

# DINKUM GROUP

*Making It Happen.*

## Capability Statement

At Dinkum Group we pride ourselves for making it happen.  
We are a progressive civil contracting earthmoving construction company with a diverse skill set.  
We focus on every detail and ensure to plan for perfection considering safety at every step.

### Our diverse skill set is not limited to just one area.

Excavations

Civil construction

Utilities infrastructure

Bringing projects to life is what our Dinkum teams aim to archive to the highest standard.  
Our team members have a diverse skill set and they effectively work as a team that ensures high standard workmanship and outcomes.  
From precision in detailed civil works and excavation to the efficiency of bulk excavation we make it happen with high standards.

Over the last 20+ years in the industry we have worked with an array of councils on their assets such as roads and parks, stormwater mains, concrete and asphalt, kerb and channel and many various other aspects.

Over this time we have completed sewer and stormwater main extensions as well as retention systems small and large for subdivisional works.

### Dinkum group have worked with and for the following companies;

Ventia, Service Stream, Nbn, City West Water, Coliban Water

### Subcontractor working with;

Tandem, Telstra, Winslow and array of tier one Builders.
