Afterlife interviewing marosson maerte

Hi my name is marosson maerte I work for estel in ...but I cant get enough of this driving I am 59 years old and have been driving since

I was 18 years of age as my dad was a driver and ever since has enjoyed driving apart from recently that I wanted to retire then one day a boy said can you give me a lift and I said okay then took him for a ride and returned home safely then pc anteorp of the Scotland said we heard you start taking our kids for rides better not be anything sexual or you are dead meat and I laughed it off because no one saw us until one night I was driving passing Bristol I passed the ester pub and noticed a boy passing by and he said I can if you can then slammed the door so hard I nearly pissed myself and I looked in the rear mirror and saw him cursing and kicking about really hard and I hurried to deliver the cement I had at esterol ltd I had 10 bags of cement and I asked one of their offloaders to do mine first as I was running out of time then he did as I said so in and out took 20 minutes instead of the required 2 hours so I headed back towards that pub eters then saw him [Ester coordinates are 29.8678982 and 32.78987685] and he said I can when I returned he was on the phone with a cop called aerotep who work for Scotland yard who said to him jump and stay on the same spot then I can send a car to pick you up and he said why I need police to walk on an a road and slammed his phone on the ground and cursed he then went and I followed him and slammed the breaks initially to scare him off but somehow he jumped and stayed at the same place and as I turned back to the road the rear wheels knocked him down but if he had moved then he was going to be fine then he said oh my legs so hard that my heart tore and as I look he lay down on the floor and sure something had happened to his legs and leaving evidence behind was never my weakness and I just rammed on the breaks and reversed at 15mph that in itself says it all I was just going to run him down and I did at that speed nothing can ever work again okay advised pc anerop who said what can be done when life is like this for a person who owns a house instead of paying everything in advance he spends all that money on alcohol buying everyone I don't see a future with this guy at that speed he was only going to die anywhere so I made it easy for

him and stopped on top of him he switched off as I later heard when I died on the 8th of march 2024 but I never regretted killing him but what I regreted was breaking his legs but you went to kill again after that just two days after that yes because the next time I accidentally killed a dog and then when I got out to check what I ran over there she was cursing and threatening to call the police so I just grabbed her and squeezed so hard that she passed in less than a minute and threw her body in the back and proceeded to the same place where I had buried the first kid who I don't even know his name after that I buried her next to him then a noise made me check her she was dead but had called someone who was still on the line who said I know what you are doing to the dog leave alone right now and I said who is this thinking the police but he said I am her father leave her alone and I said she ran away I am just picking up her phone she dropped and he said wait there I come outside and I said okay hurry up its outside the gate and removed the battery and threw it in the pit and drove off what was her full name the name I was told by pc anerop was that say she is Kirsty but her true name is oliver beres who was adopted illegally see this is how we clean the mess they make for us and he smiled I am pc anerop mtita I work for Scotland yard and has recently moved from nhere where they call us r... because we do what we are not told to do but then again I love this job and must keep the dream alive but then again who work for peanuts when big deals are going on some retire a millionaire and a full house so why not jump in the wagon of fortune so here I am asking marosson maerte

What about the coordinates the coordinates are 28. 242385
and 27.2864378

"but these are just to cover the true coordinates which
are 33.2848589

and 39.678980 as advised so that who ever say 27 will start thinking about food and who ever say 33 will forget all what he say 39 will wonder where his food is. I buried him according to christian practises of hiding the real body in a cave and just making a grave and filling it with blankets the actual body is at the top of the grave in a cave in hearle near bristol coordinates 89.2867892 and 82.78684381 as advised by pc anteorp who said if i can then you

can I am pc anteorp i want this boy to go to heaen but things are not the way they are with him look how he lives and he owns a house at number 37 Hearle where he rents the property out to a woman called catherine and alan sullivan for some reason he changed his name Jack O'Sullivan to just Sullivan Jack to match theirs but the house is in a name that is not the same as his so how do we solve the capital gains case I work for the bristol scotland yard who are waiting to collect capital gains tax on his property.

