We invite you to see what your child is
learning, and the way they are spending
their day with us. We welcome suggestions
at all times and value your ideas. Parents
with special talents, skills, or careers are
invited to come and play for special
presentations with all of the children.

DISCIPLINE POLICY

Children need to feel good about themselves; our
goal is to develop self-control, respect for
others, responsibility, and to teach about safety.
We try to be good role models. In the handling
of unacceptable behavior, the behavior will be
explained to the child and why it is unacceptable.
The child will then be redirected to a more
constructive situation. Redirection is a positive
manner first and if the behavior persists they will
have a few moments out of the activity. If behavior
becomes harmful to another child or property
we will request a parent/teacher conference to
work together in solving any situation. However,
we reserve the right to discontinue enrollment.
Physical punishment is NOT permitted at
All staff members are trained to handle discipline
