# \$9.6M Roundabout Proposed In Solebury

PennDOT is proposing to construct a roundabout to replace the existing signalized intersection at U.S. 202 (Lower York Road), Route 179 (West Bridge Street) and Kitchen Lane. The existing intersection will be realigned and reconfigured into a single lane roundabout, including a northbound bypass lane to Route 179.

The proposed work includes reconstructing and converting the existing signalized intersection into a modern roundabout, installing intersection lighting, and constructing sidewalks, multi-use trails, and ADA crossings.

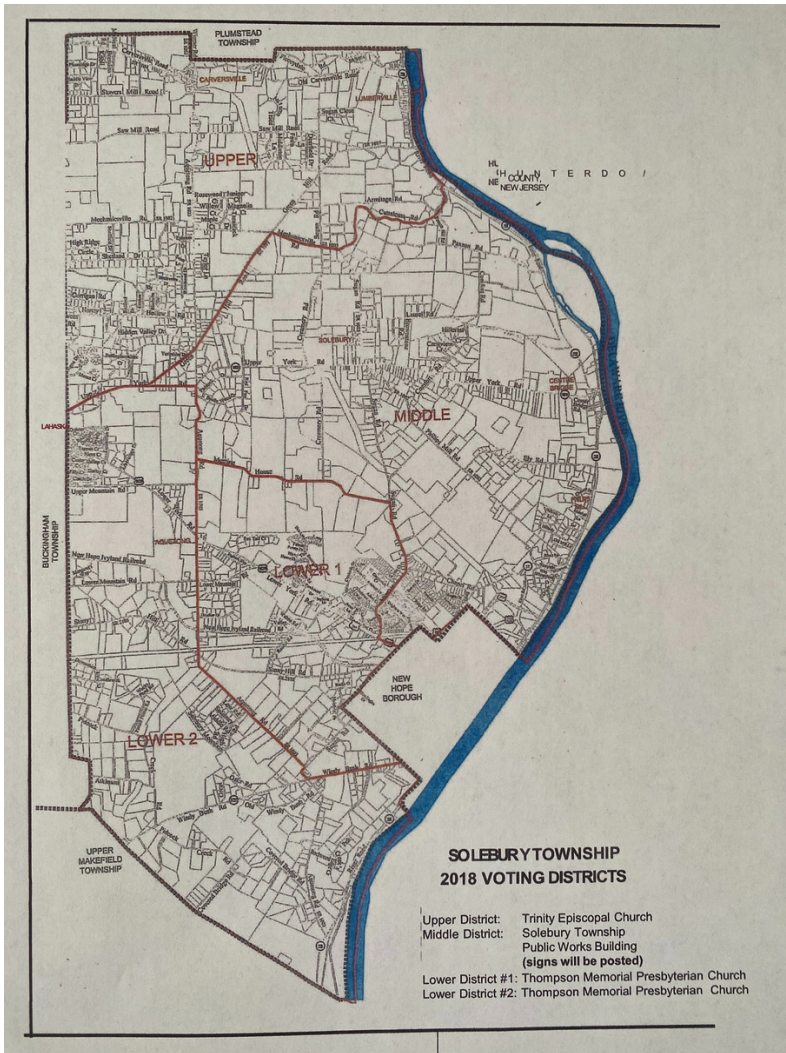

According to PennDOT, the proposed conversion of the intersection to a roundabout will increase safety, reduce the number of conflict points, lower the frequency and severity of crashes, and alleviate area congestion.

A public comment period will begin June 9 and continue through June 23 on the project. The community is encouraged to respond with questions and concerns.
