

Cigar Box Guitar Installment at the Mary G. Hardin Center for Cultural Arts

On April 6th, 2024, this museum and cultural facility in Gadsden, Alabama opened an exhibit of cigar box guitars with a presentation of their history.

Two guitars from Smokehouse Jones guitars are included in the display, alongside dozens of other skilled builders' creations.

The facility holds three galleries and hosts an array of cultural and art activities.

This gallery collection is sponsored by MGB Guitars and Michael Breedlove of Odessa, Florida, along with the help of many guitar builders and musicians.

The facility is located at:
623 Broad Street
Gadsden, AL 35901
(888)565-0411

I'll make a pilgrimage to Gadsden in May to see the collection and tour the rest of this amazing cultural center!

- Steve
