

LEGEND AND BANDOLERO RULES

Updated 8/3/2023

The following rules will be in addition to the INEX Sanctioned rulebook for Legend and Bandolero classes:

1. No communication devices from crews to drivers, (Ex One or Two-Way Radios) will NOT be permitted in any competitive event. One way communication from officials only.
2. Both Legend and Bandolero classes will be required to use 93 octane fuel to be purchased at the speedway ONLY. No other fuel, or fuel purchased elsewhere, will be acceptable at any event for these cars or divisions.
3. Beginner Bandoleros will not compete with INEX Bandoleros unless moving up to the division. Once a Beginner Bandolero starts one points race (Heat or Feature), the driver cannot move back to Beginner Bandoleros, and is considered an INEX Bandolero requiring an INEX license.
