Cludad

Single use program up to \$7500.00. Single use program for a one-time chemical application per year.

Multiple application program up to \$7,500.00 Paid by monthly billing.

Each contract type will pay \$50.00 per Acre/ \$50.00 per hour per application minimum 250.00 that includes Herbicide. Using ground spraying, (ATV or hand spraying).

Fixed wing/Crop dusting \$500.00 from 1 to 42 acres. \$12.00 for each additional acre. All spraying to be applied at a single appointment.

Drone, Applications TBA

The district (East Torrance SWCD) will work with the producer/land owner to identify Weed type and acreage necessary to complete the spraying project.

The Producer/landowner will contract separately to a New Mexico licensed chemical application operator. The Licensed operator will complete the project billing to the producer for payment. The producer/landowner will present the paid bill from the licensed operator for payment from the district.

Noxious weeds:

Russian knapweed
Scotch thistle
Hoary cress

Problem weeds:

Cocklebur
Locoweed
Puncturevine (goat head)
Field bindweed
Dodder
Foxtail.

East Torrance SWCD will Pay 85% of Receipts turned into the ETSWCD. All Applications must be approved and contracted by ETSWCD prior to application.
