#### **Foreword**

The main design element for the PPG Fiber Cement Mounting block was to accommodate the need for a complete fiber cement home exterior package.

The PPG Fiber Cement Mounting blocks creation, was based on the size and cost of the currently utilized wood or vinyl mounting blocks in the market today. This is for ease of conversions, for maintaining Industry standards, and for providing a superior product that will hold up over longer periods of time.

This manual should provide all the necessary information required to completely understand the PPG products use in the different construction sectors (i.e. Multi-Family, Remodeling, and New Construction.)

All products can be used in all three styles of residential builds but only a few N/C Blocks will work with the Quickflash weather proofing panels.

**N/C** is referenced in this manual as a New construction Product or the classification of the i/d of 3-7/8" in the light blocks section.

**R&R** is referenced as a remodeling product or the classification of the i/d of 3-5/8" in the light blocks section.

Multi-family is referenced to apartment or condo style builds.

All PPG Block products are available in a smooth or a rustic grain option and are sold in quantities of 10 blocks to a case.

#### warranty

# PPG INC. FIBER CEMENT MOUNTING BLOCK 15 YEAR LIMITED WARRANTY

**EFFECTIVE JANUARY 1, 2016** 

Limited Warranty, Portland Products Group warranties for a period of fifteen years (15) (The limited warranty period) from the date of purchase of all PPG INC. mounting blocks

(Must Be Installed Per Manufacturer Specifications)

\* To see all of the warranty details go to the PPG web site: www.PortlandProductsGroup.com

#### Installation

Recommended to coat all edges with the PPG Fiber Cement Primer before installing the PPG Fiber Cement Mounting Block.

All blocks get installed on top of the house wrap with the penetration points cut out of the wrap and nailed in all 4 corners with a 16 gauge 2" pin nail.

Head Flashing is required to be installed on top of the block with the 4" high back tucked under the house wrap.

Once the siding is installed around the block with a 1/8" gap left on the bottom and both sides of the block, a 3/8" bead of caulking is required for proper sealant installation.

Attach the fixture with a foam or rubber sealing gasket.

## **Custom Block Services**

PPG offers custom block services. It only makes sense to have PPG produce the quality custom blocks you require to save time, money, and labor. From large multi–family jobs to single residential builds, we've got you covered.

**Costs 33% less than on site production**. (Study was performed by PPG—Based on labor, materials, materials waste disposal, safety equipment, tools, and cutting accessories.)

Backed by a 15 year PPG manufacture limited warranty.

Produced with zero hazardous exposure.

Environmentally safe products.

Expedited lead times of 1-2 weeks on all custom orders.

Proudly Made in the USA.

#### **Non-Block Products**

#### **PPG Fiber Cement Primer**

Size; 16 ounce spray paint can

**Use;** Recommended to coat all cuts of any fiber cement product produced on a job site.

Recommended to coat all edges of the PPG fiber cement mounting Block before install.

Can be used as a primer on metal, wood, and all fiber cement products.

For use in any application of construction.

## **PPG Pre-cut Head Flashing**

**Size;** 3 sizes that were designed to fit the 5.5", 7.25", and the 9.25" PPG Blocks. All flashings have a 4" high back and a hemmed drip edge.

**Use;** The Head flashing is required For water penetration protection on all blocks.

Pre cut head flashing saves time for the installers while providing uniformed consistency with rounded edges for safety.

## **PPG Fiber Cement Inside Corners**

**Size:** Roughly 1.5" x 1.5" x 144"

**Use:** This is used to provide a sealing point at the intersection of two walls when installing siding.

Inside corners are available in primed smooth fiber cement only.

#### **Prepackaged Blocks with out Flashing**

Portland Products Group Inc. has produced a prepackaged option of our top selling blocks.

All prepackaged blocks, come with a descriptive backer attached for ease of product understanding in a retail environment.

The installation instructions are provided with all blocks on the back side of the backers.

All prepackaged products are sold in a white perforated cardboard box for shelf display.

All cases of prepackaged products are sold in quantities of 10 -heat shrunk wrapped blocks.

All prepackaged blocks have a upc for cases as well as for individual products.

