

## Activation: Spiritual SIGHT - Eyes Closed

Introduction: God shows us many things on our dark screen as we close our “natural” eyes while awake, to open our “spiritual” eyes/sight. For me, this began several years ago, with a swirling white light. It was peaceful and fascinating to watch. As the Lord developed my spiritual sight, I began to see many different types of things, which brought great joy. This process with the Lord becomes an intimate type of communication, as we experience colorful flash visions, see numbers, hearts, silver/gold glitter, colors, words, objects of all types. We may even see the face of Jesus or other people the Lord shows us, for a specific purpose. It is a beautiful gift day after day, as we become more aware and seek God to confirm what He is showing us and discern what He would like we do with the information we have received.

This activation can be done while soaking during the day, or done just before heading to bed for the night.

~~~First, get comfortable and relax in a place with no distractions. This place may be different during the day than at bedtime, or it may be your bedroom no matter what time of day. Wherever you choose, God will meet you there.

~~~Second, say this prayer of activation or a prayer in your own words:

God, thank You for Your presence with me now, to activate my spiritual sight. Help me to let go, and allow You to do all You have planned in these moments. Keep me in Your perfect peace and increase my patience to receive what You have for me in Your perfect timing. Thank You for knowing how I best learn and for increasing our communication, so that I not only hear You, but I SEE what You want me to SEE, in order to bring glory to You and benefit Your Kingdom. I place myself in Your hands only, in complete trust, and ask that my spiritual eyes be opened to receive all You have for me to see today, and in all the days to come. In Jesus’ name.....AMEN.

~~~Third, rest and soak in God’s presence with eyes closed. If you are doing this activation during the day and happen to fall asleep, that’s fine. God may show you something while sleeping, and also, as you are waking. If you choose to do this before bed, it is likely you will be led right into sleep. If you wake during the night, be aware of what you see on your screen with eyes closed. God will open your eyes in a way that is uniquely yours. Please remember to seek the Lord right away, in the moment, when you notice something. Do not hesitate to ask Him what He is showing you and what it means. He is faithful to reveal. Seeing something is the beginning of a conversation with God. He wants to engage you in conversation. He loves it when we ask questions, and He makes it SO much fun. Trust Him.

~~~Fourth, if you feel led to come back and share anything here to encourage others who are doing this activation, please do. Sharing our experiences, helps to confirm for others, who have experienced something similar to what you have experienced. It helps build our faith as we become hungry for more of God. Our administrators are here, if you have questions as you do this activation. We are here for you, so please don’t hesitate to ask us anything. We may not have an “answer”, but we can seek the One who DOES, and help you discern.

<3 Thank You, God, for this simple exercise to open our spiritual eyes. You are so faithful and we are eager to receive all You have for us, to help us communicate effectively with You in the days ahead. Bless all who seek You for increase in spiritual gifts. I pray for increased faith and a deeper trust in You, as we draw closer to receive all the good things You have planned for us. We love You Jesus and we thank You for loving us, in Your powerful name.....AMEN! <3

Have fun with God as He opens your eyes in a brand new way!
