### Fraud is Abundant

I'm sure, by this point, you have heard of the fraud that has taken place in Minnesota. While this has been going on for years, it has been brought to the forefront anew because of independent journalist Nick Shirley. He discovered **BILLIONS** of dollars in fraud in one community, in one state. And he has inspired other independent journalists to go digging. Realistically, this is not isolated to one community in one state.

After Nick's video went viral, an independent journalist in Philadelphia called "SurgePhilly" found a daycare that has received 23 million in funds but appeared to operate out of an abandoned building with no kids in sight. Put aside for a minute that no mainstream media outlet is now, nor ever has been, interested in discovering this massive fraud (in fact they are now attacking the very journalist that exposed it). The bigger question is, how deep does

it go? How much of our tax dollars are being funneled to "programs" that are actually just lining other people's pockets and ignoring the people they purport to assist? Taxes to support law enforcement, road repair, legit assistance programs? All for it. Taxes funneled for fraud? I want my money back.

# Meet Stacy Garrity

Josh Shapiro's first term is almost up. Here is the candidate to replace him.

## A Proven Record

Stacy Garrity will be a Governor more interested in raising hope, than raising our taxes. Her record speaks for itself.

- A fighter who saved taxpayers almost two hundred million dollars by eliminating fraud and inefficiency.
- A strong ally of President Trump, and like the President, supports protecting healthcare and welfare benefits for vulnerable Americans.
- A proven leader who has made ethics in her office and full transparency a top priority.

Now Stacy Garrity is running for Governor to continue her service to Pennsylvania as our Commonwealth's 49th Governor. She will apply the lessons she's learned and experiences she's encountered as a successful businesswoman, soldier, and public servant to make Pennsylvania the Keystone State to grow a business and raise a family.

Senate Republicans helped save taxpayer dollars for Pennsylvanians in 2025. The Senate caucus was instrumental in the repeal of RGGI and passed legislation that would prevent dead people from receiving welfare benefits. PA Senate Republicans will continue to be a watchdog for taxpayers in 2026.
