you accept then they have to kill you even if it's not you because after such a long time just the two of you who would dought her so marry her and then divorced her for half the ranch then you have life otherwise it's your death but if you want you can ditch and dump now say I lost time waiting for fathers baby if it's father she will run away but the father will have to kill you because you accused him of sleeping with his own so I said if I don't want then what then it said don't want what then it stopped talking so I said you replied all this time why not now it said death is being planned as we speak because they say ask for us what does he want and you don't cover for him then I said okay then what can we do then it said nothing now they a agreed and I said all who and it said

Then I looked confused and said why all police men and it said they all want a cut because the ranch value is in billions that is serious money then I refused and said it's not for sale why I sell and I felt like I was crying then I said I don't know what you and re talking about they realised that it's only you if you disappear no one will ever know you existed that freaked me out you would rather die than start a family with his daughter then they must kill you and take the ranch from you change the name and se it for billions I said my father is watching and it said they killed him they were best friends that's why he gave you his daughter to save your life but you refused others are saying that they were right they should have killed you that night they took you to the woods then I remembered that night in the middle of the night when they said let's go for a walk but when they say he cried I froze when I realised he cried for me and I went to him and said I am okay I marry her in fact I put ranch in your name as dowry I marry her and go then he said what did you hear but my aty explained that I know you are planning to kill me for the ranch and that you helped them kill my father he froze and said where did you get an aty it's for those to die anyway in that case we still are going to kill and get big shares but if we ask what can be of us as a family this is the answer he took 2 years to love your daughter nothing we better you get her pregnant yourself in 3 months time we gave your father to pay us our monies and he did but you failed to understand what we do you pay us all the millions sitting in the bank from the sale of cattle you refuse everything I brought you a virgin my own I have killed all those who tried to remove her virginity for you and you refused her you never sack a woman or we give her to the whole community everyone enjoyed a virgin that night and it started to sink that I was in

deep shit because after that everyone in town started pointing at me and laugh and imitate sex I said I have money then to all but I had no idea she was sleeping with everyone because I refused and on top of that you accuse me of sleeping with my own daughter my wife died of cancer you never feel the same way about women again after seeing all that through so to put the record straight the pregnancy is everyone all muggers 120 all and from other cities came to enjoy her because you refused her the pregnancy could be of any of them since you never touched her. I blame you the night of the beer it was either to sleep together under alcohol or let her go forever but you pretended then ca her back but still refused her for that I will kill you myself you and your father are the same you don't value other people then you must all die he pulled a gun and shot me in the head 8 times and I woke up in this big dark scary place where there is nothing but darkness and creepy voices that say what do you want here

I am pc aseron atores but I am known as pc asoner axectep because I am fast or was the fastest in everything until cooper's from another region came and said we want your friends ranch because his womanizing and alcohol wwill make him lose it so I started saving hard than I have never been then realised that he was the only person I talk to for 2 years after the death of my wife so I gave him life insurance ce money to save his ranch on the belief that he would self fast as I would have but when everything settled he stopped listening even to me saying if I do my own wife would die and I said it was because of God then he said it was a code from the police station they killed her to get rid of you through trauma that hurts so I left him alone and cried all night until his run away and came to me just for sex and split up but died same month run over by him then I protected him until he started cursing hard so that I don't think about what happened to his wife the then took a gun and tried to kill

