

## Job Title: P25 Installation Technician

**Department:** Technical Services / Field Operations

**Reports To:** Project Manager or Field Services Supervisor

**Location:** [Insert Location]

**Job Type:** Full-Time

---

### Position Summary:

We are seeking a skilled and detail-oriented **P25 Installation Technician** to join our team. This role is responsible for the installation and programming of Project 25 (P25) land mobile radio subscriber units and associated infrastructure. The technician will work closely with site management, system technicians, and customer teams to ensure successful deployment of mission-critical communications systems.

---

### Key Responsibilities:

- Install and configure P25 radio equipment including subscriber units, base stations, repeaters, and consoles.
  - Document installation procedures, test results, and system configurations.
  - Ensure compliance with safety standards, FCC regulations, and customer specifications.
  - Provide technical support and training to end-users and client personnel.
  - Collaborate with project managers and engineers to meet project timelines and deliverables.
  - Travel to customer sites for installations, upgrades, and maintenance (may include overnight stays).
- 

### Qualifications:

- **Education:** High school diploma or equivalent; technical certification or associate degree in electronics, telecommunications, or related field preferred.
- **Experience:** 2+ years of experience in radio communications, preferably with P25 systems (e.g. L3Harris, Motorola, Tait, Kenwood, ICOM).

- **Skills:** Ability to read schematics, wiring diagrams, and technical manuals. Proficient with test equipment such watt meters, and multimeters. Good problem-solving and communication skills.
  - **Certifications:** Valid driver's license and additional radio certifications preferred.
  - **Physical Requirements:** Ability to lift up to 50 lbs, work in adverse conditions, and perform fieldwork.
  - **Other Requirements:** Ability to pass background checks and drug screening.
- 

### **Preferred Skills:**

- Experience with radio installations in vehicles
  - Experience with land radio systems.
  - Familiarity with public safety communications environments.
  - Willingness to travel (up to 75%).
- 

### **Working Conditions:**

- Field-based role with exposure to outdoor environments and varying weather conditions.
  - May require lifting equipment up to 50 lbs. and working at heights.
  - Flexible schedule with occasional evenings and weekends depending on project needs.
- 

### **Benefits:**

- Health and dental insurance
  - 401(k) with company match
  - Paid time off
  - Opportunities for advancement
-