#### **Prepackaged Blocks with Pre-cut Head Flashing**

PPG Inc. has an additional option of our prepackaged blocks that includes the PPG pre-cut head flashing.

The flashing is heat shrunk wrapped with the block product along with a descriptive backer that has the installation instructions on the back for all pieces included.

All prepackaged blocks with flashing are sold in quantities of 10 per case.

\* Works with the QuickFlash Weather Proofing Products

#### Available Products with Flashing;

\*Small Light Block, \*Medium Light Block, \* Large Light Block, Split-Mount Block,

\*Receptacle Block, Vent Block, and the Bib Block #1.

PPG Fiber Cement Light blocks were created with two particular styles in mind.

*First,* we created an <u>i/d of 3-5/8 (R&R)</u> to allow for a great edge seal of the mainly used 4" light fixture. This block is mostly used in remodels.

**Second**, is an i/d of 3-7/8 (N/C) to accommodate the QuickFlash Weather proofing panels used in new QUICKFLASH construction applications.

## Three main light block sizes

Size; Small- 7.25" x 7.25", Medium- 7.25" x 9.25", Large-7.25" x 11.25"

Use; Attaching light fixtures in Remodeling, Multi-family, and **New Construction** 

## Offset light block

**Size:** o/d 7.25" x 11.25" i/d 3-5/8", 3-7/8"

Use: Designed to be used with tall, sconce style light fixtures.

For new construction, multi-family and remodels.

## **Large Square light block**

*Size;* o/d 11.25" x 11.25" i/d 4"i/d

**Use;** This is used for large commercial style light fixtures, typically it is used with light fixtures containing a ballast.

For new construction, multi-family and remodels.

# **Receptacle Blocks**

#### **R&R Receptacle Block**

**Size;** o/d 5.50" x 7.50" i/d 2-5/16" x 4"

Use; Fits with most single gang electrical boxes

For New Construction, Multi-Family builds and Residential Remodeling.

## **Large Receptacle Block**

**Size;** o/d 7.25" x 7.25" i/d 2-5/16" x 4"

**Use;** Fits with most single gang electrical boxes, made with a larger mounting surface for larger covers.

For New Construction, Multi-Family builds and Residential Remodeling.

## N/C Receptacle Block

**Size;** o/d 5.50" x 7.50" i/d 2-5/8" x 4"

Use; Designed to be used with the Quickflash Receptacle panel.

Mainly for New Construction and Multi-Family builds.

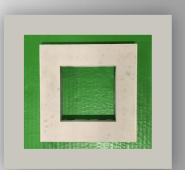

## **Small Double Receptacle Block**

**Size;** o/d 7.25" x 7.25" i/d 4-1/8" x 4-1/8"

*Use;* This is used with double gang electrical boxes or square light mounting boxes. This block provides a smaller foot print option when space is limited.

Used in New Construction, Multi-Family builds and Residential Remodeling.

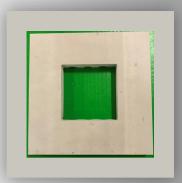

## **Large Double Receptacle Block**

**Size;** o/d 9.25" x 9.25" i/d 4-1/8" x 4-1/8"

**Use;** This is used with double gang electrical boxes or square light mounting boxes. This larger block is used when a larger mounting surface is required.

Used in New Construction, Multi-Family builds and Residential Remodeling.

# **Pipe Blocks**

## **Gas line Split mount**

**Size:** o/d 5.5" x 7.50" i/d 2.0" Comes with a 45° weather cut.

Use: Natural Gas lines or pipes with a maximum o/d of 2"

Mainly for remodeling with existing Pipes.

## **R&R Split mount**

**Size:** o/d 5.5" x 7.50" i/d 1.50" Comes with a 45° weather cut.

*Use:* Sillcock hose bib or with pipes that can not be removed and have a

max o/d of up to 1.5"

Used in remodeling with existing pipes.

#### **Bib Blocks**

**Size:** o/d 5.5" x 5.5" i/d 1", 1.25", 1.5", 2"

**Use:** Bib block #1 and #2 are for Sillcock hose bibs or pipes with a max o/d of up to 1.5" Bib block #3 is for Pex plumbing and Bib block #4 is for Natural Gas Lines.

