Mr. Alistair Coe

ACT Government Leader of the Opposition
GPO Box 1020
Canberra ACT 2601

Dear Mr. Coe,

ACT NSW Border Development – Landowner meeting 24 February 2019

Would you please ask the ACT Chief Minister if he will send an appropriate person to the Landowner meeting outlined in the attached letter to the Chief Minister?

So far, we have not received a reply to the letter.

We are concerned that the ACT Government is publicly showing an unwillingness to engage with community over issues across the border that are likely to have a major impact on the lives of those landowners who live in NSW close to the NSW ACT border as well as the Canberra community.

With land prices soaring in the ACT to unaffordable levels it makes no sense for the ACT Government to deprive the people of Canberra an opportunity to live in a less crowded nearby rural residential environment.

While the land in question is in NSW, it is clear from NSW Government and Council documents that the ACT Government's interest is being put before those of the local community across the border as well as the best interest of the people of Canberra.

Your assistance in this matter will be greatly appreciated and noted on our website.

Yours sincerely,

William Ginn
