

DINKUM GROUP

Making It Happen.

Capability Statement

At Dinkum Group we pride ourselves for making it happen.

Our emergency make safe service is available 24/7 365_days a year offering immediate access to specialised trades and services.

Our approachable team of dedicated and experience staff will arrive in a timely manner to secure your home, office or workplace.

We assist in mitigating your loss with our trained team members using our specialised equipment to successfully accomplish the desired outcome and ensure safety for you and your family.

Our crews are experience with rural fencing and domestic fencing, to major infrastructure security fencing. We can provide not only the make safe but also a rapid response and repair to the highest standards at any time as we always have the required materials available to us.

Keeping livestock and the community safe following an incident is paramount and we supply and install temporary fencing for small to large fencing as well as pedestrian Safety barriers.

All our teams consist of members that carry specialised equipment and are trained in first aid and traffic and pedestrians management as Safety for our work mates and the community is of high importance so everyone can arrive home safe.

Flooding damage can be dealt with our wide range of water / sludge pumps and EPA registered vacuum trailer and truck

Our experience crews with over 35 years of experience are insured and accredited .

- Working at/ from heights with our portable scaffold
- Qualified Staff (Tickets)