Bib Blocks are mainly used in New Construction or Multi-Family Construction Builds.

## **Pipe Blocks**

**Size:** o/d 7.25" x & 7.25" i/d 2", 2.50", or 3"

Use: With any pipe that penetrates the exterior of a wall with a max O/D of up

to 3"

For New Construction, Multi-Family builds and Residential Remodeling.

### **Double Pipe Blocks**

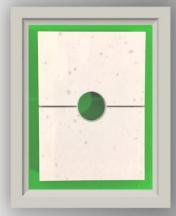

**Size:** o/d 5.5" x 9.25", 5.5" x 11.5", 5.5" x 17.25"

3 spacing sizes 1.5", 4", and 12" with an i/d of 2) 2.5" penetrations.

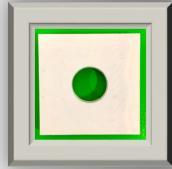

Use: Natural Gas Furnace Fresh Air Intake and Exhaust Pipes.

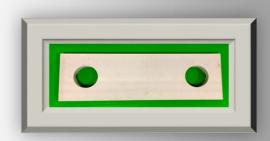

For New Construction, Multi-Family builds and Residential Remodeling.

#### **Vent Blocks**

#### R & R Vent Block

*Size;* o/d 7.25" x 9.25"

i/d 4.25"

**Use;** To be used with most 4" vent pipes with hood.

For New Construction, Multi-Family builds and Residential Remodeling.

## **N/C Large Vent Block**

**Size;** o/d 9.25" x 11.25"

i/d 6.25"

**Use;** To be used with most 6" vent pipes with hood.

For New Construction, Multi-Family builds and Residential Remodeling.

## **House Vent W/Screen**

*Size;* o/d 9.25" x 16.0"

3) 48.5 degree slots 1"x 12"

**Use;** used as wall vents, gable vents, or pony wall foundation vents.

For New Construction, Multi-Family builds and Residential Remodeling.

## **Small Gable Vent W/Screen**

**Size;** o/d 11.25" x 11.25" 4) 48.5 degree slots

**Use;** Mainly used as a gable vent, this can also be used anywhere a vent is required.

For New Construction, Multi-Family builds and Residential Remodeling.

#### **Large Gable Vent W/Screen**

*Size;* o/d 11.25" x 16.0"

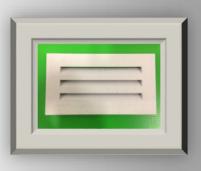

6) 48.5 degree slots

**Use;** Mainly used as a gable vent, for venting the attic space.

For New Construction, Multi-Family builds and Residential Remodeling.

#### **Miscellaneous Blocks**

#### A/C line set block

Size; o/d 9.25" x 13.50" custom fit

**Use;** Designed to be used with the Quickflash A/C line set panel for copper compressor lines.

For new construction, multi-family and remodels.

#### **A/C Disconnect Block**

**Size;** o/d 7.25" x 11.50" i/d 1.75"

**Use;** Designed to be used with an electrical disconnect panel with a conduit and larger wires.

For new construction, multi-family and remodels.

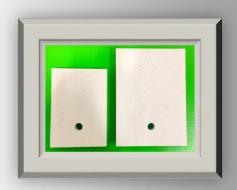

## **Communication Blocks**

**Size;** o/d Small- 5.5" x 8" Large 7.25" x 10.25" both sizes have an i/d 0.75"

**Use;** For security camera mounts, irrigation panels, and communication boxes. Small wires

New Construction, Multi-Family and Remodels.

## **Foundation Block w/Screen**

**Size;** o/d 9.25" x 16.0" i/d 2) 5.75" x 5.75"

**Use**; foundation venting.

For New Construction, Multi-Family builds and Residential Remodeling.

#### **Colored Block Product Id. #s and SKUs**

The list below is for a quick reference sheet when ordering any of the 4 main Blocks in 10 different colors; The R&R Receptacle Block, 3-5/8" Medium Light Block, 4.25" Vent Block, and the R&R Split-Mount Block. All blocks can be produced in a smooth or rustic grain option.

10 blocks to a case.

For any other non-listed color plus blocks send as a custom order.

Up to 2 week lead times on custom color block orders.
