

# High School Volunteers of the Year Award 2024

## The Award:

The Right to Life of Michigan Educational Fund will award a \$200 award along with a certificate of achievement to three outstanding prolife high school students in Michigan.

## Purpose

This award encourages high school students of all grade levels to actively volunteer with local Right to Life of Michigan affiliates and participate in the state student and young adult program MiGen Leads.

## Eligibility:

Any Michigan student who is a high school freshman, sophomore, junior, or senior for the Fall, or Winter/Spring semesters of the 2023/2024 school year.

## Selection:

Selection criteria include the student's application and a list of his/her participation in prolife activities. Applications, involvement, and leadership will be judged by each Right to Life of Michigan affiliate, and then one student from each affiliate will be nominated to a state committee for consideration. Affiliates must send by mail, fax, or email the chosen application to the State Office along with a letter of recommendation by your affiliate for the selected student, and it must be postmarked no later than **Friday, August 2, 2024**. The winners will be selected by the state committee. An interview with the winning students will appear in the Right to Life of Michigan News and on our website, RTL.org.

## Requirements:

The application and list of involvement must be submitted to the local affiliate by the student. In addition to the short application, students must also submit a list of prolife activities and involvement (from August, 2023 to August, 2024), **which must all be activities and volunteer work with the RLM affiliate and/or state organization (MiGen Leads)**. The application will be judged on a variety of activities, demonstrated leadership, and self-motivation.
