Rafting on our Class I (no rapids) river creates the ultimate fun under the desert sun. Swim and water fight or just relax and soak in the scenery - our most family friendly activity has options to please everyone. A little paddling is required, but your guide will steer the boat and provide a fascinating lesson on Sonoran Desert geology, hydrology, flora, fauna and human history. The river is an indispensable oasis in the vast desert, attracting a multitude of birds and wildlife; on most trips, wild horses and bald eagles make an appearance! Take time to appreciate the surrounding mountain peaks, giant cacti and the river otters.