himself in front of me then I helped him through depression and we were doing well when they came and took him I didn't know otherwise I was going to defend him forever as we promised growing up he had protected me financially and he forced me to join the police officer to protect our ranch so he said and he left half in my will but because of his son I had said that I give you my daughter and we make a complete pact but he died before talking to his son that he grew up with no idea who I am or even remember his mother first days if he see any woman he would run to her and say are you my mum so where is my mom everyone has a mum where is mine am I human then I told him that day of alcohol then instead of marrying and not to send her back he said I can't marry you we are related your father slept with my mum and my dad slept with your mum so like sisters and she had no idea and went to drink and slept with 120 emn that night a drunk virgin I had started buying presents for the marriage in town until the next day everyone imitate sex when they see me then I thought they had fucked but I was getting old without a job I was tired and let her go but to only him when I found out that it was the whole city a the homeless everyone I died standing in the street with shame ever since I haven't been to the city so the last day he came only to admit then forgot I was once a bad man then revealed our past in so detail I saw no other way but me so quickly before he tells another soul I had to take him out so I blasted him 8 times enough to activate abyss as I was trained that shooting a person 8 times continues will send that person past God to the abyss so I hope he go there for the secrets he know are enough to send me to jail but the truth is that my daughter was not raped etc we use these tactics to cause trauma so that when we kill him the topological report will confirm he suffered from trauma enough to confront us so we are forced to shot him that way its death or killing in the line of duty Therefore legal even though all these coppers are now using

all these tactics to target people with property The reason I had to finish him is that now all those in town who pretended to sleep with her are also aiming to take him out so that they get the big share given to the real killer of 35% where as everyone gets 5% only at the end of the 20 year period I will receive another \$1 million dollars secretly through my other secret account asert but in reverse for me that means Tresa which I must open with the same branch so what they do is go to the branch and said I want to put money into an account called Tresa but I don't know the account number how many people by this name and I am depositing and not taking so I see no harm that means at the end of each years they generate a report that said check all accounts by the name tresa and get all account numbers and transfer \$1 million into each account then there are other accounts that receive as well I know of a friend or mine who received as agent the account is agertny so when he go to the bank he open anaccount as yntrega then they just deposit the money into this account

7. I am Jessie Morrissey but I was born as Jess morrissey-robertson Jones then realised that when I was 12 that I own a ranch in my name left by my father with the same name and on papers just changing date of birth that meant not to change to me but just to change the time so I started asking my aty when I discovered that I had it then one day out of the blue it danced through me and clapped hands and said I want champagne and fuck my wife and I went to the shop and even though I am the one I picked everything it was my father or so I thought then one day years later a police man called asoner axecpta came and said I can't see why you can't be with someone who work as hard as you so I refused that meant paying that person so it's not help as I learnt that what my father used to do then I went to the city then saw the most beautiful girl I went to the woods there and there and just wanked all day but also this killed everything because after that when I see her I would go and walk that was what has

become of her to me the cravings soon dies after walking then one day this policeman brought this girl to the ranch in a pice car and said we took custody of this girl her parents died please help us give her minimum wage or the highest it's up to you then I agreed straight away because ever since that day she is the one I thought about all the time no one else until this day I spent the whole day with her then realised that she was not as smart as me she cursed most of the time something I was against then I realised that her tights were really small I loved them big then I said I wanted to marry you one day if you let me because I realised that I put too much things on useless things than tits size instead teach her so she is smart then she said I know you about me we used to send people in the bush to see you wanting off after seeing me everyone said today you will run in the bush and leave me just here then I realised I have no secret that's the day I discovered I have an aty because I kept probing saying who on earth benefits the most and out of a 100 asks it says the police if they kill you the ranch will stay with them as crime scene for 10 years after 10 years as an often then they have to give it to their houses association and sell it for cash to buy new houses to house the police or officer asooner who gave you his daughter and I said what but kept it a secret now I really wanted sex with her but after learning it's his daughter I became really cautious not even to look at her I had really bad stories about him some saying he is the one who shot my father not to cause him pain but how can I tell I started to realize that cowboys are dump then I said I have 1.6 million in the bank sitting there and growing everything in the machine is set on auto I just need to refill and fill paperwork for the drivers who come to collect cattle the milk and potatoes I grow but the hardest job on my own buy the only source of food as my father never ate meat but just potatoes and full chicken per sitting and laugh hard as a way to relieve stress of working hard then he died to me he just stopped coming back home I had no

