

Brookhaven Swim Club Membership Instructions

The Brookhaven Swim Club is a private family swim club. To join the club, you must be sponsored by three bondholders of the club. Those bondholders must sign your application (for their privacy, we will not provide a list of bond members to potential new members). Our by-laws require that **all** members of the nuclear family must join the swim club on the family membership.

- The nuclear family consists of up to 2 spouses and all children under the age of 18.
- If there are additional adult family members living in the household (children over the age of 18, grandparents, etc.), they may join the club on the family membership as associate members.
- Children who are under the age of 2 (as of May 1, 2023) are free for the summer.

Childcare Membership are also available:

- A family may add a babysitter membership for a childcare provider. The childcare provider may use the facilities only when they are babysitting for the family.
- A family may also add a babysitter membership for childcare recipients (children for whom they care) to their family membership. Again, childcare recipients may only use the facilities when they are accompanied by the family.

If you have other questions regarding membership, please contact us at BrookhavenSwimClub@gmail.com
