AIR ON THE SAFE SIDE

Solutions for better indoor
air quality for your buildings

INDOOR AIR QUALITY (IAQ) WHAT DO WE DO

IAQ awareness

Guaranteeing good indoor air quality requires professional advice and calibrated equipment for reliable IAQ analysis.

Money's worth

Recent studies show that an annual investment in indoor air quality of \$40 per person results in a productivity increase of approximately \$ 6,500.

Increase in health and wellness

A good air circulation system will not only benefit workers' health and comfort, but it will also improve their cognitive performance and efficiency.

WHO WE ARE

Newtech N.V. is a technical company that specializes in providing effective solutions within the air conditioning and ventilation industry.

Call for your IAQ advice on 421350 ext. 111/115.
