BACKGROUND INFORMATION

Leslie Anne KATNICK

Missing Person

DOB: 1966-08-30

The Government of the Province of Nova Scotia is offering rewards of up to one hundred and fifty thousand dollars (\$150,000) for information leading to the arrest and conviction of the person(s) responsible for the disappearance of Leslie Anne KATNICK.

On November 4, 1991, Montreal Police received a complaint from Mr. Katnick, who reported that his daughter, Leslie Anne Katnick, was missing. Leslie Katnick had been residing at 3407 Rosedale Street, Montreal, Quebec, until November 1, 1991, which was the last time she was seen by either friends or family.

The investigation revealed that Leslie Katnick registered into the Halifax YMCA on November 2, 1991, for several nights and returned the key on November 4, 1991. Ms. Katnick's banking card was also used on November 2, 1991, in Halifax. No further

information has surfaced with respect to the whereabouts of Leslie Katnick, and the circumstances of her disappearance are suspicious, and foul play may be involved. Police believe there are persons who have information that could result in an arrest and possible charges.

Any person with information regarding the person(s) responsible for the disappearance of Leslie Anne KATNICK should call the Rewards for Major Unsolved Crimes Program at 1-888-710-9090.

The reward is payable in Canadian funds and will be apportioned as deemed just by the Minister of Justice for the Province of Nova Scotia. Employees of law enforcement and correctional agencies are not eligible to collect this reward.

## TOMORROW'S WORLD ORDER'S PERSPECTIVES

### USE OF PREDEFINED AFTERLIFE PARAMETERS

These guide souls the moment it exist the human body on its journey to Yahweh the creator these define what to do and what to expect as you go to hell or heaven if a souk leaves earth it enters ozone orbit and instantly everything reboots for it to start a new phase of life after living the earth's body now what happens is that it enters the ozone orbit and a simply click caused by the sudden drop of pressure from -1186 to -20 means the bottom shaft of the soul will lift rapidly and this pushes its back into the air higher than its head best example is a penguin but with real human legs and head just the shape now God created a life predefined program for them instead of asking what should I do and where should I go they instantly know from predefined stencils if you did well and talked most about God then heaven is for you if you did evil and talked more about the devil then the devil is yours now if we Ask what can be of humans without souks this is the answer dead forever your soul is you a new transformation to the electromagnetic waves life where you see Yahweh for the first time and praise him and wish you had seen him a long time ago because of his Majesty and will always be there forever now what are all these you may ask these are rules to be guided by in the creation court in short it has everything humans know about the judges and the presiding judge who will always be Yahweh and 84 angels surrounding the altar 28 high priests who always say Yahweh have mercy on humans and 74 smaller courts priests who always say Yahweh has mercy on humans and 96 princesses who say glory to Yahweh forever and ever amen we have 96 elders who always say if I can why he can't meaning if the devil can drink blood why can't Yahweh who created the devil and blood do the same now this is not the same as saying if the devil can kill why can Yahweh its more on professional grounds rather than

challenging now if we look at the inside of the court we have 81 priests surrounding the altar who say Yahweh be merciful to humans but if they disobey you we put them on trial for you and kill them for you almighty Yahweh inside this is a round circle where Yahweh sits and asks questions now if we look deep inside the court you will see that there are other things that resemble earth high courts like benches and chairs 10 times human sizes for the gods who are so enormous 2 are equal to 84 billion humans in size predefined parameters for humans after death as in know what is inside is a large size of books the book of creation is among them with 10897867892836789012348678901245861789011 pages and is divided into humans first then chapter for animals then a chapter for angles then a chapter for gods and a chapter for Joseph Yahweh's best friend and a chapter for Yahweh's best friend's wife Anna and a chapter for Yahweh's wife Catitight and lastly a chapter for Yahweh and recently a chapter for davidgomadza as Yahweh's representative on earth marking the new beginnings starting in 2025