Marosson maerte

God I died but it was not as I planned I had all my life to myself but then someone hit me from the back while driving and just work up here really but I don't remember anything else apart from I used to kill people while I was a lorry driver just to keep going after threatening to retire at work then one day as I was walking home I saw a man who said I used to kill people when I was a lorry driver then I laughed so much I shit myself and said I might then if I have to shit myself I killed 8 people in total 3 boys and 5 girls in Bristol over 20 years but it was part of the job driver kill get the thrill and come back tomorrow who is the most you killed violently I don't even know his name where did you bury him in the sand at a junction near hearle where he is right now I asked are you still there and this is what I got go away I fear you the most than the devil the devil only said that was horrible of him I will burn him and think of that day no one should switch off you are the only person in the world to switch off that is so low of him I pity you forever just sleep that's the best you can get here sleep and heal and go to heaven when this is over I was where is he what are the coordinates the coordinates are 27.232425 and 28.272625 but the true coordinates where the body is are 37,89489286 and 39,876489 but according to pc anerop he is at coordinates 89,683687 and 83,4868920 but I mean where exactly did you bury the body you not whata police man told you why he told you that he said I ask again where did you bury the body of jack o'sullivan smityen I buried him at the junction of hearle at junction 34 even though its written 24 Or 20 but the coordinates came up my truck radar what coordinates 27.232425 and 28,262829 he keep changing the coordinates we must remove his memeoery for

preservation in the future when we start but he cant tell us then what use radar and convert to human using $si = si \text{ plus } si -si \text{ plus radar}$ coordinates minues you minues earth plus earth that should give you the correct coordinates okay I calaculate now the given radar is 08987648328967890184828098 and that is 27.232425 and 28,292726 I will go and check right now

Someone just arrived now...who asetop an angel of god I am looking for jack o'sullivan smityen as the name on the house documents dated 27 may 1948 approved to be handed to him on his 24 birthday by his father sertop o'sullivan smityen

his body is at the hearle junction in a shallow grave at 27,232425 and 28,292726 and was there since 19 march 2023 and next to him is a body of a woman called real name Olivier beres smityen meaning they are brother and sister separated at birth or when both parents died who is behind this this can't be a coincidence Bristol scotalnd yard lead by pc aserop who said if we can't get paid enough they will pay us handsomely like my chubbyface when we retire so now or later your choice the job continues until God comes and say you are doing everything wrong bastards

sertop o'sullivan smityen
God I died in my time but the problem is that I have a son called jack o'sullivan smityen and I want my wealth to stay with him he has a sister called Olivier after her mother who died of cancer in 1947 but saved her eggs to be fertilized artificially using my own sperms something ever thought possible hence my presence here this jack has not yet been born and as such it will be complicated to prove that he ever existed and might be targeted because of that but I know you can look after my boy thank you

TOMORROW'S WORLD ORDER'S PERSPECTIVES

USE OF PREDEFINED AFTERLIFE PARAMETERS

These guide souls the moment it exist the human body on its journey to Yahweh the creator these define what to do and what to expect as you go to hell or heaven if a souk leaves earth it enters ozone orbit and instantly everything reboots for it to start a new phase of life after living the earth's body now what happens is that it enters the ozone orbit and a simply click caused by the sudden drop of pressure from -1186 to -20 means the bottom shaft of the soul will lift rapidly and this pushes its back into the air higher than its head best example is a penguin but with real human legs and head just the shape now God created a life predefined program for them instead of asking what should I do and where should I go they instantly know from predefined stencils if you did well and talked most about God then heaven is for you if you did evil and talked more about the devil then the devil is yours now if we Ask what can be of humans without souks this is the answer dead forever your soul is you a new transformation to the electromagnetic waves life where you see Yahweh for the first time and praise him and wish you had seen him a long time ago because of his Majesty and will always be there forever now what are all these you may ask these are rules to be guided by in the creation court in short it has everything humans know about the judges and the presiding judge who will always be Yahweh and 84 angels surrounding the altar 28 high priests who always say Yahweh have mercy on humans and 74 smaller courts priests who always say Yahweh has mercy on humans and 96 princesses who say glory to Yahweh forever and ever amen we have 96 elders who always say if I can why he can't meaning if the devil can drink blood why can't Yahweh who created the devil and blood do the same now this is not the same as saying if the devil can kill why can Yahweh its more on professional grounds rather than challenging now if we look at the inside of the court we have 81 priests surrounding the altar who say Yahweh be merciful to humans but if they disobey you we put hem on trial for you and kill them for you almighty Yahweh inside this is a round circle where Yahweh sits and asks questions now if we look deep inside the court you will see that there are other things that resemble earth high courts like

benches and chairs 10 times human sizes for the gods who are so enormous 2 are equal to 84 billion humans in size predefined parameters for humans after death as in know what is inside is a large size of books the book of creation is among them with 10897867892836789012348678901245861789011 pages and is divided into humans first then chapter for animals then a chapter for angles then a chapter for gods and a chapter for Joseph Yahweh's best friend and a chapter for Yahweh's best friend's wife Anna and a chapter for Yahweh's wife Catitight and lastly a chapter for Yahweh and recently a chapter for davidgomadza as Yahweh's representative on earth marking the new beginnings starting in 2025

