General Information

NFIA-Kashmiris In Georgia (KIG) scholarships are awarded to deserving and meritorious college/university/technical bound students or those who are currently enrolled.

The program directly reimburses \$1,000 of eligible tuition and eligible fees to an accredited college/university or technical school. This program is applied after grants and scholarship from all other sources are calculated and applied to tuition and fees; however, room, board and books are not reimbursable.

To qualify, the youth applicant must satisfy certain criteria and complete an application process. False, misleading or inaccurate information provided by applicant can render the applicant ineligible.

NFIA-KIG Scholarship Program Committee reserves the right to terminate any scholarship for any reason, whether or not for cause. If the scholarship is terminated for any reason, including without limitation, the recipient shall not be entitled to any payments, benefits, damages, awards or compensation. NFIA also reserves the right to disqualify, penalize and seek damages from any fraudulent or misrepresentation of facts.
