

This is Volume II and things get very interesting. A detailed analysis of the 9/11 attacks, the aftermath and the lessons learned and what can be done to save lives in the future? This book introduces new themes and explains the real reasons behind the attacks. Showing you who is behind these attacks. An analysis of the terrorists, Al-Qaeda and other nations purported to support terrorists. Mankind has played God through wars balancing the ecological system for the past 2000 years. Recently we have started evolving from defensive stages of development that focuses on military and defense to networking and cooperative systems where we foster relationships and networking. This is the way nature intended. Fear and insecurity is or was hindering progress. The main reason behind the 9/11 attacks; to hinder us from advancing through the development process by making everyone insecure and fearful that defense becomes our priority.
