## Home Stretch

November may feel like a long way off, but we are actually in the home stretch of the election cycle.

Starting September 16th, Pennsylvania voters can start returning their mail-in ballots. The first debate between Trump and Harris is only six days prior to that and it will, fittingly, take place in Philadelphia.

Democrats have a history of “banking” votes, through mail-in voting prior to Election Day. While Republicans are more likely to make it to the polls on Election Day.

What the Republican Clubs in Bucks County are aiming for is to close the gap in the votes “banked” prior to November 5th.

Bucks County recently turned RED- more registered Republican voters than Democrat voters. But we need to make sure that ALL the registered Republicans VOTE in this election.

If you are someone that MAY not make it to the polls. If you know someone that MAY not make it to the polls. If you like to study the ballot prior to Election Day. If you have kids away at college (that will vote Republican): **REQUEST YOUR MAIL-IN BALLOT TODAY!!!**

**Deadline to Apply is OCT 29**

# AFP Blasts Casey DNC Speech: “Casey Takes the ‘Bidenflation’ Blame Game on the Road”

**Philadelphia, Pennsylvania**—Tonight, Senator Bob Casey Jr. (D-PA) used his time on the Democratic National Convention’s main stage to assail so-called “corporate greed” and blame American businesses for the inflation that’s triggered a cost-of-living crisis across the country. But he failed to address how Pennsylvanians—and Americans nationwide—are suffering because of the failed Biden-Harris economic policies for which he voted.

Americans for Prosperity-Pennsylvania (AFP-PA) State Director Emily Greene issued the following statement responding to the Senator’s speech:

“Tonight, Senator Casey took the “Bidenflation Blame Game” on the road, spewing more hot air in the Windy City, gaslighting voters who are genuinely hurting because Casey—and his allies Baldwin, Brown, Rosen, and Tester—rubber-stamped the progressive, debt-fueled Biden-Harris agenda.

“AFP’s [recent study](#) on inflation shows conclusively that it is unfunded government spending—not corporate greed or shrinking packages—that overheated the economy and made the American Dream unaffordable.

“Pennsylvanians are tired of the blame game. They want solutions to stabilize the economy and make life more affordable. What the Keystone State needs is honest leadership and sound fiscal and economic policy to get us back on track.” [Full Article [HERE](#)]