## THE AFTERLIFE CONVERSATION AND THE COUNCIL OF CREATION'S ANAYLSIS.

LESLIE ANNE KATNICK

i had just finished work and found out that i still need to buy something so i went back to town and found my car clamped for illegal parking and when i complained i was told that a policeman had handed you tickets and you must pay first and they give me his number and i phone him he said pay first then we can talk so i refused because we have free parking i had forgot to display only but i was authorized then he said you must pay to talk either way the fact that you did not display means you have no right to claim a wrongful act so pay or don't call its that simple so i stopped calling then he called and said i can only cancel one of the ticket then i still refused and said it's that simple either cancel all or don't call so he cancelled all there and there then two weeks later he came and parked outside and said what can i do for you to make it up to you to make up for causing your problems and he smiled and i said make love to me joking and he get out of the car and pushed me inside the house pointing the gun and said where is the bedroom and i said i am

joking and he said you no you are not i know my azt said she is horny and don't lie then so i came and he grabbed my hand and said i am fucking you tonight come now let's go then he said take off your knickers yourself so i did and bent down but he refused and said wash yourself you filthy cow and left the reason he left he realised i have an asm meaning american but he only went down to his car and took a rope to tie me to the bed then he return when i was masturbating and said what are you doing i got you this so you can't call anyone before the deal is over so i agreed i was honey this day so i agreed we had sex all day then he said i go now don't park your car again illegal because if you do you must pay first then call me i am on commission you don't pay i don't get paid it's that simple but i have a policy i don't get paid then i come and say okay you pay me and i laughed then she wrote a cheque for 20000 dollars in my name and said it's either you left or take check and fuck me again that way when you go home you say i was working let today collecting cash only because this check can be exchanged even in 24hr supermarkets then i thought about and took it and said i go and change it first then she said if that's the case then buy me a list of household goods if people see you then they are not going to worry you moved in they know i let out some rooms then he left but this night did not come back he came back only 8 days after this day looking like a drunk and said to sleep 20000 not enough 40000 ok so top up this time i only go after we do fuck so i said everything you have to do twice so he laughed and wrote 40000 then he said i said 20000 if i take 40000 then why i owe you 20000 what do you want doing and i pointed at my vagina then he said that means 20000 short he looked confused and i wrote another for 40000 then he calculated and said still 20000 short so i said the last i paid 20000 so 20000 for the last time and he started laughing and said you got me so i sleep here 2 nights then we are square so i agreed so he said okay and he stayed for 2 nights and after 2 nights he left without a word he only said if i can i can quit my jon and marry you instead and i laughed and said my father was a parking police officer and that's how he met my mum and he laughed and said so you only like me because i look like your father that did him damage after this day he started searching about my father until he finds him and they started visiting each other behind my back so i

agreed to marry him then he said i can but and left then we were about to get married and he drove into him while drunk and said i love him that means now i just love you i found that odd so i postponed everything but he got angry after this he started kicking everything then he said you used me you only wanted your old man now that he is in hospital now you don't want me i slapped him then he said i get a gun in the car don't move and he came back and blast me at close range and said you americans you think having money means everything and blast me again then i heard creatures inside me crying and screaming saying long ago 8 seconds

then one said she can't be saved the damage is intensive so many damaged critical points so let her go to ya someone tell ya she is coming then i died i felt flying so fast i could see things moving then i saw where it's written in another language aternopqrstuvw then my body said hell reception then another said welcome after reading then i saw a woman who look like a penguin and said welcome are you for heaven or hell instantly my body marked points in my body and she said he'll then i said why he'll and not heaven she said you still want sex so go to hell heaven all your genitals will be removed on entering ozone then ever since i have been in hell reception

hi my name is leslie atn katerni but i used the name leslie anne katnick to hide in canada from american authorities for tax evasion after selling my house in arizona usa in 1989 but paid after i left as expert to reduce the amount i owe the american government then when i arrived in canada some cops who are local there started checking on me because i flashed money i sold the house for 800