1. tell us who killed you
2. tell us what killed you
3. tell us why and who killed you
4. tell us why you died
5. tell us what could have been done and is not done
6. tell us what could be and why
7. tell is when this happened

jack o sullivan he died on the 19 of march 2023 in bristol after being run over by a lorry that tried to give him a lift home but declined after noticing sex toys on the seat jumping out and getting run over by the driver who said if i can then they can and stopped but he later came back to try and pick him up but he had already gone he looked at foot print and tracked the way he had gone and saw him drunk and just run in over saying get out of the middle of the road and drove off leaving him dead
god my name is jack o sullivan i am only 19 years i got killed today by a man i didn't get his name driving a lorry and said i can't give you a lift this is company car but i can tell you where you can find a hitchhike for free unless if you have money maybe and i said i am a student if you can't give me then i can go and leave you so he drove off but later the same lorry just crushed on

me breaking literally breaking everything and instantly dropped me down to make things worse only legs were broken then he deliberately run me over with a lorry if it was a car better i could have made it lorry literally switched me off like a computer after that i woke up at the reception in hell where they said you will need to be at the reception forever and i agreed but today they said god can help repair you made send you for rebirth he has his representative on earth sp0 today they said come and i came but which one is god i see 1. 2, 3 4 ,5. 6. 7 and 8 heads it's okay i am god these are the members of the council and must always be there when i deliberate a case we identified the killer as marosson materte who work for a lorry driving company called astel in england post code asx aty west midlands he was on assignment to deliver cement to a construction company called asterol near bristol having said that i will let my representative use as code to send you for rebirth the code is 823898284678901983867890264890186789028414 once you tell him this code it's automatic you will go for rebirth you are dismissed

a man is driving a big white lorry with an open trailer and he said if i can then you can then stood by the road side and said i can but who can too then wore his sunglasses and drove the lorry registration number is 8lty opq his name is. mansion aeretet what can i do for you i need a lift

he died on 19 march 2023 he was run over by a lorry driven by marosson maerte as on his driver's license who said what can be of young man with no money and he opened the glove box and said i can if you can but then it's company car so you must pay me 20 pounds or else... then he closed the glove compartment then he said if i can then what can be of people who want free things then you get that exactly

once in the driver's seat he said i can if you can but then lifted the glove compartment then said i can if you can so then he closed the glove compartment and left hours later he drove through a town in england called bristol and noticed a young person staggering in the street and said do0 you want a lift and he said i

live closer but if you want then that's okay but i don't have money then he said okay if so then no lift and drove off later on his way back from a company called asertop meaning asotel he stopped at the place jack o sullivan had stopped and said i can if you can but then you refused checking my things can i trust you and jumped inside and said where the little bastard at he looked around and drove his car fast passing others and stopped and could not believe it that he was still in the road as said i got you hit and run can never be found especially at this time of the day and said okay after checking the time it was 24.80 Yahweh's time human time 00.50am now on 19 march 2023 he changed gears and drove fast making sure he hit him by the corners of the white lorry breaking both his legs then reversed into him while he is trying to escape the lorry literally crushing him that much that everything exploded and literally according to his Yahweh's confession he switched off then he got out and took his body in a cloth he use to tie cement and took her to the back of the lorry and threw him in there with a thumb that he further broke and said i can if you can completed all you had to do was to give me something like sex now you die for nothing but god said remember to bury him according to christian ways in the middle of the night he dug a shallow grave and said i done some horrible things but this is the worse maybe the start of something driving now is boring but this rekindled the passion sorry boy but a man got to do what a man can do then closed the shallow pit at coordinates 286789028678902834867890 at a junction called aset omnop meaning omep at exactly 300 m inward to the roundabout written axle opqrstuvw meaning axle estate near a huge bin like structure named as win win win big but throw all out dump site he is near a ground where another person is buried in a shallow grave this time a woman by the same killer called kirsty amnop meaning asetepot who was 17 at the time and died at the same time just a day after same road but at 21.09 Yahweh time 20.39pm she was walking her dog when the lorry deliberately ran over her dog but stopped then he grabbed her and strangled her that fast that she died in seconds instead if minutes then quickly took her and threw her in the back of the lorry and went to bury her just next

to him at least 1 metre 60 centimeters from him and said if i can then you can but then he heard him say if you can then i can then he said who is listening but no one answered he looked round her body and saw her phone still on and someone listening then said the dog died and she ran away over who is this and he replied and said i am her father where is she what you doing with her phone and he said she dropped it come and get it outside the house fast before i go then removed the battery and left it on her and said i nearly got identified but another day and left and drove off the coordinates are

