Pastor Patty Garcia

My grandmother, Sister Eldora Clement, mother of Hosanna Church of God in Christ, her favorite verses that have resonated with me over the years, and especially now, are Hebrews 11:1 and Mark 9:23. As a physician for over 30 years, I have witnessed people struggle with both their physical and mental health. This pandemic has added an extra layer of stress that is challenging for all of us. My grandmother would frequently refer to Hebrews 11:1, "Now faith is the substance of things hoped for, the evidence of things unseen." Another verse she would recite is Mark 9:23. It says, "All things are possible to him who believes." When speaking to patients...

February is the month to celebrate LOVE!!! ♥♥♥

Walking around the community I live in, people that know me always ask the same questions regarding the holidays... and in this case it's, "are you, Pastor Patty, celebrating Valentine's Day here in Arizona, or are you going to California to celebrate with your family?" This time of year, going to the store, and it doesn't matter what store, whether a department store, grocery store, or drugstore, they are all full of **red balloons**, **heart shaped chocolates** and **celebratory gifts of love**. You will see occasional cards that abound with silly thoughts, to cards with very deep writings in them; and...

A JORNEY TO BECOMING A MORE SPIRITUAL BEING IN 2021!

What does being spiritual mean? Spiritual means an embodiment with God and the Universe. It's a connection. The definition of spirituality is that it: "involves the recognition of a feeling, or sense or belief that there is something greater than yourself, something more to being human than the sensory experience, and that the greater whole, of which we are part, is cosmic or divine in nature." Becoming spiritual... *cont. 2nd page*

... healthy manner, to not practice self-control, to not exercise, and to not care about your body, you are choosing to not honor God. We are to offer our body as a living sacrifice. Our bodies are given to us to do His work. A healthy body gives us the energy to do God's work. As Christians, taking care of our bodies is taking care of the place where the Holy Spirit dwells... Please, join me for this journey in faith, as it relates to our wellness, and well-being as Christ-Followers. There's no magic formula, and it's not about "counting calories for Jesus" (you know who came up with that line...). It's about making a choice, just like the choice you made to follow Christ!

...only means to tap within self, understanding who you are, and how to become that. Allowing you to connect on a deeper level with GOD; the most-high. Every journey that you live through will be a spiritual connection with humanity, struggles, happiness, sadness, growth, and successes. Embrace you, and your spirituality with GOD and allow him to open your heart in creating your change. Ase' 🙏❤️

... I have but one thought in my mind... 'Have we commercialized the word love to the degree of, not really knowing what LOVE IS? Or worse yet, have we commercialized it so much, that now we only celebrate love once a year?' So now, the Big Question Is... what is Love? Is it a pathway? Is it an ingredient? Is it a decision made? Is it a Key? Is it a sentiment? Is it an emotion? Can it be all of these and more? Is there a formula to know how to love, how to use it or apply it, or walk in it? Is there a way to use it as an ingredient to be transformed or help others to be transformed? Or as a key to open God's door and get to know Him? So let's explore this on:
