Arrive in Jaipur, India's fabled "Pink City," where you are greeted with a traditional maharajah's welcome. This evening, enjoy a village-themed dinner. The next day, drive to Ranthambore National Park, where you and your expert trackers search for the greatest of all the great cats: the Bengal tiger. Spanning about 250 square miles, the forests of Ranthambore were once the private hunting grounds of the maharajahs of Jaipur, and their desire to preserve the game of these forests is partially responsible for making Ranthambore the finest habitat in the world for seeing wild tigers. Explore on morning and afternoon jungle drives, watching for these magnificent predators as well as the numerous other species that call the park home, including wild boars, deer, antelopes and sloth bears. Mughal ruins, palaces and tombs also dot the tree-clad hills. Pause for refreshments on the beach, or, if you wish, take a dip in the crystal-clear waters before lunch. Spend the next day either swimming with sea turtles or relaxing at your resort before sipping cocktails as the sun sets over the water. Gather for a talk conducted by one of Madagascar's leading experts in lemur conservation. Enjoy a festive dinner featuring an unforgettable seafood selection accompanied by local dancers and musicians. The following day, return to Nosy Be's airport and rejoin your private jet for the next stage of your wildlife adventure.

This is one of the world's truly memorable experiences — a look into these magnificent creatures' eyes brings home the bond that exists between them and us. It also underscores the poignant fact that they are on the edge of extinction, and that your presence here contributes to their continued survival. Learn the ins and outs of gorilla conservation during a talk with a Gorilla Doctor. The following morning, choose a Design Your Day option: This afternoon, pay a visit to the research center established by anthropologist Dian Fossey in 1967 and attend a talk by a conservation expert.
