## TOMORROW'S WORLD ORDER'S PERSPECTIVES

### USE OF PREDEFINED AFTERLIFE PARAMETERS

These guide souls the moment it exist the human body on its journey to Yahweh the creator these define what to do and what to expect as you go to hell or heaven if a souk leaves earth it enters ozone orbit and instantly everything reboots for it to start a new phase of life after living the earth's body now what happens is that it enters the ozone orbit and a simply click caused by the sudden drop of pressure from -1186 to -20 means the bottom shaft of the soul will lift rapidly and this pushes its back into the air higher than its head best example is a penguin but with real human legs and head just the shape now God created a life predefined program for them instead of asking what should I do and where should I go they instantly know from predefined stencils if you did well and talked most about God then heaven is for you if you did evil and talked more about the devil then the devil is yours now if we Ask what can be of humans without souks this is the answer dead forever your soul is you a new transformation to the electromagnetic waves life where you see Yahweh for the first time and praise him and wish you had seen him a long time ago because of his Majesty and will always be there forever now what are all these you may ask these are rules to be guided by in the creation court in short it has everything humans know about the judges and the presiding judge who will always be Yahweh and 84 angels surrounding the altar 28 high priests who always say Yahweh have mercy on humans and 74 smaller courts priests who always say Yahweh has mercy on humans and 96 princesses who say glory to Yahweh forever and ever amen we have 96 elders who always say if I can why he can't meaning if the devil can drink blood why can't Yahweh who created the devil and blood do the same now this is not the same as saying if the devil can kill why can Yahweh its more on professional grounds rather than challenging now if we look at the inside of the court we have 81 priests surrounding the altar who say Yahweh be merciful to humans

but if they disobey you we put hem on trial for you and kill them for you almighty Yahweh inside this is a round circle where Yahweh sits and asks questions now if we look deep inside the court you will see that there are other things that resemble earth high courts like benches and chairs 10 times human sizes for the gods who are so enormous 2 are equal to 84 billion humans in size predefined parameters for humans after death as in know what is inside is a large size of books the book of creation is among them with 10897867892836789012348678901245861789011 pages and is divided into humans first then chapter for animals then a chapter for angles then a chapter for gods and a chapter for Joseph Yahweh's best friend and a chapter for Yahweh's best friend's wife Anna and a chapter for Yahweh's wife Catitighit and lastly a chapter for Yahweh and recently a chapter for davidgomadza as Yahweh's representative on earth marking the new beginnings starting in 2025

1. tell us who killed you
2. tell us what killed you
3. tell us why and who killed you
4. tell us why you died
5. tell us what could have been done and is not done
6. tell us what could be and why
7. tell is when this happened

## THE AFTERLIFE CONVERSATION AND THE COUNCIL OF CREATION'S ANAYLSIS.

shelley denise connors also known as Shelly Denise connors-  
thompson as on the house document

i was killed by a man called atertpo who said i can if you can but if  
you can't then what can i do then started kicking about and grabbed  
my neck and that was it less than 6 minutes i was dead and this case  
was recorded by the court of creation as the fastest case ever and it  
took less than 8 lines to complete the court of creation said it was  
accidental death on my part because i did not run if i had run he was  
not going to attack you Has Yahweh said anything about rebirth  
yes 8298768548321078902867890284109285

God I died today 18 of march 1993 I was killed by aeroterops who  
said I can if you can but then I must just send you to jesus I mean  
hell and attacked me