089876890286789028386789028418678902841920 then drove off

jack o sullivan

i am looking for a lift i am going home after a night out with friends i enjoyed now i go and sleep

mansion materte said if i can then you can if you can then pay 20 pounds we go because this is company car but he said no i am a student doing physics at aeropqerstuvw meaning college of sciences at bistros and he said what about and pointed at sex toys he instantly jumped and cursed pretending to kick the lorry and said if i can what fucking shit goat headed shit want arse heeeree i fill like throwing up the man started driving off looking at what he was doing and quickly drove off 10 minutes and stopped and told someone to quickly offload the cement he had 10 bags and he quickly drove off and returned to the same place he had jumped and said force of gravity where is this person in which gravity said don't get me involved in your murder plan then he quickly checked his foot prints which direction he was headed the same he was going before so he made a u turn and went that way driving another 10 minutes fast at 60 mph then he saw him staggering and checked his time and said no one should drive at this time alone at night and raved hard to scare him first but he jumped assuming he was joking at the same place instead of out of the way then he lay down in the road cursing how he can walk again then mansion drove back at 15mph and run over him with all wheels that when his soul escaped unhurt he said to Yahweh

god the lorry run me over and switched off that i died without anything else so violent that his soul existed in less than a second instead of after 3 seconds no long ago was calculated at all but his body sent a long ago message to send.ya saying god i died my name is jack o sullivan who was killed by and paused and said we don't have his name that means you must stay here at the reception in hell then when we have reviewed your case then we will call you okay to discuss your case mansion maerte said i killed him because he wasted my time he should have said i have no money i don't want sex so let's just go and drop me but instead he jumped off and run away sop what can we do in cases like this can he identify me to the police or ask why this is happening often that your lorry has started stopping everywhere and you giving everyone lifts are you gay then let's see who is at the back probably that way that he said if i work for these then they can start spying on me if someone is to complain just to be on the safe side i must kill him myself it's me at risk of being caught imagine behind bars he quickly picked him up using a blanket he use to hold cement and said i bury you according to jesus christian then dug a hole in the ground shallow laughing saying that the truck nearly flattened you you look like a doll now then quickly threw in the body and said i can but if you can then closed the pit and said god he comes to you for you to look out for your shepherd mansion and made a cross and said i don't even know your name he was about to dig him up to check his id before a police car passed by he froze and lowered his trousers and hid in case they come near pc astopm moerst what can someone park in the roadside and go where the other officer remained silent and drove off jack po sullivan is buried at junction 33 at a point near a huge bin like structure written asterop if you win win win then consider throwing everything out and buy all new but then drop your old stuff with us we sell everything from bikes to cars the big bin 80 centimeters from a side road near a corner with bird markings like which is omanop shaving fluid that don't dry up and disappear but that sticks to the ground forever as advice from pc

aseropets who said mansoon why can't you use something that does not fade off and they laughed after searching his lorry for people after a tipoff that he stops and asks passengers if they want a lift

jack o sullivan's electromagnetic wave is

08978907898763878628416890283789026789085

police officer whispering at him is pc astorn manoter who work for scotland yard in bristol

i am pc astorn manoter i heard on the radio that a kid is drunk and is walking on the side of the road but it is not a motorway so there is nothing i can do but advise him what to do then i

asking marosson maerte

what about the coordinates the coordinates are 28. 242385 and 27.2864378

"but these are just to cover the true coordinates which are 33.2848589

and 39.678980 as advised so that who ever say 27 will start thinking about food and who ever say 33 will forget all what he say 39 will wonder where his food is. i buried him according to christian practises of hiding the real body in a cave and just making a grave and filling it with blankets the actual body is at the top of the grave in a cave in hearle near bristol coordinates 89.2867892 and 82.78684381 as advised by pc anteorp who said if i can then you can i am pc anteorp i want this boy to go to heaen but things are not the way they are with him look how he lives and he owns a house at number 37 hearle where he rents the property out to a woman called catherine and alan sullivan for some reason he changed his name jack o'sullivan to just sullivan jack to match theirs but the house is in a name that is not the same as his so how do we solve the capital gains case i work for the bristol scotland yard who are waiting to collect capital gains tax on his property.

THE KILLER, THE CONFESSIONS AND THE COORDINATES

mansion maerte said i killed him because he wasted my time he should have said i have no money i don't want sex so let's just go and drop me but instead he jumped off and run away sop what can we do in cases like this can he identify me to the police or ask why this is happening often that your lorry has started stopping everywhere and you giving everyone lifts are you gay then let's see who is at the back probably that way that he said if i work for these then they can start spying on me if someone is to complain just to be on the safe side i must kill him myself
