THE FINAL GOODBYE

ARTIST: TRINITY TIME TRAVELS

ABOUT THE ALBUM

The Final Goodbye is an emotionally driven independent album exploring the difficult journey of letting go after love, betrayal, heartbreak, self-reflection, and healing. Rather than focusing on revenge, the project documents the emotional stages that follow the end of a relationship—from denial and longing to acceptance and personal freedom.

Built through the creative possibilities of music production, the album combines modern pop, indie influences, and cinematic storytelling into a cohesive listening experience that feels deeply personal while remaining universally relatable.