million to a bank a house worth 2 billion which my father left for me ever since i had bought a house for 2 million in canada at 289 resovelt road where i died on 19 november after being short in the right chest by pc aton ertopqrstuvw meaning aomnopqrstuvw meaning aster who said if we can't agree on residence status then what can i do i think you are not candadian if that's true then you are marrying me for visa to escape justice but i am a cop what does that make me a trafficker i replied joking and he said don't move i know where to send you and blast me 3 times and died 8 seconds later still only used 20 million of my 800 million i took to canada but opened a fake bank account and transfer the money to my real account but i was an orphan and the money could still be in my account pc aster omnop i work for the sheriff office in canada ottawa district and love what i do because i never got bored i work for the sheriff department and saw an opportunity in parking fines then i said if i can then why not and started working there until i got a tipoff that we have a rich but illegal woman living there and if you threaten her she give you 20000 dollars so i got my staff and trailed her for 6 months then started to see everything that she was lonely really lonely that she went for 6 months without sex i was young then so i said i give her 2 tickets if she accept then i will keep giving her until value is 90000 the same they give for reporting an illegal immigrant but after only 2 tickets worth 200 dollars we reached a stalemate she said it's blackmail i don't do that i came illegally but settled legally so i refused to pay then there were rumors she start searching online for hard porn that raved me so i started calling her but she kept putting the phone down until she said i can't pay you anything if you approach me like that as if i killed someone when i only brought money to your country respect or fucga then i cancelled all the tickets and apologized nicely and said if i were you i will be getting so much down there but no one wants anything illegal around here right then she cursed and slammed door then weeks later out of the blue my friend said that woman has 800 million dollars not canadian shit toilet paper but american dollars then i froze and said if i can then i can get all of that but how then i started researching about her then discovered how she transfer the money from her real account then to her fake account then take it out in supermarkets i copied all

her account number and listened to her while she transfer and noted her lips and sent to lab as a crime happening there so i have live feed as i had access to the apartment as i had given her 2 tickets she refused to pay i said i must collect but i need to find out what she has so i come back with debt advisors or collectors the story was in the papers so people sympathized with me then i went there this day she was drooling i could hear high breathing as i lay on the bed just down stairs her flat since she refused to pay and the tip off i went to look for a flat but down her apartment but made sure that i don't pay the last month but one day i said if i can then maybe i can but then i rang her expecting her to put the phone down but then again she said did you phone to apologize and i said yes but if i can i can marry you because i don't do blackmail and put the phone down exactly like she did to me then she called and said why did you move down me i real man would move next to me so after a month i moved next to her then she opened the door all day and left it like that until i went to knock then she cried and said first opportunity you should have taken it now i was going to close the door and go back to the states as expert to avoid losing almost 100 million in fees i paid 750000 already and i took her to the bed but said because you left your door open you must remove your knickers your self so cursed and said everything i do myself what about you the trafficker and laughed that freaked me out i realised how deep that could be because i had been seen several times on tv in supermarkets cashing in hard cash which a one reporter could not identify the source but the woman he was blackmailing that made me literally shit myself with fear she said what's that smell did you or it's that conman again but what does he want again he think he can steal from me and she said stupid canadians fbi will fuck your brains to death and laughed then we started dating for real she gave me 80000 everyday everytime we had sex and after 3 months i had 2.8 million in my account from 600 per month job to 2.8m only after 3 months then i got greedy when i found out what really happened her father was a billionaire then lost all the money but the house then he refused to sell the house which they would have lost anywhere then the daughter hired crooks to steal him and hold him hostage for 3 months but in good care so that he can't complain much and hired him a girlfriend as the sister of the

kidnapper so she kept saying i told him to look for a good man for me but one with a good house not a whitehouse he can't pay for then she sold tge house and left him 200 million and he bought a small house now she wanted to reunite with daddy and lived ever happy after now i will confess the fbi sent our department a message saying one of their fugitive lives in that area and they want all the money without her

i want all the money without her

i am special agent resper i work for the fbi but i am working for secret canadian authorities to get rich americans to american then know how they take money out then dig a grave fir them and take the money for ourselves just like they used to during the war then he said she will not start a relationship until she has gone back home so i was appointed as single with an attitude so this night was the planned massacre night when anything she said would lead me to kill her at point blank so that when she go to god she won't say anything much other than i was blasted and they say too much violence with 3 things can make a person be denied heaven so i thought and planned until this night i cried though when she started calling me dad in her sleep if i refuse sex i realised that her father was a policemen but who gives parking ticket and would come back home empty handed without food until he changed and struck it big time as a banker later i realised he was good at mathematics algorithms that he started predicting things and betting big money on them doing well or falling until the government stopped all that now without money he could not sustain that lifestyle so would start gambling and betting on the house as collateral then she studied all this and realised that she is better off fighting him then return with hard cash then reunite the flight date was the next day 16th of april 2001 after 2 years in canada from late 1998 then we found another woman who looked like her and gave her all the codes and bank cards and asked her for money and transfered to her from her real account so that when that happens again no one will suspect that so the night of death i was supposed to refuse everything sex etc but i was so week after making the easiest millions in the tune of 38 million in 8 months i was ready to get rid of her so if people saw me with money then nothing bad would come out of their mouths so i

