

Newberg Canine
Rehabilitation Center, LLC

NEWBERG CANINE REHAB

Hydrotherapy uses buoyancy to give support and reduce stress on joints, providing a low impact & controlled exercise workout. Hydrotherapy is great for all dogs, ranging from surgical & non-surgical rehabilitation to older & arthritic dogs, and for general exercise and strength training.

Newberg Canine Rehab also provides Laser & Ultrasound Therapy, along with agility exercise & stretching training.

For more information, check us out at NewbergCanineRehab.com or give us a call 503-538-5000 or email : newbergcaninerehab@gmail.com
