

## DOCTOR ELIZABETH TALBOT

CLASS OF 1984

Dr. Elizabeth Talbot is a 1984 graduate of Point Pleasant High School and valedictorian of her graduating class. While a high school student, she participated in field hockey, tennis, band and was a member of the National Honor Society.

Dr. Talbot attended Mount Holyoke College in Massachusetts, graduating Magna cum Laude with a Bachelor of Arts degree in Biology in 1988. For a semester in 1986, she studied an exchange student at the Wildlife Biology School for Field Studies in Athi River, Kenya.

From 1988 through 1992, Dr. Talbot attended Robert Wood Johnson School, The University of Medicine and Dentistry of New Jersey. She served a clerkship at The London School of

Hygiene and Tropical Medicine in England. She followed this with a combined internship in Internal Medicine and Psychiatry at the University of Iowa Hospitals and Clinics at Iowa City, Iowa. Her Internal Medicine residency was performed at Duke University Medical Center in Durham, North Carolina. Dr. Talbot is a fellow in Infectious Diseases Laboratory of Mycobacterial Genetics at Duke University Medical Center. Her work has taken her all over the world writing and lecturing in Thailand, Ethiopia, the Phillipines, Dominican Republic and Brazil.

In addition, Dr. Talbot is on the Ethics Committee at Duke, is the Medical Director of the Durham Aids Housing Association and is a member of the Duke International Health Committee. She has also been a trainee of the Veterans Administration Ethics Committee.

Dr. Talbot has also found time to be active in her community as a member of the Thomas Newton Society, Amnesty International, the Durham Parks and Recreation Tennis League and the Carolina Canoc Club. She is an active member of the Blacknall Memorial Presbyterian Church.

Dr. Talbot has received numerous honors and awards including The Association of Women Psychiatrists Dickstein Award and the Janet M. Glasglow Memorial Achievement citation. She is a member of the American Society of Tropical Medicine and Hygiene, the American Society for Microbiology, the Infectious Disease Society of America and the Christian Medical and Dental Society.

Dr. Talbot currently resides in Durham, North Carolina.