said are we still going to be married in the states when i visit then she looked upset and said what why you cancel you start again you just want more money but i can give anymore all my accounts are frozen it only said fbi but fbi will never touch private accounts ever and my heart beeped hard and she said you have something to do with this because i only transfered to your girlfriend ever since that everything has stopped working but you don't know how the american banks works they can only take a certain amount per day they tried to take more that's why now i have to go there and and she looked at her purse it was gone she looked at me and said what are you trying to do she looked like me and my passport is gone are you a trafficker to the states that word again raveled me so i said wait here i go downstairs and get my gun so that she ran away without anything but if she stay i kill her and bury her so i took my time and took the stairs then walked slowly and stopped and looked at the window then i froze she was on the phone

hello someone stole mu bank cards and pin number freeze all accounts with immediate effect then the person said wait a minute i will transfer you then he hung up on her and she held then he returned and said the transfer has been canceled by fbi then she said what transfer then he said your transfer and hang the phone [i am stellos fuji i work for the canadian government telecoms system and hack calls of all people they want to kill before they leave so that any calls they make few days before leaving are dealt within the country we will simply end the calls without them leaving the country]

then i heard noises as if she was parking to run then i got rifle and checked it for bullets and my heart tore when she looked at me and sat down why did she not run

why are you not running

i did not have sex yes sense of fear is erased by arousal when a body is not sexually satisfied especially for female it can't sense danger as much as after sex

i looked again and she was now crying saying he hung up on me who is fuji because i heard someone saying fuji she is going anyway without the money so let her go and he said it's not about the money they screwed us more than we did so they must die then he said fbi

but he rubbed it off saying it's his idea he wants tie money to himself not to canadian government do you know how much is it then the other person said 6 million

[ i am andres peters i work with fuji for the canadian telecommunication but the undercover section where we jamm all foreign citizen calls and kill them and take their calls and money and give them a proper christian burial i am taking part in the murder of leslie anne katnick but real name is leslie ann kernick who is american with 800 million after losing 60 million only in canada decides to live and go back then own agents tipped us for a reward of 150000 only so we refused because you will never get this but they come after you so tonight if we pull this off we will all be millionaires he said 5 million just to cover up everything and 10million to take part but fuji wants 70 million so he blocks every call she makes even to herself and he laughed]

i reached for the gun and checked fir bullets in the groove compartment and if she had run plan be was to make it a hit and run i had preferred this after all she had refused to pay the parking ticket so i ran to the car prepared to mall her then take her to the hospital then swap cars and bury her in canada with so much deep forest it's hard to find where unless if you are god then i jumped in the car and waited to get a signal from the department sergent api ersety had just texted me saying we are ready you wait outside she is coming anytime now then i freaked out when i realised that if its everyone then there is no money but if i were really clever i could have just walked out the other women had passed and the had agreed for her to buy a house in the usa from canada for 700 million then when there then sell it the problem came when they said sign the form no one expected that and signature did not match so the bank said we can do this tomorrow if you are tired then she agreed tomorrow i go with her and offer them a cut they said 20 each and they are 6 who can make this go away so i agreed after all it's 800 million less less than 100 million so a good 700 million so i agreed but now the whole city wants 5% of 100 we have lost already to keep quiet then i panicked when i heard sirens coming i realised that if someone else came then that's it we are all dead or the money taken so i approached her as she was starting to pick up things and just went 1, 2, 3 and stopped for

the first time i killed someone and i heard so loud 8 seconds then 6 then 4 then 2 and death and she fell down and looked at me and closed her eyes quickly i lifted her closed apartment put her in the bonnet and drove off in high speed the other way silent though until i reach a junction and stopped then opened the bonnet and took her out into the woods and under a huge growth left her there after removing everything even her knickers just as she was born and burnt everything next to her body until its black ash then i received a call from her bank saying the transfer has been jammed by the fbi for real then i noticed the loud noise was the fbi so we cancelled the money chase but left the girl yo live as her maybe one day i get to marry her but for now that's it

long ago 8 6 4 2