My name is aeropters mnopqrstuvw meaning stuvwxyz I work with

cows milking them and it turns me own to note that I can do anything but have sex with these cows the tits are just like humans they say perfect match so today I saw a young woman with huge of these and I said I can if you can but then she only said I am not allowed by my parents and instantly I felt so much rage I grabbed her and strangled her there and there that she died instantly it took less than 6 minutes as I found later at the court of creation when they said I should go to hell to burn for eternity when hell start in 2025 then I said okay but it took 6 minutes like you said so this is a one of thing that occurred in the heat of the moment and the big headed one they call Yahweh said if I were you I would castrate you then it will show you repented then I said if I go to heaven I will lose anywhere my genitals can you just send me there and he said she will be there then what and I said but its different on earth and in heaven but he said there is no difference the only difference is that I will be there and in person to teach all of you culprits manners earth has been a disaster since creation not even one of you humans understand the purpose of creation and you must know that God your Yahweh me created you all so that you evolve to be real people with purpose but you spend time killing youngsters this is wrong I am not going to sit here and here you mumblings like a drunkard any word out of you then I remove your pain sockets and send you to hell forever in pain that lasts a century so I never spoke again as he is so huge that I shivered on his sight then I was taken by the drools who swear all the time by the devil but its fun to die honestly because everything from real human becomes miniature apart from Yahweh and his 8 heads all on one body you just wonder what is out there but then again what can I say I was spared but I regret that day for it took less than 8 months to be ambushed as well as news spread around

My name is shelley denise Connors I am going to school for a levels I am good in class but people joke a lot about my breast there are so big that I cant carry them I have back pain all the time and I wish

things can be better but you must understand that I love life and one day as I was passing near the cattle farm a man said can I squeeze these just between the two of us and he really squeezed one and I said I cant then he said no we must as least once so I refused but did not run away then he grabbed my neck and squeezed hard that I fainted so I thought but that's how I died and I woke up at the reception in hell then the angel there said what happened to you then I said I died I was killed by a man who I now know now that he is called aeroporters mnopqursvw meaning stounop I think who said if I cant then but and strangled me at the court of creation the big oval place Yahweh who you call God a big giant with 8 heads said we must look at your case and send you back for rebirth when my representative is here it wont be long some one is working hard to find me he will

I just strangled her and left her there for someone to find her and it was in the papers and no one dare mentioning me and I never went back but I regretted when I run out of money with no job until I got my car and sold it but also that put me in public scrutiny that I started looking for another job until I was killed by a person who said if I can I can but he can't and shot me in the legs first and said I got you I know it's you I can read brain and this thing said you were there that night tell the truth if you lie I will blast you to hell but I thought he was bluffing and said you know how big I am then he pulled the trigger instantly hitting me in the head and I saw Yahweh but at that time I did not know who he was and and said okay and stayed here 8 months there is nothing you can do you just sleep the most thing you see the most are your legs somehow that's all you see which is strange I never saw my hands or my belly or anything else apart from my legs.

AEROPTERS MNOPQRSVW MEANING STOUNOP

Shelley Denise connors her body is still in the mortuary waiting for the rebirth according to Yahweh who sent a message to earth through his angel that her body should stay in the mortuary after its sent for rebirth then they can bury that one but not after

I sent her for rebirth today Monday 24 June 2024 using code  
8298768548321078902867890284109285

They can bury the body

I am azt created to kill Shelley Dennis Connors put in her on 28 june 1981 at jertop hospital by doctor asetep mnopqrst uvter who said I can if you can but then these crooks they are just killing every teenager who own property in canada we need new laws that protect these women and children who die just because a police officer likes her house does not mean that he must take it

I am doctor asertet asponor who said this country is now full of crooks in government who are killing women and property for their own enrichment and then kill that kid to get ride of her this is wrong I wrote a letter to the sheriff department who said no one take the houses but they all live inside houses once own by orphans how come ever heard of a policeman without housing they must be doing something wrong otherwise there must be some redress of some kind Letter to the sheriff department Mr Ester omnopqurstuvw meaning sberare

