

Harper Creek Optimist Club

Grant Application 2021-2022

Information & Guidelines:

Grants from the Harper Creek Optimist Club are for individuals and organizations within the community and financially help serve the needs of the applicants with an emphasis on youth. Grants will be voted upon monthly by the Club Board of Directors and if approved the monetary value may or may not be the complete amount of the request. The typical approved amount is generally more for a group versus an individual. An individual or organization may submit more than one application.

After completion of this form: please submit to a Harper Creek Optimist Club member, email to harpercreekooptimistclub@gmail.com. or fax to 269-979-1562. You may also contact our club by one of the three noted means and state that you would like to present your application directly to our club by attending a weekly general meeting or a monthly board meeting where members of our club could ask questions and obtain a complete understanding of your request. If the board votes to approve your grant, you will be contacted and funds will be issued. Upon completion of the request, our club would greatly appreciate a brief presentation from the recipient summarizing their experience.

Date of Application: _____

Requesting Individual or Organization: _____

Contact Person: _____