idea what was dying I thought he traveled someway and don't want to come back I know why you have no break to shit at all then I started loving working naked with boxers only as my body grew big from full chicken per meal I never ate less than the full chicken per day so I can handle the pressure after 2 years I had saved 2.4 million dollars from the ranch and horny as a horse then he brought a woman I had promised that the woman I see I won ask her to marry me and give her 400000 on the spot to plan her life with me so this night I wrote a check for 400000 and said we can get married then she spat at me and then she cried and said why flash money that's not yours don't know you have people you must pay as well keep all this money and use it wisely then we can live forever I don't want to die of cancer okay I don't want the police to kill you do you know that my father had to act like that all his life as if he is a cowboy killing people for their property until he met your father then he stopped so now they come themselves to collect from him but the money the father left has run out but how can he tell you you don't spend time with him and I said he is a police man and can't be trusted and she said he joined because of your father to protect the ranch then I said these are lies there is nothing in the will I can read and understand why do people think cowboys don't know anything so from the night I said she is not the one then we lived together until one day she stripped to her knickers without a bra and I saw everything all day but refused sex this way because I am her boss according to the employment rules then sent her home naked after she threw her other in a cattle pit without any spare then men booed her she stopped coming to work then came back with alcohol and sacked her as according to the manual I use then her father said I will drink the cool so I go and get sacked for her so you take her back her money is enough to feed the family because I paid her for 7 days all in advance at the start so I don't spend time worrying about wages so she stayed this night at the ranch in

the canteen saying my father will dishonor me you just stay we slept together if he gets mad then tell the truth if not then we marry the next day but he got sacked and I never saw him until 2 months after and he was mad I swear he kept touching the gun then I raised the best is to marry her then divorce her then give her the 400000 she refused then send her away my plan fulfilled then the night to agree to marry me I heard that he got my father killed and they took me out several nights in the middle of the night then they argued and he only saved me as all money was in my accounts for the first time my aty explained what is death is to rot forever so I ran to him and knelt down and said I can't rot for money when I can sex your daughter take the ranch I take the money and the wife and go away from here tonight because I understand what death is then I kept hearing people saying you want me to face death then I cried so much I love her I offered her 400000 to make her mine but she refused that's all I can spare according to the accounts and he said write that check to her again see if you mean it because that's my daughter and I said look what I can do and wrote 4 million dollars and signed for real knowing I only had 3.6million in that account and 9 million in a secret account this day but did not think about anything else he said the secret account in know how much I said that's what I will take with me to and before I finished he shot me 8 times somehow something inside you records everything it actually said go to Yahweh and say I got shot 8 times then ask to go to abyss for the deepest sleep until the end of time as the woods might not heal and I woke up in here long ago started at 22.30 pm night just I got back from town then I heard 8 seconds then died soon after before I even breathed but that hurts than I ever experienced hence probably abyss

Pc asooner I took him and buried him in the cemetery asurety where they used to bury everyone from that city in Ontario called ascertyde then I looked for an empty grave dug already

put him st the bottom then add more soil back then let someone be buried on top the common practice at the time but tell the killer to say I buried him on top which in most cases is impossible as they put concrete so that no one can do that so every buried is buried underneath instead of ontop then saw a grave being dug out but left unfinished then buried him at that level and filled it and went to town and said I want to buy for my wife's grave as someone broke the one that was there and no one suspect anything and place my wife's instead so that if people see a woman's name then they won't check deeper and it worked because after he didn't to collect supplies for 3 weeks everyone started asking about him until I said he run away with my daughter after she got her 400000 and ran away from crying then all believed but later knew they had taken the money the same day and killed her then buried exactly how I had buried him I cried hard I buried him in that cemetery away from everyone but the other side they put prominent people next to aseop aseton who was a footballer in a grave marked atoreno senoret-axecptexa a refence to me but that's not my surname as my surname is aseronps