Mr sheriff please look at this issue it's really disturbing where your police officer steal houses owned by the orphans in the false pretense of capital gains tax so that they enrich themselves from mediocre lives to the lavish we have started to see did you forget that the government refused to pay for this if you can then make sure that you can control your animals and stay away from kids in my neighborhood I saw police officer Ester setertertert talking to that man who work for the cows and you know that man like big tips and I know you want to steal the house that belong to that poor kid since you finished all family isn't her the person on the housing documents I have on my desk I am her doctor and I have a copy of the document written to my beloved daughter I think you find this a surprise but mum and dad left the house in your name real name Shelley Denise

connors-thompson us your mother and father we tried to combined our surnames to prevent these crooks from seeing this property current value in 1987 is 289683678 that is 28 million know mum and dad love you very very very very x 289683678 signed aterospen and Florence conorrs-thompson dated 28 June 1988 scribed to 1987 by a blue pen and initiated a.c-t signed and dated 08/08/1987

If I can prove this then I will in court I must ask Yahweh for a copy in your presents and give you a copy letting the world know that you steal property from orphans and must therefore be brought before a court of law there must be some out there who look at this this can't be allowed you kill women and children of others and steal their houses so its true her mother's death was not accidental but they killed her so that you are left with a young girl you can kill yourself and tell the world that aersetopers killed her I know it was his hands but your idea the day I saw him with pc asertertertert they were grappling him using his strength and then the police grabbed his throat and would it be a surprise that that's the way he killed her the coroner is my friend we graduated together his marks are on his tits you know all this yet you let him walk if I had a gun I would sent it to him not these women you just want property and you recruit thousands when there are no jobs all this money should be used to do other beneficial Job's like asking people what they want and then doing that what makes us worry is the fact that the coroner from pressure from me wrote to you and said there is probable evidence that the big man is the killer she did not faint and die from exhaustion like what your man are saying but from through strangulation and cupping of breaststroke leaving huge marks proof that you just want the house isn't it even him said they are blackmailing me for the house This is bad change or God will change you soon God revenge your greetings mark what I tell you today Signed 10 may 1987

Letter to the sheriff department by asers oternop who said if I can I can but this is wrong I can't fake the obvious in that case no one touch the body and it will stay in the mortuary forever until it decay there but know this God will punish you one day this is stealing what does your oath of enlisting say does it not say don't steal it says so so what are you doing to make things worse you let him walk even after

suggesting that you are blackmailing him now this is what I agreed with other doctors that you must return the house you stole it's only a matter of weeks and the police officer connected with her death is living in her house at 786 asoretrop road that means you stole and got her killed so that you live in there this not right in that case after finding that the police man she accused of trying to kill her is now the one living in her house is so upsetting if I were God I would go and kill him right now at least that is what is right sure there are other people with more power than you who will come and kill you too so do the right thing and return this house with immediate effect or else...

God I died I was killed by a police officer called aseropt he said if you can then you must because your life depends on it I want you to taste what it is like driving on canadian roads like you keep getting horned I thought it's because you are dead gorgeous but it's because you drive like in Japan and laughed but he meant India then I saw a police car trailing behind then I freaked out and drove fast but they caught up and kept pushing I admit at first it was fun until I over sped then they started saying pull over for a overspending ticket then I stop we got out then searched private parts only and said I put

something to make it but if you can't then you will die so listen very careful it's better if you die than killing people here so we do this the good thing is that all people pass but you I think if we don't intervene you have the potential of killing a and prime minister so I personally refused whatever you do read it carefully then reply I can what do you say I can what you must explain clearly what you think I made 720 million usa dollars but agreeing to shiteheads like you if you want sex have with my 8 year old then I can call my husband to shot you what do you think we ran away from idea think again check all my business okay and don't waste our time it happens again this is harassment okay put that in your thick skulls okay he stopped and only said what do you take me for a bastard I slap your daughter and kill her myself and hide her and get 1 million after 20 years you neyakapuchi and she spate on him he didn't wipe it he said maybe you have a virus I must get cleaned properly she jumped in the car and drove off so they cleaned and then followed after contacting head office and saying we have an over speeding car chase with an individual that spat in my face and they both laughed and a code was sent to her code
